Naturally we could not see all of Canada's efforts without seeing something of the Navy, for Canada has an important part in the naval services, even in Great Britain.

Our original programme calls or a saval station where Canadians form a part. However, at the time this was to take place, our party was far from the location, and it means a loss of two days in travelling tog oand refurn. As this sepresented a lot out of our remaining time, is a saval state of the Canadian naval forces, it gave us an opportunity to visit one of the most famous of English bases. With Lieut. #### Constructive Proposals In Public Interest

Speaking over the C.B.C. network Friday night, July 16th, Leslie M. Frost, M.P.P. for Victoria and Haliurton, one of the outstanding Progressive Conservative members in the Ontario agislature, emphasized the fact that the Ontario agislature, emphasized the fact that the Gorge Drew, Leader of the Product of extended consultation with his followers; and that it was unanimously adopted at a largely attended meeting of party candidates and officials from all over Ontario held at the Royal York Motel on Saturday, July 3rd.

Not only this, said Mr. Frost, the platform given out after that meeting was the natural sequence and outcome of constructive proposals made in the legislature by Mr. Drew and his associates. Ever since the war began the Opposition, led by Mr. Drew, has at each session put forwerd a sentered resolutions conceived in the publisher. These proposals, added the Victoria and Haliburton, lee been either voted down at the instance of the Liberal Government or declared out of oxder by a Liberal Speak. Jish, 1941, the Opposition submitted a resolution, calling upon the Government to move for a conference of representatives of the Dominion and of all the provinces for the following purposes:

To adopt such measure by inter-provincial co-operation as may be necessary.

(a) To assure the greatest war and postwar efforts.

(b) To assure adequate prices for

war.
(c) To assure adequate prices for agricultural products.

(d) To protect the established rights of labor. labor.
And to devise plans for the rehabilitation of the members of our armed forces and for the re-employment of civilians who may be thrown out of work by postwar industrial readjustment; and to consider such other questions relating to the welfare and security of the people as may be deemed advisable.

Voted down by the Liberals including Mr. Nixon.

TOWN AND COUNTRY PLANNING

DREW PLANS A DYNAMIC ONTARIO

(Essex County Reporter, Kingsville, Ont.) Social security, full employment, and economic planning are prominent topics of the day. George Drew's approach to the discussions forms a stimulating contribution. Ontario's planning problem, according to George Drew, is not a static one, but is dynamic in character, designed to develop to the utmost our Nature-given potentialities. his view at first may sound like old-line thinking, but one must admit that his approach is more than an echo of Laurier and Macdonald. He adds something new ... our planning for the future must be dynamic.

DREW APPEALS TO THE BEST IN ONTARIO (Ottawa Journal)

For the Progressive Conservative Programme For the Progressive Conservative Programme offered the people of Ontario by George Drew, one thing must be said at the outset. It is that here at least is a pronouncement by a public man who reveals understanding of the gravity, and the faith and hope, of our times . . . He (Mr. Drew) offers us a programme within the framework of freedom; a programme that must appeal to Ontario's tradition of individual independence and self-reliance. He would have government control and superintendence for the citizen; self-reliance. He would have government control and superintendence for the citizen; he would not subject men to the deadening hand of bureaucracy, nor plan us all into puppers under drill sergeants of the state. That he leaves as it should be left to the Socialists of the C.C.F... No Ontario leader in years has advanced a more progressive, a more humane, or a more hopeful programme.

(Toronto Globe and Mail) (Toronto Globe and Mail)

Progressive Conservative Leader, George Drew has raised the present campaign far above the picayune things of the little politician. By it all the carping, all the sneers, the inuendo and the petty slander of his critics were swept aside. In that address George Drew has given the people of Ontario a great document, the finest social document in Ontario's history; one which should be read, studied and thought upon by every citizen. Point by point it is a massive thing. Even in the skeletonized form. it is a dynamic and constructive programme, Almost every point offers a practical approach

a programme of work, a series of well in-tegrated steps calling for the creative use of all our resources and all our skill... George Drew is publicly pledged to these 22 points. What is more, he is pledged to implement them with the guidance and assistance of the chosen representatives of each group directly concerned.... If some concrete evidence of the genuineness of the Party were needed, the genuineness of the Party were needed, there is the record. Many of the records of the points Mr. Drew itemized in his addition are not new. He has offered them to the Legislature of the Province and as Opposition Leader offered to assist the Government in TO THE RESCUE OF REAL ESTATE

(Windsor Star) Mr. Drew proposes that the Ontario Government, if he is called upon to form it, will assume at least fifty, percent of the school taxes now charged against real estate...

