Sansom, who earlier in the war was a Divisional Commander in the Canadian Army.

Lieutenant Sansom, who was commissioned in England at the end of 1943, was attached to the Public Relations section of the Canadian Army and her job was associated with publicity for the C.W.A.C. (the equivalent of Britain's A.T.S.) In the course of her work she did a considerable amount of broadcasting to Canada. When the A.E.F.P. service was initiatated, she was made available, on a full-time basis, to help the Canadian representatives of the boardcast service as one of the continuity announcers.

That she thoroughly enjoys her work is evident and her bright and happy manner of announcing has been found very infectious by her listeners in Normandy among whom she has already become very popular.

David's Prayer

"And now, O Jehovah God, the
word that thou hast spoken concerning thy servant . . . and with thy blessing let the house of thy servant be blessed for ever."

In the life and Psalms of David, we see how consistently he sought to magnify the Lord. He realized he owed everything to God. It was God, not man, who overthrew all the foes of Israel and unto Him belonged all praise.

The words of men often prove to

Some deliberately choose to speak falsely; others speak in good faith and make promises but fail to fulfill them, sometimes through forgetfulness, or other times through circumstances beyond their control. But David knew he was dealing with One whose essential character is truth. Because David knew God was be could rest in Because David knew God was faithful and true he could rest in His promises. If we only believed more deeply that God's words and promises are true, and their fulfillment is sure, what a difference it would make in our lives.

In spite of Peggy's desire to be modern she loved this place which had been built by her great grandfather, with its old-fashioned gardens now tended by the children and grandchildren of the Negroes who had belonged to the original owner of Rosewood. As she ap-proached the house she looked at Peggy turned to walk up the road to the main entrance of Rosewood, but she had gone only a it with a smile. Harry was right. Her ancestors whose pic-tures hung n the large high-ceil-inged rooms had, after all, been real people who had dreamed, planned and achieved, that Rose-wood should be what it was now. Furniture and books had not been to go riding along an open road with a man like that.
"I beg your pardon," he interrupted her ridiculous thoughts.
"But could you tell me where I could find the Horton place?" "The Horton place?" Peggy re-peated in astonishment. Who on all bought at once by one person. They had been acquired by differearth was he?

"This is the Horton place in here."

"Is it really?" he asked raising his eyebrows in surprise. "Now isnt that odd that I should have, driven right to it?" He looked towards the house and gave a low whistle of delight.
