THE BIG JOB AHEAD
 The big job ahead is in making the Fourth Victory Loan campaign a success. Anyone who says it can't be done, should sharpen their pencils and figure the whole thing out again. It can be done and it must be done. In the previous loans, people for the most part have simply lent the money they could conveniently spare. This time it may be necessary to tighten the belt just a trifle. We must buy to the limit on surplus cash and then take a second bond on the strength of an anticipated earnings over the next six months. Let to one tell you that such a course is unsound business practice. The man who is looking

OUR BOULEVARDS
 A practice that is all too prevalent among motorists around the Village is to drive their automobiles on the Boulevards to park. Evidence of the thoughtlessness of this practice prevails in all sections and is destroying a beauty of the Village.
 Motorists no doubt feel that their vehicles are safer being parked off the street, but especially during the spring season, the furores they plow

into the soft earth will be difficult to eradicate as the ground hardens. The practice must be stopped and we hope by voluntary action.
 Dear Members of Jarvis Fireside Club:
 I hope you will forgive me for being so long in acknowledging receipt of the wonderful Christmas parcel you sent me. I received the parcel two days before Christmas. The parcel contained everything that I really liked. Once I opened the parcel it didn't take long for the canned goods, apples, chocolates and delicious Christmas cake to do the disappearing act. Your parcel helped to make Christmas a complete success for me. You "Members of the Fireside Club" deserve the highest praise for the wonderful work you did in sending parcels to the boys overseas at Christmas time. I thank you from the bottom of my heart for the parcel you sent me. Here's hoping that the war will be over and that we'll all be home again by yours gratefully.
 KEITH FESS

thank you very much for the gifts and to say that I am glad of the Jarvis Red Cross work.
 Yours sincerely
 W. GENERY

WE CAN'T FIGHT IF WE DON'T EAT!!
 -- We won't Eat if YOU don't help Ontario Farmers THIS SUMMER!

No longer can anyone sit back calmly with the knowledge that Canada is a great storehouse of food—that our fighting forces and we at home are sure of ample food supplies. The fact shortage and the rationing of foods are evidence that supplies are growing scarce.
 There are two reasons for present and threatened food shortages. First, our farmers are short-handed. They need help because agricultural workers have left them to join the armed forces and to work in munitions plants at wages higher than the farmer can pay.
 Because of the nature of his work, the farmer's greatest need for help comes with seeding in the spring and ends with late harvesting in September. There are two very difficult tasks to join the armed forces and to work in munitions plants at wages higher than the farmer can pay.
 Experience or no experience, YOU CAN HELP. There's an Ontario Farm Service Force Brigade in which you can serve regardless of age, sex or occupation. Five of the Brigades are outlined here. Study them now and fill in the coupon below for further information today!

WHAT IS A VICTORY BOND?
 A VICTORY BOND is the promise of the Dominion of Canada to repay in cash the full face value of the Bond at the time stipulated, with half-yearly interest at the rate of 3% per annum until maturity.
 A Victory Bond is the safest investment in Canada. The entire resources of the Dominion stand behind it. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest.
 A Victory Bond is an asset more readily converted into cash than any other security.

WHEN they come home—those boys who are fighting now—make them want to stay home. Make them happy and contented on the farm. They will have new ideas they want to try out. They may want to go in for new breeding stock; new crops; work out a drainage or irrigation project; do a big job of fertilizing. You are wearing out implements and equipment which cannot be replaced now. You may want to erect new buildings, or to add to present buildings. You may wish to modernize your farm with water or electricity. You may want a new motor car—new conveniences and comforts for your home. These things cost money. Save money now and invest your savings in Victory Bonds. They will provide cash for things you will need when the war ends.

You can buy Victory Bonds for cash in a lump sum, or you can arrange to pay for them in convenient instalments over a period of six months. Your Victory Bond salesman will be glad to tell you full particulars.
