WHAT A VICTORY BOND IS:

A Victory Bond is the promise of the Dominion of Canada to repay in cash the full face value of the Bond at the time stipulated, with half-yearly interest at the rate of 3% per annum until maturity. A Victory Bond is the safest investment in Canada. The entire resources of the Dominion stand behind it. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest. A Victory Bond is an asset more readily converted into cash than any other security.

BACK THE ATTACK

— BY BUYING —
VICTORY BONDS

For Your Son & Mine

One of these nights soon, when darkness cloaks the enemy shores, your son and mine will be peering into the gloom, waiting nervously for the whispered signal to attack.

Our sailors will be there, manning the invasion fleet, ready for the screaming, diving enemy bombers. Our fighter pilots will be dressed for battle, ready for the grimmest test of air strength the war has yet developed.

Our boys who, not so long ago, sang in Sunday school, poked nickels into juke boxes, sat on the store steps on Saturday nights, fixed the broken board in the cottage dock, and walked arm in arm with the girl from a movie, are face to face now with death.

While their hearts and minds and bodies are steeled to the job of wiping out the cruel foe, does anyone believe for a moment that in that hour of waiting they will not be thinking about the scenes of yesterday?

Fully aware of the danger they face, that this great adventure may bring them to the end of the road and a soldier's grave, their thoughts will inevitably turn back for a moment or two to you and to me. They will have brief misgivings, little fears tugging at their heart-strings, a sudden mental question-mark as they wonder what we are doing in Canada at that moment and whether we are thinking about them.

Oh that we could miraculously appear beside them at that moment, grip their hands and say: "Good luck, my boy!" If there were only some way, we say, to make them feel that we are standing behind them in spirit at least!

And yet we have just such an opportunity now. Let's not overlook this certainty, that if each of us buys all the Victory Bonds he can, if we push up above that billion and one objective, the news will be a heartening message to your boy and mine. They will know our hearts are in the right place, that the money we put up assures them all the reserves they are going to need.

Let's make the Fourth Victory Loan a rousing cheer for our boys overseas, a message of encouragement to them at the hour of attack.

Here Is Evidence That The War Is International In Character

While we may be 3,000 miles removed from the conflict at the present time, the consequences of battle affects people in every part of the Globe. Our responsibilities are in no way lessened because of the distance we live from the firing line.
