"THAT'S A LOAD OFF MY MIND!"

Mrs. Mason's husband gets his pay in cash. Since he's working all day, his wife banks it for him, and she says she's always jittery 'til she gets it safely there. And her brother, who runs a store, says he worries too about the money from the cash register! Safeguarding your money is one of the prime services rendered by your bank.

What a relief it is when you have deposited your money in the bank! No more worry lest it should be lost or stolen! You need only keep a little ready cash in your pocker or in the house. Bills can be paid by cheque and your cancelled cheque is your receipt.

When the teller hands you your pass book, you glance at the balance and know to a cent how much money you have. You are so accustomed to your bank's accuracy that you seldom bother to check the figures.

The very fact that you—and some 5,000,000 others—take all these conveniences as a matter of course is a daily demonstration of your confidence in the dependability and efficiency of your bank.

Junior - Jottings -

(Intended for last issue)

As announced last week, the Junior Farmers' Judging Competition will this year be held on Saturday, May 18th. All contestants are asked to register at the Rural Youth Centre at 8.30 A.M. Daylight Saving Time and we hope to have the Competition under way by nine o'clock. This year, in addition to the regular cash prizes, the association is offering a trip to Ottawa and Montreal for the high boy in the competition and a similar trip for the boy who coaches the winning team of novices in the competition. These prizes should make the competition a most attractive one and we are looking for a real good entry this year. If you have judged before, coach a team of boys who have not judged and give yourself a double chance of winning one of the trips. Come and bring a carload from your neighbourhood.

v v v

During the afternoon of the judging competition the Junior Farmers' Association will also be holding their annual election of officers. It was originally planned for an earlier date, but because of circumstances had to be moved back to this later date. We hope that you will be present for both the judging competition, and the election of the new executive.

v v v

On April 25th and 26th, 15 young people from the County along with the Assistant Agricultural Representative attended the Annual Junior Farmer Conference at Guelph. They met there with young people from all parts of the province to consider questions of interest to Rural Young People in Ontario. It was a real treat to observe the sincere enthusiasm with which these young people entered into the discussions. Topics given special consideration at the two day session were: 1. Supplementary Rural Agricultural Education. 2. Projects for Junior Farmer Clubs. 3. Improving your Junior Organization. Miss Ethel M. Chapman gave a most challenging talk on the need for a campaign of general farm cleanup and home beautification. The speaker at the banquet Thursday evening was Mr. Noble Clark, University of Wisconsin. In his excellent talk, he pointed out the place of young people in the world to-day. The speaker stressed the need for more education to prepare us for the job at hand. We must have a better understanding of our neighbours, nationally and internationally. We must never again allow the world to be thrown into a war such as we have just experienced.

v v v

The Haldimand group enjoyed the Conference a great deal and we feel quite certain that they would like to return for any future gathering.

v v v

Springtime is clean-up time. During this season of the year, when the work is not so pressing, it is a good idea to look around a bit and take stock of some of the things which need to be done. In nearly all cases there's a bunch of rubbish, old boards, broken fence posts, that seem to accumulate around the buildings. Implements have a peculiar habit of getting stalled in the lane and in the barnyard and never get put away. Then too there always is a lot of painting that needs to be done. Implements, wagons, manure spreaders, will last a lot longer if you give them a coat of paint. All metal parts that are subject to wear should be given a coat of oil to prevent rust. And what about that mail box? Wouldn't it look much better if you gave it a coat of paint, both the box and the post and then put your name on it. It's the little things, which when all added together make your farm a home and an attractive place to live.

v v v

Saturday, May 18th, is the date set for the Annual Judging Competition of the Haldimand Junior Farmers' Association. Registration is taking place at the Rural Youth Centre at 8.30 A.M. Daylight Saving Time, with the Competition getting under way as soon as possible after 9.00 A.M. The Association is this year pleased to offer some special prizes which should make the competition very attractive and worthwhile to all contestants. We are pleased to announce that we can this year again award the Chicago Trip prize to the high boy in both the Spring Seed and Live Stock Judging Competitions. This trip is to the National 4H Club Congress in Chicago and is a trip that is very highly prized by all who have been fortunate enough to win the same. We are also offering this year, a trip to Ottawa and Montreal, for the high boy in the Judging Competition and another for the Coach of the high team of novice boys. This trip to our National Capitol is also an excellent trip, where the winners will see some of the best in Ontario Agriculture, have a chance to spend some time in the Dominion Capitol City and then proceed on to Quebec Province where the mode of living is vastly different from our Ontario plan.

x x x

In addition to the trip prizes a bill fold is again being offered to the high boy who has never judged at a County Competition before. There are trophies awarded for the high boy in each of the various classes of stock. And there is a good line-up of cash prizes, which will make it worthwhile for you to spend your time at this Competition. Plan to attend. If you are coming, coach a team. Then you will have a double chance to win one of the trip prizes. In any event, fill your car and come to the competition.

x x x

On Wednesday, May 8th, a group of Junior Farmers gathered at the Rural Youth Centre and planted about 500 or 600 small trees. These were planted to try to beautify the grounds and break harshness of the buildings and the landscape. With some co-operation from the weatherman, in the form of rain, the trees should grow very nicely and form the nucleus of a fine plantation at the Centre. Those present will be able to pride themselves as having been pioneers in this work.

x x x

Evening classes in woodworking are at present under way at the Youth Centre Workshop. Every Tuesday and Thursday, a group of 15 young carpenters and cabinet makers gather, and a great variety of articles are now taking shape. Included in the list are lawn chairs, kitchen table, wardrobes, coffee tables, chicken and turkey feeders, lamps, desks and many other articles. The boys who are taking these classes enjoy them very much. It is only regretable that the registration was so large that only about one half of the names submitted could be accepted. Those who could not be

"It's nice to ride in a chair car again"

Yes, things are improving. Chair cars are back on many Canadian National runs, and more equipment is becoming available for civilian use again. That means now you can make that train trip you've been putting off. Whether it's business or pleasure, a long trip or a short one, we'll do everything we can to assure you an enjoyable journey.

LET CN HELP PLAN YOUR TRIP

Any Canadian National ticket office is a good place to go, not just for tickets, timetables and itineraries, but for other help, too; reservations at Canadian National's hotels from coast to coast; help in planning your vacation, fishing and hunting trips, etc. Put your problem up to Canadian National!

TRAVEL DAYS are here again

CANADIAN NATIONAL
TO EVERYWHERE IN CANADA

TO BE PATRONS OF ADVANCE APPEAL

Toronto, May 1st — His Excellency Field Marshall Viscount Alexander of Tunis and Errigal G.C.B., G.C.M.B., C.F.I., C.S.I., D.S.O., M.C., and Her Excellency Lady Margaret Alexander have graciously consented to be Patrons of the Anglican Advance Appeal for Rededication and Thank-offering.

This campaign, which the Church of England in Canada is conducting, is part of a world wide movement of all communions for the establishment of a Christian way of life and the assurance of a permanent peace.

A drive will take place during the week of May 12th when the Church of England in Canada will campaign for $4,300,000 to finance its forward movement and firmly establish its pension fund for the Clergy.

—O—

LET'S CLEAN UP

It has been said that a good citizen is one who, among other essentials, seeks to make his or her town a better, happier, and cleaner place in which to live. This problem is by no means new, but is as old as the town itself. Dirty streets tend to a grey, weary, hopeless feeling, while clean ones, on the contrary, make for courage, comfort and satisfaction.
