BRIEF NOTES FOR THE BUSY FARMER
— By Haldimand Harry —

The unprecedented weather of the past week or so has made possible one of the earliest seedings on record. By the time this is read the great majority of farmers in the county will have completed the sowing of spring grain. One observation could be made at this time. That is that some farmers were caught unprepared for such an early seeding. Some had not yet cleaned their seed. Others didn't have their equipment ready.

v v v

All of which means that these jobs should be done much earlier. In reality there are only a very few ideal seeding days in the spring and the farmer must take full advantage of each in order to make the most of his time and effort. Any delay costs money, whether it is caused by lack of foresight or by accident.

v v v

Perhaps it is a good time to remind ourselves that all our equipment should have been gone over care fully long ere this so that repair parts can be ordered. Because of the hang-up in steel production, repair parts may be slow in coming through. If the corn planting machines, the having machines and even the harvest equipment is in need of parts now is the time to see to it. With the shortage of help we cannot afford to take any chances.

v v v

Thursday, May 30th, has been selected as Farmers' Day for Haldimand County and elaborate plans are under way for a monster picnic to suitably celebrate the occasion. The picnic will be under joint auspices of the Federation of Agriculture, Farm Forums, Women's Institute and Co-operative Association, and is to be held at the newly established Rural Youth and Agricultural Centre. Mark this date on your calendar now.

v v v

In view of the over-all food shortage and the necessity of farmers making the most of each acre of crop, our attention is again directed to the growing of husking corn. Our acreage of this crop will naturally be limited to the extent that labour and corn pickers are available but it must be kept in mind that greater yields of higher feeding value can be obtained from an acre of husking corn than from an equal acre of oats or barley.

v v v

For full yield and best quality grain, the corn must be well matured before a killing frost descends. There fore a variety must be selected that will be suitable to this district. Hybrid varieties are divided into groups as follows: very early, early, medium and late. For this district the very early and early groups are recommended. That means 80 to 85 day maturity and possibly in some areas 90 day corn could be used. Late varieties might mature under certain conditions but cannot be depended upon should an early frost come in the fall.

v v v

Some very interesting information on farm housing has just been published. The report is based on a survey of some ten counties in Southern Ontario. For instance, over 60 per cent of the farm homes visited were built over 50 years ago; less than 5 per cent were under ten years old; less than 20 per cent had bathrooms and in more than one-third of the houses water had to be carried from an outside pump more than fifty feet from the house.

v v v

Considerably less than 60 per cent of the homes had electricity and over 75 per cent had no electrical or ice refrigerators. There was a grave need of repairs of one kind or another and the list with 100 per cent of the houses needing this protection and improvement. These figures are astounding and demand that something be done to put the farmer in a position where he can afford some of these amenities of life.

TALK OF TAXES

We often hear men say that they are not going to milk cows any more, or raise pigs or do this thing or that thing or the other thing or work at all because the government takes it all in income tax. It is true the income tax is stiff, and it hurts to pay over large sums that way, but at the same time we feel it is not the right attitude.

Shortly before noon on Saturday, the fire department received a call from the home of Mr. Clarence Atkinson. Tools Valued $200 Stolen From Garage

Sometime during Sunday night thieves entered the S. J. Church Garage at the north end of the Village and made away with tools valued at more than $200.00. Entry was made through a window at the north end of the building and the thieves made their departure through the main door which they unlocked from the inside.

A pane of glass was removed from the window and entry was made through a small opening. Many valuable tools were left untouched although articles are being missed every day throughout the shop.

The robbery was discovered by Warren Fleming when he arrived at work Monday morning. The main door was swinging open and he immediately knew something was wrong. The proprietor, Mr. S. J. Church had been in the shop late Sunday afternoon and everything was in order at that time.

Police are investigating but so far no clues have been uncovered.

The Official Board of the United Church, meeting in regular quarterly session, on Tuesday night accepted the allocation of $1,140. for the Minister's Pension Fund drive which gets under way late this month. The total was divided between the two churches in the charge with Garnet raising one fifth and Jarvis four fifths. The method of raising the fund was left to the chairman of the Board of Stewards in both churches.

