THRIVE ON MEAT Kamala Uganda - (CP) - The consumption of meat is increasing in Uganda, and is highly desirable for the better nutrition of the people.

How Much is a Dollar Worth?

A dollar is worth as much as it can buy. For instance, during the last

world war people paid 65¢ for a pound of butter... while you pay around 38¢

today. It is the same with shoes and the other necessities of life. In 1917, they paid

15¢ and you now pay 18¢ for the same quality. This means your dollar is

worth more than the dollar of 1914-18. You get more for your money

— because price ceilings and other anti-inflationary measures have kept the value

of your dollar HIGH! And you will keep your dollar high in value by using

money wisely. You protect your dollar's worth every time you buy a bond

... Pass up some needless luxury... Pay off a debt... Refuse to hoard

goods... And refuse to frequent black markets. That's how to make

money with your present dollars! Remember, dollars are worth less if they buy less.

Make This
Pledge
Today!

I promise to give my support to keeping the cost of living down. I will buy only what I need. I will observe the ceiling whether buying or selling goods or services. I will pay off old debts, save for the future, invest in Victory Bonds and War Savings Certificates. And I will support taxes which help lower the cost of living.

Keep Your Dollar Value High!

Published by THE BREWING INDUSTRY (ONTARIO) to help reveal the dangers that inflation represents for all the people of the Nation.

Church Notes

AT THE PRESBYTERIAN CHURCH

The regular meeting of the Board of Managers was held on Tuesday night in the vestry. Mr. J. A. Dunlop, who has completed two years as Chairman of the Board, was re-elected for a third term.

The Y.W.M.C.A. will be meeting at Miss Elizabeth Mitchell's home in Jarvis on Wednesday February 16. Overseas boxes are to be packed for Easter, and those who desire to contribute articles are requested to bring them to the meeting.

The program for the February meeting of the W.M.S. will be in charge of Mrs. Noel Brown, with Mrs. R. A. Miller giving the topic: "Highlights from the Annual Presbyterian Meeting." The Auxiliary meets on Tuesday, February 15th.

Accredited and listed. 2TCT

HARVEST FARM

J. C. & Russell B. Hays

Saturday at 3 P.M.

The Session will meet at the home of the Church of Scotland, Mr. J. J. Parsons on Monday, February 14th. Special business.

AT THE ANGLICAN CHURCH

Broadway W.A. Meet

The Broadway Anglican W.A. met at the home of Mrs. L. Belbeck on Wednesday afternoon at 7:30. The meeting was opened with the President, Mrs. McKelvey presiding. The reports were presented by Mrs. Purling and Mrs. Richardson. The members voted \$3.00 for the Indian Relief Fund, to be sent to the Synod Office. Red Cross knitting and sewing took up the remainder of the afternoon.

Christ Church W.A. Meet

The W.A. of Christ Church, Nanticoke, met at the home of Mrs. Ira Evans on Tuesday afternoon at 7:30. J. E. Maxwell opened the meeting with the Litany. Mrs. Ward read a passage of scripture. The minutes were read by the Secretary, Mrs. Evans. Mrs. T. Snowden, President, presented the bulletin, and a discussion followed on Dorcas work as read by Mrs. A. Evans, Dorcas Secretary. Miss Maxwell gave a reading. At the conclusion of the meeting the hostess served a delightful lunch.

Next Tuesday will be a work meeting.

THIS WEEK

The Ontario department of health is about to launch an all-out attack against venereal diseases, the spread of which has become a major problem in the province.

Health Minister Vivian recently reported that 13,000 cases of venereal diseases were reported in Ontario in 1943 more than 50,000 cases since the start of the war and almost 70,000 in the last seven years.

Faced with such a tremendous increase in venereal infection, the health department proposes to launch the problem from every possible angle with the following objective in view:

Provision of adequate medical care; health education, a program of case finding; promotion of community action against the problem; protection of the province's babies; protection of home and family; and advancement in the fight against venereal diseases through teaching and research.

