pressed in coupons instead of dollars. To these accounts he will deposit all coupons, ration cheques and other ration documents received from consumers or dealers. When it is necessary for him to replenish his stock of a rationed commodity, instead of having to send his supplier an immense number of coupons and other ration documents he will simply issue a cheque on his Ration Coupons his order represents. The simplicity and convenience of this method for both purchaser and supplier will be apparent.

and that of the United States to guide us if possible," said Mr. Bloom Out of the cumulative study and research they exclude a study and research they evolved what they consider the most simple and least expensive way to work out the farm which is nationally important in Here it is in a nutshell, just as easy for the city slicker to under-stand as for the farmer. In the

regional boards across Canada, four-teen machinery rationing officers have been appointed. Acting as a consultant in each case without ad-ditional remuneration is

consultant in each case without additional remuneration is an Agricultural representative. He might be the superintendent of an experimental station or one qualified and delegated by him to assist. As a further consultant to the rationing officer, some prominent farmer of the region is chosen who has the confidence and respect of the others. His judgment is used in dealing with "border line" cases because — as we

dence and respect of the others. His judgment is used in dealing with border line" cases because — as we neglected to mention earlier — the individual farmer can make application to the rationing officer for farm machinery he thinks he essentially requires. The mechanism for appeals is also provided for. Problems Weil Understood

Well, that's the story I got from the boas of farm machinery, boiled down to the space available. They realize the labor shortage presents difficulties. They are sympathetic to the fact that a farmer can't get everything he wants for replacement or new equipment. But they're making every effort to be fair and equitable to all with the amount at disposal of the country work, taking care of present equipment to make it last longer.

The farmer likes to grouse just as the soider does, but they both give a serious war going on the farmer will, we think, without hesitation, do the best he can to make machinery go 'tound to the best advantage. The comparative rationing has been set up because there is a scarcity of materials and the necessities of war it and make what we've got last (This is the Third of a Series of

IMPORTANT NOTICE

TO ALL HOLDERS OF

SLAUGHTER PERMITS and of LICENSES TO SLAUGHTER HOGS

Because of the urgent need of securing the quantities of BACON and other PORK PRODUCTS necessary to meet the wartime requirements of the United Kingdom, and the consequent necessity of curtailing slaughter for domestic use

the following action has been taken under a new Order of THE BACON BOARD, concurred in by THE WARTIME PRICES AND TRADE BOARD.

ON AND AFTER MARCH 1st, 1943 . . .

Persons not already licensed to slaughter hogs under previous orders of THE BACON BOARD, but holding slaughter permits from THE WARTIME PRICES AND TRADE BOARD, shall not exceed 75% of their 1941 average weekly number of hogs slaughtered by or for them for sale or further processing in Canada. (See following paragraphs for further explanation regarding areas concerned).
