STRIKES

STRIKES AS WE SEE THEM on every hand these days could be necessary, in fact may be necessary, to protect the rights of the workers... A Portland, Ore., merchant with nineteen customers on his waiting list for refrigerators discovered only three now want them.

THE BIG BOSS SQUAWKS

Henry Ford marked his eighty-third birthday on Tuesday and he told the nation what was wrong. He said our troubles today are caused by greed, selfishness and narrow thinking. It's as simple as that.

THERE ARE OTHER WORLDS

DR. HENRY NORRIS RUSSELL, Princeton astronomer, declares that "recent photographic observations show that several of the nearest stars have visible companions revolving around them... There is something very fascinating to the human mind about the question of other worlds, but astronomers have been very skeptical of the probability of the existence of other planets similar to our own."

FOOD EATEN NECESSARILY IS FOOD WASTED

FOOD EATEN NECESSARILY IS FOOD WASTED. If every Canadian did without that "extra" slice of bread which could be shipped abroad to bake more than half a million loaves of bread — and bread is the basic food of the hungry.

THE "BIG BOSS"

THE "BIG BOSS" — By R. J. Deachman — I did not write this article. It came to me from an Ontario business man who is a keen student of economic affairs, a man who knows that neither labor nor capital has the final word in the making of a prosperous nation.

HELP TO FIGHT FAMINE

STARVATION stalks in many lands. If we in Canada buy and use less bread, flour and other wheat products — if we cut our consumption of meat, eggs and cheese, the Dominion government can ship abroad great quantities of these vital foods to the hungry.

Pen, Scissors and Paste

Don't quote us, but the man in the store said we have our own mouth that we feel quite certain it could be sealed for a mere male to order a pair of pants by the latest part of September... Of course he warned that the lifting of the restriction would prohibit anyone ordering a pair of pants who would not necessarily make them. Nevertheless the announcement is the first sign of encouragement for covering man's extremities since the war era.

FAMILY PROTECTION HIGH IN CHILDREN'S AID SOCIETY'S AIMS

The following article is one of a series provided by the Children's Aid Society of Jarvis to outline the scope of their activities. Many people do not understand what is meant by the term "protection work" and the following story will serve to illustrate the work that can be done by social workers with skill and training to re-establish a home.
