A Gracious Tribute To Britain and The Empire

A leaderette in a recent issu of the Journal do Brasil—one of Brazil's most important national Brazil's most important national newspapers—speaks of the anxious fear felt there for our fate following the fall of France. It contrasts the war news of the present time of Allies victories everywhere, of Germany's difficulties inside Russin and of the culties inside Russia and of the strength of the Allied Air Force with the "dreadful days of the blitz" in 1940.

 When we're all doing our best to help win the war none of us can afford to be slowed up physically and menthe kind caused by lack of "bulk" in the diet. If you're troubled that way, why not get right at the ceuse instead of "dosing" with purgatives that give, at best, only temporary relief.

There has long been the need for a dramatized news feature engineting in Canada. Formerly proadcasts of this type mostly originated in the United States or verseas. So it is a matter of ongratulation that ten stations of a Canadian network, originating at CFPB, Toronto, have just commenced a new series of dramatized news-of-the-week programes, Thursdays, 9.30 to 10 p.m. The presentations are of versatile character, including news interpretations from Canadian magazines, and bringing to he microphone in person, people who have hit the headlines. The program is styled "Canadian lcade" and is well worthy of our interest.

The Canadian Broadcasting poration and the British broadcasting Corporation have cently been indulging in a series of exchange features. It also includes gratitude and obedience and support in their old age. A spirit of obedience and spect to parents implies a wellordered life in general, a prospect prosperity and a long life. your tradition, which ye have de livered; and many such like things ye do." They rejected the authority of God for the authority of mana sin which is very common in our day. Notice that the same punishment was to be meted out to those who cursed their parents as those who cursed God (Lev. 20:9) the practice of giving to God except where it was done to get rid of the duty of aiding our parents. He shut his heart and his hand to his parents and obeyed the law of man, not of God. When the religious leaders of a nation tamper with the Word and substitute their own inhuman laws, then follows conflict, and civilization is

threatened. Christ's Care For His Mother "These things therefore the sol liers did. But there were standing by the cross of Jesus his mother, and his mother's sister, Mary the wife of Clopas, and Mary Magdalene." When Jesus therefore saw his mother, and the disciple standing by whom he loved, he saith unto his mother, Woman, behold thy son!" This incident shows how Christ, in his dying moments yearned over His mother. Hi thoughtfulness and love shone out, even in death.

The Disciple's Obedience "Then saith he to the disciple, Behold thy mother! And from that hour the disciple took her unto his home" Jesus gave a mother to his dearest friend, and a son to the broken heart of His widowed mother. John regarded his trust as a mark of loving confidence in him. The point to notice is that of his perfect obedience.
