#### How To Lower Living Standard

One point made this year by Mr. A. N. Mitchell, president Canada Life Assurance Co. which if com-prehended widely enough, would save Canada oceans of grief and let us get on with the job of building soundly for a better Canada for all Canadians is this:

"It is time to realize that regimentation ultimately destroys not only individual opportunity and freedom, but leads the hobbled peoples finally into lower standards of living. Assumption of power over the lives and actions of their fellow-citizens by a politically ag-gressive few in the name of the state — call it Fascism, Nazism, Socialism, Collectivism, State Con-trol, Planned Economy, or what have you - must always lead to some form of autocracy and much lessened individual freedom. The so-called planners must have power to force compliance with their orders, if their plans are to be ef-fective. No Socialist-planned ec-onomy can operate without each citizen yielding the planners his previous rights of choice decision and action."

Make up your mind today that you are going to give your skin a real chance to get well. Go to any good drug store and get an original bottle of Moone's Emerald Oil—it lasts many days because it is highly concentrated.

The very first application will give you relief—the itching of Eczema is quickly stopped—eruptions dry up and scale off in a very few days. The same is true of Itching Toes and Feet. Barber's Itch, Salt Rheum and other skin troubles.
