y of 4TC—32 observers could only shake their heads in wry appreciation of and with a new insight into the algorith. with a new insight into the alacri-with which Prime Minister Macke continued from page one) zie King had agreed to a Progressive Conservative suggestion that the American Continued from page one) as sounded Friday by Prime Minister Mackenzie King, who heads the long-dormant industrial relations

is first formal address to a plenary ession of the meeting, advanced the Anadian formula for smoother progress in the peace deliberations.

Mr. King said that Canada fait the conference some of them progress. second Great war would have waranted a similar measure of participation in the peace discussions.

"In the event, these hopes are not
tel: "Indeed, it might not be too "In the event, these hopes are not being realized," he added.

Then he went on to suggest that the Big Four meet separately from time to time to review recommendations arising from plenary sessions.

The Canadian plan — reported catching on "like wildfire" in the conference at the week's end — re
ted: "Indeed, it might not be too much to suggest that final agreement would rapidly ensue. Furthermore this course would have the advantage of emphasizing our common partnership in the making of the peace."

Meanwhile the Big Four's draft for proposed peace treaties with conference at the week's end — reconference at the week's end—recalled the power groups of other conferences. For example there was the "big four" of the Versailles peace conference in 1919—Clemenceau of France, Wilson of the United States, Orlando of Italy and Lloyd Scorge of Britain.

The first week of the "big four proposed peace treaties with leased at the outset of the conference, ran into its first snag with a blunt announcement by Yugoslav del try would not accept a compromise sections of our neovice.

Virtually the opposite view to Mr. or.
