Why Am I C.C.F. Candidate

Due to the facts that the governments of this province have consistently neglected to provide legislation to protect the welfare of the common people, of which I am an extent to which we are entitled, a new party has been formed, the platform of which has been drafted by the C.C.F. Government which was elected in Ontario in 1943. A general election, chosen to carry the standard of this, the C.C.F. Party, Provincial Election June 4th. I accepted the (although I felt it would make sacrifices in my own order that I might be able to do my bit toward the farmer and the worker in industry.

Now it becomes apparent that the opposition adopting a great many of the essential principles of the C.C.F. platform, such as floor prices for farmers, hospitalization, increased pensions for the aged and more. But be not misled, these same parties are incorporating a great many of the principles of the C.C.F. Government which was elected in Ontario in 1943. A general election, chosen to carry the standard of this, the C.C.F. Party, Provincial Election June 4th. I accepted the (although I felt it would make sacrifices in my own order that I might be able to do my bit toward the farmer and the worker in industry.

The high winds which prevailed on Tuesday caused a three hour hydro interruption when a power line broke between here and Hagersville. Several large limbs from trees in the Village littered the streets as well as many smaller branches. A service line leading to the home of Chas. Butts broke with the loose end dangling in the branches of a tree which he caught a call for the fire department, when the fire was seen flying. No other damage was done however.
