OUR PERSONAL WAR

The aggressive spirit, native to Canadians, will be reflected in the results of the Third Victory Loan. We like to "get things done." So we press for land action in Europe, even as we realize that such action will take a toll of the lives of some of the boys we love - our sons, our brothers, and our husbands.

Out of that same spirit we will provide the money needed to see these boys through to Berlin and Berchtesgaden. If we cannot go with them personally through the hell of explosives, we shall see to it that they take with them all the material they need to extinguish that hell as they drive into the heart of Germany.

If, in order to buy bonds, some of us must choose between comfort and no comfort, between entertainment

that costs money and entertainment that doesn't, between lots to eat and not so much to eat, between new clothes and the old ones, Canadians will choose to do what is necessary to buy bonds that bolster the boys.

Here are a couple of truths thrown out by Elmer Davis, Chief of the United States Information Board, in his address which opened the Victory Loan campaign at the Windsor Hotel in Montreal on Monday. "Any sacrifice would be a million times cheaper to win this war than to lose it," and "Victory Bonds are the best weapons we who are not on the firing line are able to use."

The belief is widespread that money invested in bonds now is tied up until 1956. This is not so. It is true 1956 is the date of maturity. But a victory bond is just as negotiable as a fifty dollar bill, and in case of emergency, victory bonds are readily saleable, and the holders can realize their investment in full when ever they need to turn them into cash. Because bonds are of this nature, it becomes more evident that we should invest every last cent we have to help fight the war.

Buying a Victory Bond can hardly be regarded as a sacrifice, when one continues to go on eating three good meals a day, with plenty of variety and continues to sleep peacefully at night. Even though we have to go without something we may want pretty badly right now, and may have wanted for a long time, a postponement until after the war is over will not be missed. Here is an opportunity to meet the need of the boys coming back from overseas. If your demand for \$100,000 for the Jarvis district. Sure then. That is what investment in the Victory Loan means.

Official figures for sales in the Victory Loan up to Tuesday night, were encouraging for nearly 20 per cent. of the loan subscribed. At such an early date, however, this need not necessarily indicate the trend the loan may take over the three week period. The personnel at No. 6, F.T.S., at Dunnville, have taken out four times as many bonds in the first two days of this loan as they did in the entire canvassing period in the loan so far. Below is the progress of the loan in the various districts as at Tuesday night:

District	Sales	Objective	%
DUNNVILLE	\$100,000	\$200,000	50
HAGERSVILLE	30,000	150,000	20

Church Notes

AT THE UNITED CHURCH

Wesley United Church, Jarvis, at its Eighty-fourth Anniversary Celebration on Sunday next, October 25, will welcome as its guest preacher, Rev. Earl W. Brearley, M.A. of Simcoe, Ex-President of the Hamilton Conference.

Mr. Brearley will conduct public worship and preach at 11 o'clock and at 7.30. His morning sermon subject will be "The Church: Past and Future," while at the evening service "Ability to take it" will be his theme.

At the morning service Mrs. C. W. Ford, will be the soloist; her selections are "In My Father's House Are Many Mansions" (MacDermid) and "Green Pastures" (Saulster). Under the direction of Miss Meta MacMurchy, the choir will sing the anthem "All the Earth Shall Worship Thee" (Carrie Adams).

At the evening service the music will include Mendelssohn's "Lift Thine Eyes" sung as a sextette by Mrs. Laird Miller and Miss Helen Eadie (soprano) Mesdames C. Butts and Mrs. MacMurchy.

A Victory Bond Now, will do them THEN. Speaking to a canvasser in the last Victory Loan in the first Great War the interesting information was revealed that in four days the people of Jarvis alone invested more than \$100,000.00. Imagine! In this loan twenty-five years later we are only asked to invest \$50,000. Less than half the amount raised then. Here is an opportunity to meet the need of the boys coming back from overseas. If your demand for \$100,000 for the Jarvis district. Sure then. That is what investment in the Victory Loan means.

Sgt. Harry Gowan Sends Greetings

Dear Laird: I certainly was glad to get your first copy of the Record yesterday. I was afraid I wasn't going to get it but now that this copy has arrived I suppose it will come regularly. Thanks so much for it as I really missed it.

Stan Burditt has been good enough to send his copy of the Record to me. I got it yesterday. It is like a letter from home only that it is a lot of news items in it that we people seem to forget about when we write. By coming to the Record we get a fairly complete picture of what is going on back home. I am sure that you don't decide to discontinue the sending of newspapers overseas.

I got results from your "Write a Letter Club" before I got the Record. A local well-wisher wrote me a nice letter which I received about a week ago. I think it is a very good idea. It is surprising how much more the "personal" column means when you get away from home. It is just three times as interesting as it was back home as it is to me anyway and I've only been away six months.

Keep up the good work, Laird. Perhaps we can't help support it but at least we can try help make its continuation possible. Sincerely, H. GOWAN. P.S.—Best wishes to all for a Merry Christmas and a prosperous and peaceful New Year.

OUR LETTER BOX

Dear Sirs: Just letting you know I received more cigarettes with thanks. There is a regular church attendance. I appreciate now, so they are much appreciated. Thanks again. R. W. PHILLIPS

SANUSK W. MEET

The October meeting and the White Elephant Sale of the Sandusky Women's Institute was held at the home of Mrs. Chas. Columbus. Mrs. Ions opened the meeting in the usual manner. Mrs. R. H. Mulkins presided. The meeting was a success. The ladies enjoyed the social and the refreshments. The White Elephant Sale was a success. The ladies enjoyed the social and the refreshments. ON THE FARM FRONT

(continued from page one) heifers and see that they develop into large useful animals. The War Department is now making plans for a liberal ration will mature earlier and will make larger cows. The adoption of modern mechanical conveniences wherever possible. The thank offering received by Miss Alice Dennis amounted to twenty dollars, but is yet incomplete.

