### GERMANY GIVES IN

(continued from page one)  
The army formation in the field—the 1st Canadian army—holding the eastern end of the Normandy line against some of Germany's toughest troops.

Field Marshal von Kluge concentrated his main defence in the Caen area of Normandy to block the road to Paris and Canadians and British troops fought their way through the heavy fighting. Their heroic fight allowed American columns to strike through Brittany and then eastward across France.

The Canadian Army moved into Belgium after liberating Dieppe and other Channel ports and then played a big part in the capture of Brussels.

In September the Canadian 1st Army moved across the frontier into Holland.

On August 15th Canadians in the joint United States-Canadian service force, the veterans of Italy and Kis-

### BIRDS INTERFERE WITH TRAFFIC

If the eggs in the bird's nest in the traffic light at the intersection of Number 3 and 6 Highways, do not hatch soon, there is bound to be some difficulty for motorists to know when to stop and go. The nest is situated directly in front of the stop light and it is a most likely place for a smart bird to build a nest. The heat from the light provides warmth and the open front gives just the right amount of fresh air. Just as soon as the birds can be safely moved the nest will be taken down and traffic can again move under normal direction.

## Now is the time to put Haldimand under the Liberal Banner

### HALDIMAND LIBERAL ASSOCIATION

### FEDERAL CAMPAIGN, 1945

LORNE M. ROOT, President,  
Dunnville

KEN HEAD, Secretary,  
Hagersville, Ont.

FRASER RANEY, K.C.

### Fellow Canadian:

Every Canadian, soldier and citizen, wants a job, and the opportunity to lead a useful life after the war. Jobs for all means that BUYING POWER must be kept up for all classes in all parts of Canada. BUYING POWER means demand for goods; that means production: that means jobs.

Liberal policies are therefore designed first to keep up your BUYING POWER. Family allowances will put 200 millions of buying power in the hands of those who need it most.

Useful public works and development projects will give employment, that is, BUYING POWER, where private enterprise proves insufficient.

Markets will be found for farm products outside of Canada—because we produce more than we can possibly consume. If our farmers are to have BUYING POWER they must sell their produce.

The Liberal Government has been working steadily towards these ends since it was first elected in 1935. The proof is on the statute books.

Do you realize what the accumulated BUYING POWER of all the Victory Bonds held by Canadian citizens will mean once the war is over? The Liberal Government should be given credit for bringing us through this terrible war free of foreign debt, with more BUYING POWER already stored up than has ever existed in the history of Canada.

Will you show your appreciation and confidence in the men who did this for you? Vote Liberal for a better Canada.

**Fraser Raney**

Liberal Candidate

P.S.—Have you bought your Victory Bond Yet?

### JUST AFTER A BIG BATTLE

The opening games of the Erie League, which were to take place this week have been delayed by the heavy rainfalls. The softball fields are virtual ponds and it will require considerable sunshine to draw off the surplus moisture.

In the meantime softball fans are looking forward to the tournament to be held here on May 24th. Eight teams will compete in the games which start at 10 o'clock in the morning and continue throughout the day. Charles Butts, manager of the local team, is directing the arrangements for the event. Refreshments will be served on the grounds.
