SCOUTING .

Discussing the serious increase in Juvenile delinquency, Dr. Ken-neth H. Rogers, General Secretary of the Big Brother Movement, said that this presented one of the major problems of this country. Never was the need so great, he said, for increased activity among such organizations as the Boy Scouts, Girl Guides, Y.M.C.A., and Sunday Schools, upon which were placed added responsibilities in these abnormal days. To neglect these obligations will mean steadily increasing delinquency now, and will entail graver social problems in the post-war days, Dr Rogers said.

Scout Jerry Tichopad, 14 years old, of Toronto, has good reason to remember the Gestapo. Jerry with his parents escaped from Czechoslovakia about three years ago. The Gestapo, he says, took ver his scout hall for their head quarters, and robbed the Scouts of practically all their equipment. Jerry was able to save only two bits of his personal equipment, his belt, which he wore, and his Scout knife, which his mother placed among the kitchen knives they were taking with them. Jerry is now proud to be a Canadian Boy Scout.
