Canadian Navy. Enquiring about est and responsibility.

The present apathy has been gath. the rum issue, the sailor stated he had never yet tasted the famous Navy rum, had no inclination to and walks be kept clean. As a small Village we have many people residing here who are advanced in age, and unless the walks are kept in good condition, it is impossible for them to venture out during the winter storms. The Council have authority to have the walks cleaned and the cost charged against the manual clear to the pole for the sailor stated he famous has gone unchecked and practically unheeded until it has become a public outrage. People have developed the habit of refusing to vote unless taken to the polls. Others are simply unconcerned. To many the annual election is much of a joke.

The remedy, which undoubtedly must come through penalty, would seem to be found in refusing the work and ultimately his ambitions. To us this sounds and the cost charged against the manual clear to the polls. Others are simply unconcerned. To many the annual election is much of a joke.

The remedy, which undoubtedly must come through penalty, would seem to be found in refusing the franchise to those who fail to use it, or exact a fine for non-voting without acceptable reason. Such penal.

average Airman, or the Army man, and it is very seldom one will be found that speaks with a great deal of appreciation of alcohol in any form. A good many enjoy an occasional glass of beer, but beyond that it is out.

WAYS OF MAKING A

GOOD TOWN BETTER —

(Reston Recorder)

Most small towns of from 500 to 500 population are in many respects much alike. They depend upon a like a direct interest, and supporting every worth-while enterprise, will do more to build up a town than almost anything else. In the end, where there is public interest in public affairs, there will be almost unconsciously an increase in business, and supporting every worth-while enterprise, will do more to build up a town than almost anything else.
