## QUEEN'S PARK COMEDY

PUBLIC REACTION to the comedy drama carried out at Queen's Park last week has in no measure added to the stature of parliament or to the individuals which make up that august body.

However, the elected members of the Legislature, have truly symbolized the inevitable corollary which we should expect by virtue of our attitude toward the rich right and heritage which we have failed to fully appreciate.

An Australian made an observation the other day which does not take to heart. He said: "You Canadians are the most ingenious race of men I have met. If a Mister Big (like Churchill or Roosevelt) says something, you accept his statement amicably and without debate. This may serve as a temporary contribution to world sociability, but it is a slothful habit and means nothing more than that you Canadians are living off the minds of others."

Our Political leaders have learned this truth. If it were not so, surely the opposition in the Ontario Legislature would not have precipitated dissolution. Surely the voters of Ontario do not want an election at this time. Despite what his opponents may say, Premier Drew has demonstrated he is qualified to give sound leadership. Yet the opposition groups must feel sure that by their utterances over the next two months they can convince the people of the necessity of a change in leadership.

The whole unfortunate business is the result of our failures as individuals; a wrong interpretation of the business of politics. Otherwise the opposition to the Drew Government would surely not have laid their heads so squarely on what appears to us to be the chopping block.

## YE GLORIOUS INCOME TAX

WITH SO MANY PEOPLE worrying about the inevitable day, April 30th, known as the last day Income Tax Returns can be filed, it may be pertinent to make an observation which might prove cheerful to our good friends the farmers, who have been harbouring a doleful complex by virtue of having been on the short end of the National Income in the years prior to the war.

On the basis of reports of Income Tax paid by the urban and rural population in the fiscal year 1942-43, farmers of Ontario, who make up 38.26 per cent of the total population, paid three one hundredths of one per cent of the tax. While the farmers can justifiably claim they received an inadequate share of the National Income during the thirties, it can be claimed with equal justification that the Income Tax paid by this section of the population in the fiscal year 1942-43 is out of proportion.

Further observations on the Income Tax for that year reveals that the urban dweller paid about \$10.00 per capita, while the farmer settled for less than five cents.

The Toronto Telegram says: "It's not even funny" and no doubt the urban readers to that journal will agree. We pass it along to our rural readers just to point out the urban slickers don't get all the breaks.

## THE WESTERN FRONT

WITH ACTION on the Western Front rushing toward what appears to be climactic

not warrant. Our minds have been so transfixed upon one man (Hitler) that we may feel that his downfall means the end of all our wartime trials and difficulties. But even after a master criminal has been completely subjugated our actual position will be little changed.

The demands of wartime will ease only to a limited extent. The work of War Charity organizations will continue, the need to raise money through Victory Loans, and greater still the other enemy, The Jap, will have to be dealt with.

How glorious our present victories on the Western Front. But do we realize the tremendous power behind the drives which took our soldiers across the Rhine and into the Ruhr Valley. The cost of these operations will not stop with victory. Our Minister of Finance will still require tremendous amounts of money to discharge the commitments of the Nation and he can secure that money only through our subscriptions in the purchase of Victory Bonds which he offers from time to time. The Eighth Victory Loan is not far off and the wholehearted support of all Canadians is essential to the continuance of our sound system of financing the cost of war.

## V V V V IN THE NAME OF RACIAL PURITY

THE NAZIS have used their pseudo-scientific theory of racial purity to justify their cruelty to the Jews, but other races than the Jews have suffered. We have learned recently that systematic extermination of the gypsy population of Germany was carried out, and that all the few thousands of gypsies among the 68,000,000 of greater Germany were killed. The same thing was done in Poland; wherever gypsies were found they were sent to the terrible camp at Treblinka, where they were gassed and cremated.

