

## Can You Picture CANADA without Newspapers?

All of us should feel proud of the fine job newspapers are doing to keep all parts of the Dominion aware of the day's developments everywhere. It's a strong and free press, serving free people—one of the first things the dictators would suppress if they had the chance. And it would be hard to over-estimate the part played by Canada's 96 daily and 687 weekly papers in furthering the war effort.

We, of Greyhound Lines, are doing a job similar to that of the newspapers—linking various communities to each other and to the rest of the nation. At present, like all other transportation systems, we are taxed to capacity, but when the war is won we will have surprising improvements in bus travel for you.

## The Letter Box

Dear Friends: Just a line to wish you all the very best and thank you all for the lovely gift of cigarettes which I received from the Jarvis Cigarette Fund for I sure appreciate them very much and I want to thank you all and all a million times.

—Gnr. BARTLETT, J. Dear Friends: I wish to thank you once again for the cigarettes received yesterday and was pleased to have them for I had no smokes of any kind and I really don't think much of begging from the lads for smokes. So once again, thanks for the kindness to all who make this Fund for us. Sincerely yours,

—A. RAWCLIFFE Dear Friends: Received another three hundred cigarettes from your Cigarette Fund today. Thanks a lot, I was nearly out, as they seem to be having trouble catching up to us with the mail now. The Jarvis Record is also coming through regularly now; it's always good to know what people around home are doing. Guess there will be a lot of strange faces when we get back. But the way the war is going now, maybe it won't be very long. As ever,

That's the reason why now, as in pre-war years, you can count on your Sherwin-Williams Dealer to sell you only the best paints and varnishes. ## SLING SHOTS...

— By Jessie Miller —

"And shall wars cease and be no more, while wars' grim spectre stalks a nation's door?" "Security for all! This goal's worth living for."

In the death of President Roosevelt, the common man and the cause of peace lost their foremost proponent on this American continent. The C.C.F. Party is dedicated to THESE TWO CAUSES. Join this great Peoples' Movement so that living conditions now and in the years to come may be of a better order than those experienced in the years just past.

By YOUR influence By YOUR vote YOU may contribute toward the security of YOUR children.

Free Enterprise? The survival of the fittest? The law of the jungle? DOG EAT DOG?

The two old parties brag about Free Enterprise! They stand for the principles of Dog eat dog! And this after nearly two thousand years of Christian teaching. Surely human beings have some higher ideal than the law of the jungle! Must we be classed with the beasts of the field?

Free Enterprise, indeed! Dog eat dog!!

What an indictment of both leaders and followers of both Conservatives and Liberals!

The C.C.F. stands for brotherhood. Line up with "Humanity on the March" and support the C.C.F.!

Parents! Mothers! Wake up!!! You who would leave no stone unturned to guard the health and happiness of your children!

Are you content to go through a depression every ten years? A major war every twenty years? Do you wish your children to suffer what this generation has suffered? Unemployment? War?

You grandparents who gaze fondly upon your grand children? Do you not willing to cast your vote for the Party which is honestly seeking a cure for these terrible ills?

Both old parties say they can't be cured. Therefore why try?

The C.C.F. says they CAN be cured. It is trying.

Remember your children will be the cannon fodder in the next war, so take thought!

Act!! Vote C.C.F.

## THE CANADIAN WAY OF LIFE...

## A Chance to Go Fishin'...

YES, and the right to go fishin'... the right to enjoy the simple, pleasant things of life! Picnics by the river—week-end trips in the old family jalopy—these are some of the things that your boy is fighting for today! And he won't be able to enjoy these things unless we at home fight for him against inflation—unless we make sure when he gets back his dollar will be worth a dollar.

To protect his dollar, we must realize NOW the dangers of careless, unnecessary buying! We must buy only what we need—never buy two where one will do! We must not evade rationing or price control, or deal with black markets. If we break the rules, our country—the country he's fighting for—will start on that spiral of prices known as inflation!

Remember! Every time ONE of us breaks ONE of these rules, we're lowering the value of our soldier's dollar. We're helping to shoot prices sky-high... and sky-high prices mean inflation. The value of every dollar in Canada goes down, and when the men overseas come back their dollar might buy only a quarter's worth of goods!

We can prevent inflation! We can give our fighting man his "right to go fishin'", if we make sure his dollar will be worth a dollar, when he comes home. We can't give back to him his lost years, or his lost youth. But if we keep up the fight against inflation, he can look forward to pleasant, satisfying living — the Canadian way of life!

## Make this Pledge Today!

I pledge myself to do my part in fighting inflation!

By observing rationing and avoiding black markets in any shape or form.

By respecting price controls and other anti-inflation measures, and refraining from careless and unnecessary buying. I will not buy two where one will do, nor will I buy a "new" where an "old" will do.

By buying Victory Bonds and War Savings Stamps, supporting taxation, and abiding by all such measures which will lower the cost of living and help keep prices at a normal level.