The total objective throughout Canada is 3½ million dollars and will be carried out by volunteer laymen canvassing representing churches in every locality. The allocation for all United Churches in the County of Haldimand is $10,250. This sum is divided among the various charges as follows: Jarvis $1,140.; Caledonia $2,200.; Canfield $360.; Cayuga $1,980.; Caistorville $400.; Dunnville $2,100.; Hagersville $2,060.; Mt. Olivet $100.; Nanticoke $225.; Oneida-York $275.; South Cayuga $240.

The primary purpose of the Country wide drive is to provide new capital for the United Church Pension Fund and to make it possible for young men of high character to enter the ministry without paying the penalty of a destitute old age. At such time when the pension fund is built up to guarantee reasonable security at the retirement age of sixty-eight years, ministers will be encouraged to undertake this high calling on extremely moderate salaries. The principle of the drive has been accepted by the Church membership and the success of the campaign now rests with the individual Church bodies.

William J. Fallis Died In 83rd Year

Was Last Surviving Member Of Pioneer Family

William John Fallis, the last surviving member of the family of the late Robert H. Fallis and Margaret Abraham, died on Monday, April 15th, in his Eighty-third year.

The late Mr. Fallis was a lifelong resident of this district. He was born in the Township of Walpole where he lived until his retirement from the farm nineteen years ago when he and his wife moved to Jarvis. During his lifetime he served in many public capacities and took a keen interest in the affairs of his community. He was a past President of the Jarvis Agricultural Society; served as treasurer of the Township of Walpole from 1902 to 1918; was auditor for the Walpole Mutual Fire Insurance Co. for a period of more than twenty years; was secretary treasurer of S.S. No. 6, Walpole for many years; and after retiring from the farm was assessor and tax collector for the Village of Jarvis for seven years. The late Mr. Fallis was a keen churchman and was for many years an elder in Knox Presbyterian Church. Following church union he became a member of the United Church and served on the official board. In his younger years he was well known as a member of the Fallis quartette which besides himself included his brother Abraham Fallis and two sisters, Margaret and Annie.

Besides his wife, the former Emma Mary Bourne, who has been his loving helpmate throughout the years of their married life, he leaves one son and six daughters to mourn his passing: Robert H. ROSS GRAEME HOWELL,

Dr. Ross Graeme Howell, retired Medical Doctor, died suddenly at his home in Jarvis on Monday evening, April 15th in his Eighty-first year. His passing followed an illness which has confined him to his home for the past several months.

The late Dr. Howell retired from the active practice of his profession about ten years ago after nearly fifty years as a Medical Doctor in Jarvis. He started to practice medicine with his late father, Dr. William Allen Howell, about the year 1895. He often recalled the difficulties in transportation in the early days of his career when it was often necessary to travel by horseback. He was a lover of fine horses, and took pride in his stable in those days. Deceased travelled widely in the later years of his life and was quite familiar with nearly all parts of the North American continent. His wife predeceased him in 1917.

He leaves one son, William, and one brother, Bert Howell, of Washington, D.C., also two grandchildren.

A private funeral service will be held from his late residence this afternoon at 2.30 o'clock with interment taking place in St. Paul's Church cemetery. Rev. W. H. Fuller and Rev. J. M. Cameron will have charge of the service.

The pallbearers are Joseph Owen, M. c Honey, Fred Reicheld, Wm. Hodge, Emerson Miller and J. J. Mitchell

Conducting Choral Group in Beaverton

Mr. and Mrs. J. E. Lindsay and Mr. and Mrs. George Kibler of Selkirk, Mr. and Mrs. J. O. Schweyer of Nelles Corners and Mr. and Mrs. Harry Clark of Cayuga, attended the first performance of the Beaverton Choral Singers in Beaverton on Friday, April 12th under the direction of P. S. Croft. The chorus of over sixty voices presented a fine program to a capacity audience of more than six hundred which gave it an enthusiastic reception. Mr. Stan Northrop, violinist, who plays over Station CHEX, Peterboro, was the guest artist.

Mr. Croft, as may be remembered, was director for three years of a similar group known as the Selkirk Choral Singers before he was transferred to Beaverton.

The former Selkirk members will be interested to hear that their good work is still going on. Mr. J. E. Lindsay, as one of the Trustees of the Selkirk War Memorial Library Fund which was started by the Selkirk Choral Singers, brought back a cheque for $16.50 to be added to that fund. This was to cover the cost of some of the Selkirk music which was purchased and used by Mr. Croft's new Beaverton Choral Singers this season.
