**THE CHRISTIAN AND THE RACE PROBLEM**  
Luka 10:25-37; Acts 10: 4-18, 34, 35; 17: 22-31.

**Golden Text**—Of a truth I perceive that God is no respecter of persons: but in every nation he that feareth him, and worketh righteousness, is acceptable to him. Acts 10: 34, 35.

Some seem to be of the opinion that race discrimination was a product of Hitler and his Nazi party. Others think of it as starting in the days of Lincoln. However, as we turn to God's word, we find it was most prevalent in ancient times, and was the chosen race, and the Israelites were jealous of their position. In the days of Christ, we remember how the woman at the well spoke of the Jews having no dealings with the Samaritans.

The gospel message of Salvation through faith in our Lord Jesus Christ, was first given to the Jews, who hesitated to impart the good news to the gentiles. Because of this, the Lord gave Peter this lesson, which if practised by all nations, would give us some hope for a lasting peace.

To answer the prayer of Cornelius, God moved in a wonderful way, giving Peter this revelation of mankind, in the Lord's sight. Peter's vision

While the servants of Cornelius were approaching Peter's residence, the Lord caused Peter to fall into a trance. In the trance Peter saw what appeared to be a great sheet let down from heaven, containing all manner of animals. He was given the invitation to arise, kill, and eat. Peter was very hungry, and it was a strong temptation to accept the invitation to partake, but Peter's desire to abide by the Jewish laws overruled.

To impress Peter, the scene was repeated three times. Following his refusal to eat, a voice spoke to him, saying, "What God hath cleansed, that call not thou common." Coming out of the trance, Peter pondered as to its meaning. With the coming of Cornelius' servants with a request for him to come to Caesarea, Peter realized the vision referred to the gentiles, not meat. It was a message to him that "God is no respecter of persons," "not willing that any should perish, but that all should come to repentance."

**All Are Sons of God**  
When we came into the world we had no choice in regards to a yellow, black or white skin. Neither were we able to choose our nationality. This was something over which we had no control. Why we were born rich or poor, black or white, was in the Creator's hands. "Who giveth life to all."

It is only by God's goodness that we are what we are, so let us not look upon the less fortunate with contempt. Regardless of our position, language, or color, we are of one blood, and it is the Lord's will that we should be born into one family, becoming sons of God, through believing in the Lord Jesus Christ. May we "Honour all men. Love the brotherhood. Fear God. Honour the king".

**CANDIDATE**  
As a result of experiments conducted last Winter under the supervision of Canadian scientists, the clothing and equipment of Canada's armed forces will be more comforting and more serviceable in sub-zero weather.

The experiments were carried out at four different points in Canada in an attempt to determine the value of every possible item of equipment.

About 1,000 men from the Canadian forces were used in many of the experiments, and in one of them a group of soldiers broke the ice on the Saskatchewan River to test what type of boot would best repel the cold and damp.

The men stepped into the numbing water on a day when the temperature had dropped to 25 below zero. They paddled ponderously about until they stood inactive on the shore for an hour before resuming a 15-mile trek to Prince Albert, Sask.

They reacted told the committee more about the type of clothing and equipment necessary for comfort and serviceability in sub-zero weather than a thousand experiments conducted in an artificial house, the Army said in press release.

**INDUSTRY ASSURED BANKS WILL LEND AID**  
The notion that banks would not finance industry in the west was scored as "perfect nonsense" by S. G. Dobson, vice-president and general manager of the Royal Bank, recently.

"The banks will finance industry anywhere it is feasible," said Mr. Dobson, who was in Regina on his way through to the west coast on a business trip. As for industry in the west, he pointed out that there were hundreds of factories in Winnipeg and Vancouver.

If anyone were to start developing industries in Saskatchewan, the banks would help to finance anything that was economically sound. "We do not turn down any business just because of its location," said Mr. Dobson.
