VOTERS LISTS APPEALS TO BE HEARD

Mr. and Mrs. William Butcher of Walpole, will observe their Diamond wedding anniversary on Saturday, March 4th. Both have been residents of this district practically all their lives, and since giving up their farm last year, are now residing at the home of their daughter, Mr. and Mrs. A. C. Saunders, R.R. 3, Jarvis.

Mrs. Butcher, while retaining all her faculties and enjoying life is not able to celebrate the happy occasion of her anniversary as she would like. Therefore the day will be spent quiet ly. Mr. Butcher is in very good health considering his Eighty-one past. (She will be Eighty-two in the manicipality in which he or sharesides.

Farm Front BRIEF NOTES FOR THE BUSY FARMER

cession in the percentage production of grade A hogs. This has just been revealed in statistics which are now available. The commercial hog producers of the county are to be congratulated on their achievement. During the year 1943 a total of 23, 084 hogs were sold to inspected plants and of this number 9,838 or 42.61

per cent were in grade A. Another 11,489 or 49.77 per cent were placed in grade B. This makes a total of 92.38 per cent in grade A or B (including Bi, B2 and B3). The B1 grade would constitute the major portion of the B's. The next nearest county in per-centage of grade A hogs was Water-loo and it was a very close second being one-quarter of one per cent behind Haldimand. Other counties

Life In Action

The provincial goal for the 1944 crop season is 200,000,000 bushels of grain. This is 9,000,000 bushels more than the bumper crop of 1942. Haldimand county has a share in this responsibility. It is our job to get this increase by more bushels per acre rather than by more acres. It can be done through the use of bet-

dust is rather unpleasant to the person handling the bird.

Some farmers ask the question, "What will we do with all the surplus food after the war is over?" Actually if every person in the world could get enough food there would be no surplus. Dr. H. H. Bennett, speaking in Toronto recently, stated the meeting, although it is understood the announcement will be made in a few days.

The Haldimand-Norfolk Progressive Conservative Association heid a meeting in the Jarvis Town Hall on Monday night and set the date for their nominating convention, which will be held at Simcoe on Monday night, February 28th.

BELBECK—In Norfolk General Hospital, Simcoe, on Tuesday, February 17th 1944, to Mr. and Mrs. Harry Belbeck, of Jarvis, a daughter.

BESS—In Norfolk General Hospital, Simcoe, on Tuesday, February 22, 1944, to Mr. and Mrs. Kenneth Fess, of Jarvis, a daughter.

Observing Sixtieth

Some farmers ask the question, "What will we do with all the surplus food after the war is over?" Actually if every person in the world could get enough food there would be conducted and could get enough food there would be conducted and could get enough food there would be conducted and could get enough food there would be conducted and could get enough food there would be conducted and could get enough food there would be conducted and could get enough food there would be conducted and could get enough food there would be conducted and could get enough food there would be conducted and could get enough food there would get enough food there would be conducting and conducting and conducting and one-half at takes two and one-half as surplus could become a deficit. As long as there are people dying from starvation there can be no real surplus. Indeed it may be as claimed by Lord de la Warr, that there really is not enough land to produce enough food for everybody. That is another sound argument for increased yields per acre.

For years the Poultry Department O.A.C. has been conducting a cambeting purpose. It pays to buy chicks from tested flocks. Strict sanitation must, of course, be observed in t Some farmers ask the question

Observing Sixtieth sanitation must, of course, be observed in the incubator, the brooder, and around the entire premises.