THE WEEK IN OTTAWA

Specialty Written for the Record — By Douglas Green Canadian Press Staff Writer

Ottawa, February 16 - (CP) - Finance Minister Mackenzie King today announced that his government intends to spend \$4,352,389,000 in the 1944-45 fiscal year and of the amount \$3,650,000,000 will be for war purposes — \$400,000,000 less than was voted by parliament for the same purpose last year. Last year's all-purpose estimates were \$4,500,880,494.

In addition, parliament must make allowance for any mutual-aid allotment which, however, is expected to be less than the \$1,000,000,000 voted last year. The reason for the part of the war estimates, the finance minister said, was because the United Nations have voted or nearly voted the end of the process of turning up with the enemy in total war.

Navy estimates are down \$700,000, to \$440,000,000. The Army down \$2,000,000, to \$1,500,000,000, and a air force down \$120,000,000 to \$60,000,000. The munitions department estimates, however, are up \$2,000,000, to \$183,000,000.

Major increases in the war budget are shown for other departments, however, including a gain of \$50,000,000 for agriculture, \$47,000,000 for finance and \$5,000,000 for pensions.

Estimates for non-war expenditures are up more than \$91,000,000, says Douglas Green.

Indication has yet been given the extent to which the federal government is prepared to act upon the Canadian Congress of Labor's request that a complete survey of the industrial, agricultural, and social markets be undertaken as a basis for a full-employment policy.

Prime Minister Mackenzie King today announced the C.C.T. when they met in the House of Commons. He said that he had decided that the government should not attempt to "co-operate" with labor representatives in the C.C.T. but that the government's failure to co-operate with labor had been "unduly harmful" to war production.

He said that the government's labor organizations have for some time been in a "state of anarchy" and that the government's wage policy, under which national and regional war boards are empowered to submit increases only where "gross quality of injustice" is shown, and the calling of strikes to obstruct the war effort, is "grossly unjust."

He said that the government's wage policy, under which national and regional war boards are empowered to submit increases only where "gross quality of injustice" is shown, and the calling of strikes to obstruct the war effort, is "grossly unjust."

\$1.50 PER YEAR. \$2.00 IN THE UNITED STATES. SINGLE COPIES FIVE CENTS EACH

Date Set For Bye-election

MR. AND MRS. R. A. McCARTER

Lea Marshall Is New N.D.C. Vice President

Position Is Important Post In Dairy Industry

Lea Marshall of Jarvis, was elected Vice President of the National Dairy Council of Canada at the annual sessions held at the Mount Royal Hotel, Montreal, the first three days of this week. W. F. Jones of Ottawa was chosen President, succeeding W. R. Aird of Montreal.

Since the outbreak of War, Mr. Marshall, who is President of the Marshall Dairy Ltd., at Jarvis, has steadily assumed greater responsibilities in the dairy industry. He served for two years as President of the Western Ontario Dairywomen's Association, and is now serving his second term as President of the Ontario Creamerymen's Association. For the past three years he has been a director of the Canadian Milk Powder Manufacturers Association, and for a like number of years on the executive of the Canadian Canned Milk Manufacturers Association.

Mr. Marshall was appointed a director of the National Dairy Council of Canada, which was formed in 1934, and is now elected Vice President.

His experience in the dairy industry has brought him in close contact with nearly all phases of its development since the turn of the century. Through his initiative, he developed his own business from a small creamery which he first operated at Black Creek, near Port Dover, where buttermilk was sold, to the large business he now conducts in Jarvis. The Jarvis plant manufactures butter, sweet cream, all types of milk powder and casein. In the development of the latter two products, The Marshall Dairy Ltd. has taken a foremost place under the direction of Mr. Marshall.

Mr. Marshall is a native of Ontario, and has been in the dairy business since 1901, when he moved to the village where Mr. Marshall was born. He was a member of the Ontario Wind Engine and Pump Company, and has been in the dairy business since 1901, when he moved to the village where Mr. Marshall was born.

After marriage they followed the advice of Horace Greeley and went West, where many enticing tales were told of the glittering gold in abundance, but after a few years wandered back to the community of happy homes in the beautiful township of Townsend.

They farmed until 1901, when they moved to the village where Mr. Marshall was born. He was a member of the Ontario Wind Engine and Pump Company, and has been in the dairy business since 1901, when he moved to the village where Mr. Marshall was born.