What justification there was for this slaughter, apart from pure cunningness, we do not know, for the gypsies are among the purest Aryan peoples of the world. Perhaps Hitler hated them because they were such poor Nazi material. It is impossible to impose order or discipline upon a gypsy; it is impossible to affect him with propaganda, for he instinctively questions everything he is told; it is impossible to impress him, and it is impossible to quench his lively sense of humour. We confess to a great admiration and affection for the gypsy people for these very reasons, and we can understand why they would not fit into the Nazi pattern.

## V V V V

THIS WEEK the Baby Bonus registration forms are going forth across Canada and parents are asked to register the names of three and a half million children on these forms and send them back to Ottawa.

The magnitude of the Family Allowance Act is too big for the average Canadian to comprehend in all its complexities. Government spokesmen of course, are hailing the Act as one of the most forward steps in Social Service ever to be put into effect, and speak in glowing terms of its far reaching benefits. On the other hand authorities such as Dr. Charlotte Whitton, charge that the Act involves a numerous and costly officialdom, duplicating existing Welfare Services. She urges re-examination of the Act in consultation with the Provinces. She has submitted several articles recently in the Toronto Saturday Night which if read and digested would change the complexion of the whole scheme to the average thinking Canadian. Dr. Whitton believes social services and not money, should be the bonus given families. This attitude was supported in the United States when a poll was taken on the subject, and in a cross section of U.S. women were asked: after the war should the government pay a bonus for each child born. Eighty-five per cent of the women polled were against it. Services, not bonuses, and a good stiff tax on bachelorhood, is what they suggest to stop the falling birth rate.

In any event it would be foolish to believe that the money to pay the bonus will be the cost of the officialdom required to administer it is going to come from Heaven.

## V V V V

A woman's strongest asset is man's imagination.

## Pen, Scissors and Pastepot

To purchase in a black market is a form of theft because it takes away from some other what he is rightfully entitled to as a citizen.

We moved at the cottage of those who are in the black market on Saturday and a church pew on Sunday.

When victory is won over Germany and Japan, there will still be another war to fight, a real fifth column. Tuberculosis, each year killing more Canadians than war.

A United States circuit Court has ruled that diapers are "essential to a child's morals." This, of course, is in addition to the function they customarily serve.

Bolton just scored at 12-36 in 10 minutes, to give the Leafs a three one lead over the Canadiens. With Foster Hewitt off the air we can now go to work.

It is reported that Canadians will meet the minimum Red Cross objective of ten million dollars and add another five million for good measure. The heart of the results that will give heart to the boys on the fighting fronts.

The gentler sex: Three women required medical treatment after a Kitchener store front by the jam of up shoppers behind them. On the proof for honesty after the store advertised stockings would be on sale that day, they created such a crush against the store front that the three women were propelled through the shop window.

## Fireside Club Play Draws Large Crowd

There were no vacant seats on Friday and Saturday night in the Town Hall when the Fireside Club Players presented the Comedy Drama, "Auntie Gertie Goes to Sea." The play, from all comments, deserves great credit for their fine presentation and the audience have received a great pleasure in the play in other centres.

Those taking part included: Mrs. Roy MacGregor, William Williams, Eileen Reynolds, Jos. Jacques, Mrs. Eileen Reynolds, Charles Davidson, Mrs. Chas. Davidson, Mrs. Carl Cust, Mrs. Chas. Davidson, Mrs. Eugene Hoover.

The play was directed by Mrs. Evelyn Jarvis. Miss Meta MacMurray supplied music between the acts. Rev. S. B. East presided as chairman.

## ANNUAL SELL FAIR DRAWS LARGE ATTENDANCE

(continued from last week)

Class 12 — Alaskie - Ross Gardiner, Cayuga.

Class 13 — Timothy - Ross Martin, Cayuga.

Class 14 — Alfrida - L. B. Mehlender, Cayuga; Freeman Nixon, Hagersville.

Class 15 — Hybrid Corn, Any Mature, 10 ears corn on cob - J. A. Turnbull, Canfield; Caledonia, Ross Martindale, Cayuga; Harold Meadows.
