Haldimand Member **Questions Gardiner** Re Meat Shortage

Mark C. Senn, M.P. for the County of Haldimand asked Agricultural Minister Gardiner in the House of Commons on Monday whether it is true there is a glut of meat in Canada.

Mr. Senn quoted a statement made last week in Toronto by J. S. McLean, president of Canada Packers, who said the meat situation had changed from one of scarcity to one of surplus. He also asked Mr. Gardiner to explain what had happened in Quebec City, where 500,000 pounds of meat had been found unfit for human consumption.

"Who is responsible for this great wastage and what is the cause?" Mr. Senn asked.

Both questions were put on the order paper and will be answered at a later date.

Your Response Appreciated - -

The Jarvis Record has been serving the Jarvis Community since 1867. There may be differences of opinionas to just how well the Record has served. But on the whole, we believe, the majority of citizens will say the paper has justified its existence.

As stated in this space last week, it now is necessary to adopt a new procedure insofar as the payment of sub-scriptions is concerned. The W.P.T.B. do not want us sending valuable paper to names who are not bona-fide subscribers. In other words, if we are not being paid for subscriptions, they say in effect, - these people must be cut off, and that paper will be saved for other purposes.

We do not like to lose a subscriber any more than an individual likes to lose a friend. It is always a regretful proceedure to remove a name from the lists. When that happens, we feel we have failed in some respect, and fail-The response to our appeal last week has been most

Prisoner Of War Boxes Requires More Than Five Million Dollars

"The Prisoner of War project is the most important Red Cross work today," stated Mrs. Arthur Ellis, President of Ontario division, commenting on War Service Minister La Fleche's announcement of the Canadian Red Cross Society's Campaign for \$10,000,000.00 commencing February 28th. Adding that this project alone is still the Society's single greatest expenditure, accounting for one half of the total budget, Mrs. Ellis pointed out that \$5,000,000.00 of the objective in Canada must be rais ed within the Province of Ontario.
