brings QUICK RELIEF!

For quick relief from headache pain, just take an Instantine Lablet with a glass of water. Chances are you'll discover as thousands have done, that prescription-type Instantine is a modern way to fast relief from headache pain. Instantine works in three ways to bring prompt relief:

1. Speedily eases pain. 2. Prolongs relief from pain.

3. Reduces "depressed feeling." Gives mild, stimulating "lift." Instantine never pampers pain. It's specially compounded to give quick relief. Try it to relieve muscular ache or pain, and for the discomfort you feel when a cold gets you down. All drugstores have Instantine. 12 tablets 25£.