Heifers fed scanty rations and bred too early are usually stunted and smaller in the bone than those that are bred until more mature. Haldimand dairymen would do well to watch this feature more closely. We continue to hear of Holstein heifers being bred to freshen at two years of age. The generally accepted age for breeding is 18 to 20 months. Remembering the larger the cow the more she will produce.

Creamery butter production across Canada decreased 24 per cent in September as compared with the same month last year and 13 per cent as compared with the output for August. Ontario was one of the provinces to show the greatest drop. Statistics for Haldimand have not yet been received.

What plans are you making to increase your hog production by the necessary 15 per cent being called for in Ontario? In order to be marketed within the 1942-43 contract year pigs must be already on the farms by the end of April 1943. It only requires the simplest of Arithmetic to figure that all breedings for the balance of the contract year must then take place during the next ten weeks. This calls for immediate and careful planning.

SEND THEM A CHRISTMAS LETTER

Results of the Write-a-Letter Club are beginning to show, and we urge all members to keep up the good work. A Christmas letter can help greatly by relieving the loneliness of the boys who are away from home. The boys would be especially appreciated, and we would remind members that the mailing date must be within the next couple of weeks, in order to arrive by December 25th. Become a member of the club now.

CLAUDE WICKARD, United States Secretary of Agriculture, knows that when seed time comes there is nothing else to do but get on with the job. He is shown above on his tractor proving that he is no "city farmer". He will be heard on National Farm Forum, Monday October 26th, on C.B.C.

REBEKAH INSTALLING TEAM AT SIMCOE

District Deputy Mrs. Lizzie Howard and her installing team of Silver Star Rebekah Lodge, Jarvis, journeyed to Centre Link Lodge, Waterford and Fern Rebekah Lodge, Simcoe, during this week. The installing team comprised the following members: Sisters Nellie Stalworth, Kate Miller, Janet Crawford, Pauline Yallop, Short Ribs, Daisy Pond, and Fraid Smith, Marian Butts, Florence Walker, Mary Marr, Florence Banks, Flora Desser, Rita Thompson were permitted this year to take two deer. This is not correct.

OPEN DAYS FOR PHEASANT SHOOT

Open days for pheasant shooting this year are October 23 and 24, also October 28th, provided permission is granted by the individual townships concerned. Everyone hunting pheasants must have a township license in addition to a Provincial Hunting license. The bag limit is three cock birds per day. Hunters are also reminded that it is an offence to carry a rifle on open days. Contrary to belief in some quarters, the same regulations exist this year as last respecting deer hunting. Only one animal may be taken per license. Some apparently believe that due to the meat shortage hunters were permitted this year to take two deer. This is not correct.

WE'RE GOING TO NEED SO MANY THINGS WHEN THE WAR ENDS

...things that are hard to get now

Every day, almost, we find that something else is getting scarce. So often, we are told "they're not making it any more". Factories are making guns instead of ploughs, tanks instead of tractors, planes and shells instead of stoves and beds. We'll have to replace so many things when the war ends... things we can't buy now.

MONEY INVESTED IN VICTORY BONDS

will provide the cash to buy them

TWO WAYS TO BUY VICTORY BONDS NOW

— with cash —

...in one lump sum, with money we have saved. There is no safer investment... no better way to protect our savings.

— with Produce —

Farm folk can pay for Victory Bonds in another convenient way—by using the "PRODUCE FOR VICTORY" TICKET. By simply signing a "Victory Ticket" you can authorize those who buy produce from you to send all or part of the proceeds to the War Finance Committee to buy Victory Bonds for you. (Ask your local War Finance worker for details.)

Or—we can buy bonds and pay for them through our banks in monthly instalments. As the instalments come due the bank will charge them to our accounts.

WHAT A VICTORY BOND IS

Look at a dollar bill. A dollar bill is like a bond. It's a promise to pay to the man who has it. You get bills when you sell things and pay them out when you buy things. A Victory Bond is "a bill" intended to be saved. When you keep a \$100.00 Victory Bond for a year you receive an additional \$3.00 (3% interest). Buy all the Victory Bonds you can—lend money to Canada to help to win the war. Save your bond to have money for things you'll need when the war ends.

THESE ARE THE FACTS

About Wartime Bus Travel

CANADIAN GREYHOUND LINES

40 LONDON STREET EAST
WINDSOR

To all Wartime Travelers:
In normal years, travel generally relaxes after Labor Day and vacationers are over. This year, however, there is a tremendous increase in travel necessary to the war effort. So we suggest that you plan your travel now. Make your trip now, before the season is over. If you can avoid it, make your trip now, before the season is over.

Perhaps you have heard confusing comments and rumors about travel in general, and are wondering just how Greyhound has altered its service to meet wartime conditions. What effect certain revisions will have on the things you must make—what you can do to help.

The fundamental fact is that Greyhound and other bus companies are organizing all of the resources of the industry to make the most of every bit of equipment, every bit of driver, to help win the war. Reversing this old idea of "letting the bus wait for the passenger" is the new secondary. The bus is now in uniform on footpaths, and on crowded week-ends by avoiding rush periods and by using a little baggage as possible.

At present there are no Government restrictions on travel. In normal years, travel generally relaxes after Labor Day and vacationers are over. This year, however, there is a tremendous increase in travel necessary to the war effort. So we suggest that you plan your travel now. Make your trip now, before the season is over. If you can avoid it, make your trip now, before the season is over.

There's a big job to be done—let's all help.
