The Hart, as you know, goes to the player voted the most valuable what other player, we ask, can approach Durnan's "pparent influence over the success or failure of Canadi rs?

Then Bill returned ... the net on Feb. 2 and the Habs promptly started to hurtle again. They romped to a 6-2 victory over Chicago, stepred into Boston and blanked the Bruins, 2-0, for Bill's fourth shutout, went on from there to Chicago where they walloped the Hawks again, 5-1, moved into Toronto, and cooled on the Leats, 4-3, and then belted New York

Rangers, 5 to 4. Thus, since Durnan's return, the Hurtling Jabs have clicked for five straight victories, as this is written, and re back on top of the h-ap-apparently to stay. Dick Irwin, who should know, ciaims that Durnan is responsible for this up swing. Oddicies Department Maurice Richard, who scored 50 goals last winter, will have to score six goals in the next 11 games to hit the 25-goal mark this year. Bill Taylor, one of the cleverest play-makers in hock y's history,

has only 10 assists to his creditwhile Gaye Stewart, who definitely isn't a piaymaker, has 12 assists,
Barring unforeseen scoring splurges, only three players appar ently will be 30-goal men this year. Max Bentley already has achieved that mark; Gaye Stewart needs three more goals and Toe B'ake requires six. Test season only two men made the 30-goal grade-Richard, wlo bagged 50 and Herbie Cain of Boston, who netted 32. Toe Blake and Ted Kennedy wound up with 29 each.

Montreal's Punch Line-Richard, Lach and Blake-finished 1-2-3 in the scoring race last season and compiled record total of 220 points. Richard and Lach played the entire 30 g mes, Blake 43. This season, Chicago's Mosienko-Bent-leys line raced away to a highscoring start but injuries to Mosiwrecked their record-breaking chances. As of now, the Haw first line has 125 points 'o its credit with 10 ~ mes to go.

New 2-4D Chemical Deadly To Weeds

A powerful new chemical weed killer known as 2-4-D, so effective it will destroy dandelions and most other weed, found in lawns without injury to the grass, was disclosed by the Federal Agriculture

Experiments disclosed that one application of 2-4-D, expected to b: available in quartities early this spring, would kill many weeds with greater effect han any other chemi-cal. One drawback was that it temporarily eliminated clover which, however, gradually grew back again without re-seeding.
When used on Canada thistle, the

chemical did not completely kill the vigorous weed but set it back 30 badly the weed did not reappear until harvest time and then only in the form of young shoots. Simila: results were obtained on field bindweed gre wing in a field of oats. The new killer swiftly destroyed annual weeds such as mustard.

The chemical caused "no perceptible injury" to plants of the grass family, which includes wheat, oats, bariey and rye, but experts warned that if it was used on a lawn around a flower garden care be exercised to prevent damage to flowers as the full powers of the preparation still were to be determined.

If your ration budget indicates a credit of a couple of tokens saved from past eating, you may wish to exchange two full coupons for a Sunday roast. A three pound rolled shoulder of veal should provide for three dinners, any one of which might include a guest or two. A tasty dressing, good brown gravy and baked orange halves 'are excellent co-partners for its first appearance. And because roasts are not every week occurrences, you'll doubtless appreciate it sliced cold for Monday's dinner. On Wednesday, a curried dish with noodles pinch-hitting for the scarcer rice, will revive the remnants. Eggs, now so market-plentiful and reasonably-priced, suggest themselves for Tuesday. Whipped into an elegant omelet, served with a colorful vegetable or two, they will satisfy the most discriminating taste. A boon to your ration status as well as your nutritional level, would be liver on Thursday. Friday is yours for a fish selection. And on Saturday two tokens will procure half a pound of hamburger for a meat loaf mixture. To give this old standby a new appearance, bake it in custard cups or muffin tins. Then unmould and serve individually with your favored sauce or relish.
