Wheat Growers in This County
will be interested in the newly announced Ontario wheat policy for 1946-47. Apparently the original plan to raise the ceiling was abandoned and in its place a straight payment of 90c per bushel will be paid at the time of delivery. In addition an amount of 10c per bushel will also be paid at the time of delivery of any payment from the Equalization Fund that has been authorized. This makes a net extra amount of 10c per bushel which will be able to pay the Ontario Farmer for his winter wheat.
