Extension of Compulsory Employment Transfers.

SERVICE

To Employers and Employees:

THE 6th Compulsory Employment Transfer Order, issued under authority of National Selective Service Civilian Regulations, requires compliance not later than September 8th, 1943. After that date no employer may continue to employ any man covered by this Order, unless under special permit.

The first five Compulsory Transfer Orders listed occupations, and required compliance by all male employees in those occupations if (a) in an age and marital class designated under the Military Call-up, or if (b) 16, 17 or 18 years of age. The Sixth Order repeats all occupations given in the five earlier Orders, and requires all other men from 16 to 40 years of age (both ages inclusive) to become available for transfer to higher priority jobs, by registering at the nearest Employment and Selective Service Office.

Details of the Sixth Order were advertised in daily newspapers at the end of August. Copies of the Order may be secured from any Employment and Selective Service Office.

If in doubt as to the coverage of this Order, or the procedure under it, ask your nearest Employment and Selective Service Office.

All men, married or single, employed in designated occupations, aged 16 to 40, are now covered by the Orders. To avoid penalties, those who have not yet registered must do so by September 8th, 1943.