That... would prove a relief to all taxpayers.

The Opposition renewed the attack with his further resolution:

Mr. Nixon's surprise election, coupled with the wartime restraint on political discussion, is considered clever party strategy. This strategy may be successful in the coming election. If so, Canada and Ontario may be dealt a blow from which they cannot recover. Now if ever must the individual citizen think clearly and vote wisely.

One is that the Nixon Government has no policy whatever to offer the people of Ontario. Another, which stems from the first, is that Mr. Cross and the rest of Mr. Nixon's supporters are trying to do a tight-rope-walking act. They are running for office on Mr. Hepburn's record.

In Mr. Cross' case there is particular wonder at his trying to cash in on whatever Mr. Hepburn has accomplished. For it must be a subjected his S5th birthday. On Aug. 4th you are being asked to return to power the present Liberal Government headed by Mr. Nixon. Regardless of the need or merit of holding an election in Ontario at this critical and

busy time-let us face THE FACTS. During the past few months, particularly, the people of Ontario have witnessed more political "jobbing" and dealing by the present Nixon regime than has been inflicted on a very patient electorate in many generations. We have been forced to accept and asked to support legislation under the pretext of war effort that has squandered millions of your money and burdened you with direct and hidden taxation until the load has become unbearable to the average citizen.

On what grounds do Mr. Nixon and his cohorts seek your confidence and ask your support? Absolutely nothing, but the record of the Hepburn Government under Mr. Hepburn's leadership — Mr. Hepburn, the man whom Mr. Nixon and his little clique, with the help of Ottawa Cabinet Min isters discredited and ousted from the Ontario Premiership. Then came along the famous or "infamous" Nixon-Conant deal, whereby Mr. Conant received the lucrative lifetime appointment..to step out and make room for the Ex-Conservative -Ex-U.F.O., and now Liberal Mr. Nixon, whose next jump will probably be C.C.F. Some record to offer the people of Ontaric.

Voters of Haldimand-Norfolk! To the mothers and fathers, brothers and sisters, who have loved ones overseas, or in the Canadian Forces in Canada-on Aug. 4th you will have the opportunity of expressing your feelings in the matter of the so-called Proxy Vote, which was designed by the present Liberal Government to prevent the men in service from having any say as to what Government they want. Fathers and Mothers, what do you think of a Government who would frame this kind of a deal for the Fighting Men of Canada-

It's time for a new deal, and it's your opportunity on Aug. 4th to say who you want to direct your affairs at Queen's Park, and you had best not miss this golden opportunity. It may be your last secret ballot if we are to judge by the nefarious "Proxy Vote" for our boys overseas. Mark your ballot for Wally Walsh, Haldimand-Norfolk's Progressive Conservative candidate.

W. W. Walsh By Capt. Rev. Ralph E. Smith in the Simcoe Reformer July 19

The choice of W. W. Walsh to be the Progressive Conservative candidate for the Haldmand-Norfolk riding at the forthcoming Provincial election, to be held on August 4th, is interesting. In the first place he is a relative of his opponent, the Hon Eric Cross—their grandmothers being sisters. These grandmothers were Gertrude and Luwinda Finch who were daughters of William Finch and granddaughter of the old pioneer, Elder Titus Finch.

At the nomination meeting last and grandaughters of the old pioneer, Elder Titus Finch.

At the nomination meeting last Wednesday Mr. Walsh modestly stated that he had spent all his life in the county. As a matter of fact it might be said that he has been in the county for 150 years; for it was in 1793 that his great-great-grandfather the old pioneer.
