Church Notes

AT THE UNITED CHURCH
"Changing the Temperature" will be the subject of the minister's sermon on Sunday morning. Changing the temperature accomplishes great things in the realm of horticulture and agriculture, what can it do in the realm of spirit?

The evening service will be under the auspices of the Young Peoples Union Christian Fellowship Committee.

KNOX CHURCH NOTES
The annual congregational meeting

This is YOUR way

to send food and clothing
and medical supplies to the sick and
hungry in these ravaged lands . . .

Listen to the cries of thousands of homeless children and old folks suffering while we are safe.

Listen to your heart—and respond.

Out of our security—out of our plenty, we must give freely.

By contributing to the Red Cross you will send help through the kindly hands of men and women trained in personal service to those in direct need.

STICKY QUESTION

Why not ration such things as candy and silk stockings? We have asked that question before, but no one cares to answer. Why is candy not rationed? It is a sticky question, but so was molasses.

Popular Jarvis Girl Married Saturday

PARSONS-REICHEL

A very pretty wedding took place on Saturday afternoon, March 26, 1945 at three o'clock, at the home of Mr. and Mrs. F. W. Reichel, Jarvis, when their daughter, Shirley Ann, was united in marriage to Flying Officer Ward C. Parsons, D.F.C., youngest son of Mr. and Mrs. Harvey Parsons of Cayuga.

Mr. Glen C. Reichel, sister-in-law of the bride, wearing a gown of ice blue crepe, played the wedding music while the wedding party took their places in the sun room, under an arch of spring flowers.

Eight schools will remain open the more than forty in operation under the original scheme, and of particular interest in this district is the fact that No. 16 S.F.T.S. Hagersville is included in that group.

Mr. and Mrs. James Rawcliffe, Nanticoke, received word last week that their son Charles, had been killed in action overseas.

Mr. and Mrs. Rawcliffe have three other sons overseas: Henry, in England and James and Abraham on the fighting front in Europe. Mrs. Robert Taylor, R.R. No. 3, Jarvis, is an aunt of the deceased soldier.

The sympathy of the entire district is extended to the bereaved parents and family.

Bombing At Low Levels Not Healthy, Says Returned Flyer

S.L. Harry Gowan, D.F.C. and Bar, revealed to a group of interested listeners in the Sunday School room of Wesley United Church on Sunday night that it is decidedly not healthy to go in over a bombing target at eight thousand feet, which he did on his first operational flight over Germany.

"You are in the range of both the light and heavy flak at that height," he said, "and believe me, that one lesson was enough for me."

The returned hero, who is at present enjoying a furlough at his home here from a West Coast training station, divulged a few of his personal experiences at the after church get-together and needless to say, his

the happy couple left by motor to spend their honeymoon in Toronto and New York City. The bride's travelling suit was of light weight wool, the groom expects to be again posted to the war zone.

The double ring ceremony was performed by Rev. J. M. Cameron, Rector of St. Paul's Anglican Church. Mrs. Reichel, mother of the bride, received the guests wearing a black sheer sequin trimmed dress. Her groom's vest of pink crepe, she wore a corsage of pink Johanna

the specific. The Haldimand Co-operative Association organized in 1944 after a season of promotional work on Haldimand County.

This so-called promotional work was merely an effort to bring to plain words and figures the surrounding agricultural community the importance of the co-operative movement.

The approval of the Hydro Power Commission of Ontario, the Hydro Electric System, is a twenty per cent rebate on all hydro users in Jarvis of total consumption of hydro during the winter months.

total charges made for electricity last year was \$1,500.00. With the reduced rates, the rebate will be equivalent to a three month free privilege to all consumers.

Method of making the rebates yet determined and regardless of it is one it will mean a great deal to the community. It is likely, the credits will be shown on April accounts.

PRISONERS OF WAR—With the end of hostilities our Prisoners of War will automatically cease to be Prisoners. Chaos and breakdown in Germany will probably ensue. The German state will cease to care for them. They will become wards of the Allied General in command of the Occupation Forces. Transportation will be difficult, and it will probably take a minimum of six months to repatriate the 2,400,000 Canadian, British and Allied Prisoners in German Camps. The need of Prisoners' Parcels and Medical Supplies will be doubled. They will be distributed by the Allied Command, and will play a vital part in feeding our men pending repatriation. After the magnificent job we have done during the last five years we cannot let our boys in German prison camps down. Our Prisoners in the Far East will also be a continuing responsibility. We must carry on until every man is back home.

EUROPE'S STARVING MILLIONS—The job of feeding Europe's hungry millions is staggering in its immensity. Over 17,000,000 humans have been torn from their homes. Many have nowhere to rest their weary heads. They are starving. Malnutrition is the rule rather than the exception. There will be an urgent need for food, clothing and medical supplies. The Red Cross in these stricken countries are utterly dependent on their sister societies for supplies to meet these dire needs. Can we let them down? The Canadian Red Cross must go on!

