KEEP YOUR DOLLAR VALUE HIGH!

THE BREWING INDUSTRY (ONTARIO) to reveal the dangers which inflation can mean to all the people of Canada.

What Does Inflation Mean to You and Me?

Why, we couldn't buy enough food to keep our families healthy under inflation. For wages and salaries never catch up to prices when they start to soar!

How would we like to pay \$1.10 a dozen for eggs? You say it can't happen? Don't forget it's already happened right here in this Dominion, during the last war. And it will happen again... unless we're on our toes to keep the cost of living down. Every Canadian must face this challenge! It's our responsibility.

But be of good heart. Living costs have risen LESS in Canada than anywhere else. Canada leads the world in the fight against inflation. HERE'S HOW IT'S DONE - In 1941, Canada determined to control the cost of living. Price ceilings were established on wages, rentals and commodities; subsidies were paid on essential foods; goods in short supply were rationed... so that everyone could get their fair share at a price they could afford to pay!

But control of prices is a two-way responsibility. It needs your support if it is to continue working effectively.

GET YOUR 1944 MOTOR VEHICLE PERMIT NOW

Your 1944 motor vehicle permit is now ready. Good citizenship and good sense tell you to get it now.

Take good care of your 1943 plate. Wartime restrictions require that you use it for another year.

Your motor vehicle permit fee remains the same. With your 1944 motor vehicle permit there will be issued a windshield stamp such as that illustrated.

The display of this stamp will validate the use of your 1943 plate.

1944 drivers' licenses are now available and should be secured at once.

FINANCIAL RESPONSIBILITY

Do you know that both your motor vehicle permit and driver's license will be automatically suspended until you file proof of financial responsibility if you are convicted of a violation of the law following an accident? You may find an insurance policy difficult to secure then. It is better to drive safely and avoid accidents than to find yourself unable to drive at all.