RED CROSS WORK WITH OUR ARMED FORCES—Until the last Canadian soldier has left Europe and has been discharged from hospital, there will be important work for the Red Cross to do. How long this will be we do not know, but one thing we are certain of and that is that every Canadian at home will want to make sure that our boys will be as well looked after with the coming of peace as they were in war. The care of the wounded both in Europe and Canada is a permanent responsibility which we cannot evade. No Canadian wants to evade it. Here again the Red Cross must go on!

OUTPOST HOSPITALS, CHILDREN'S CLINICS AND DISTRICT NURSING SERVICE—This is part of the Red Cross service to civilians in Canada. It is carried out in the sparsely settled parts of the Dominion, and it must go on.

FIRST AID AND HOME NURSING SERVICE—One of the fastest peacetime activities of the Canadian Red Cross. It is truly a worth-while work and must go on.

TEACHING CANADIANS HOW TO BE BETTER NOURISHED—There is important work yet to be done in the matter of Nutrition. Thousands of Canadians are not eating the proper food. Their health could be improved immeasurably. The Canadian Red Cross has undertaken to educate where education is necessary. This work must go on.

PREPARATION TO MEET EPIDEMIC OR FLU—In case of these twin evils the Red Cross is always first on the job. For this reason alone the Red Cross must go on.

JUNIOR RED CROSS—A great crusade of 900,000 Canadian school children for health and good citizenship. A work that must go on.

Red Cross Work Must Go On!

D.D.G.M. Visits Masonic Lodge

REMEMBER OUR BOYS SERVING OVERSEAS

Leave your donation for the local Cigarette Fund at the Record Office.

The D.D.G.M., Rt. Wor. Bro. Dr. R. M. Billings, of Cayuga, made his official visit to King Solomon Lodge No. 229 A.F.A.M., Jarvis on Friday night, and was greeted by a capacity attendance.

Four different Masonic districts were represented, and nearly all lodges in the district, including Scotland, Caledonia, Hagersville, Port Dover, Cayuga and Dunnville.

Rt. Wor. Bro. Billings was introduced to the Lodge by Rt. Wor. Bro. L. L. McBride, past D.D.G.M., of Brant District. He was given a cordial welcome by Wor. Bro. A. L. Miller. The work was exemplified in the first degree.

Retiring to the anti-room where a banquet was enjoyed, Rt. Wor. Bro. Billings delivered an inspiring address on the early history of the Masonic Order. Other speakers during the fourth degree included: Rt. Wor. Bro. J. J. Parsons, Rt. Wor. Bro. Thos. Cammford, Wor. Bros. Alex. Arrell, of Caledonia, Gordon Stimmer of Jarvis, Lawrence of Scotland, H. T. H. Barrett of Port Dover, D. G. Mount of Hagersville, Geo. L. Miller of Jarvis and Bro. Chas. Mitchell, of Jarvis.

The officers of King Solomon Lodge are exemplifying the first degree at St. John's Lodge in Cayuga tonight.

Mr. and Mrs. J. J. Parsons, Mr. and Mrs. G. L. Miller, Mr. Carl Smith, Mr. Lorne Doughterty and Dr. and Mrs. Bruce Smith are among those from this district attending the Mutual Underwriters Convention in Toronto this week.

Every word was listened to with rapid interest. Besides considerable patrol duty over the Bay of Biscay which he regarded as rather dull, compared to the flak-infested trips over Germany, he completed forty-five operational trips in the devastating path of Air Chief Marshal Harris, which has left in ruins city after city in the German Reich.

He is now doing instructional duty in Canada and is stationed at Abbotsford, B.C.

Yes, the transportation difficulties are increasing. Even at that they are nothing as compared with Germany during recent weeks. There is a very real shortage of rolling stock. Loadings are being made at the rate of fifty to seventy cars per day. However there are about four thousand cars on order and more coming in each day. Thus a shortage of cars grain may easily develop in Ontario.

Seed dealers in the County received notification last week that no participation certificates were to be issued on the 1944 crop of small seeds after March 31st next. This simply means that if farmers want to benefit by the seed bonus policy they must have their seed in the dealers hands before that date.

Now that the seed fair is over it is expected that many farmers will have arranged for their supply of this commodity. It was surprising the amount of seed that has changed hands at the fair. A list of seed for sale is available from the agricultural representative and other change hands at the fair. A list of seed for sale is available from the agricultural representative and other change hands at the fair.

This is a good time to treat the seed grain for smut and other seed borne diseases. Mercuric chloride dusts can be used now and the grain stored for at least two months without injury to germination. Formalin treatment likewise can be made early but there is always the danger of re-infection unless stored in almost airtight sacks. Ask for a copy of a card giving full details of treatment at your agricultural representatives office.

Some weather-wise folk are predicting an early spring. That being the case (we hope it is
