### UNSATISFACTORY CONDITION

The way in which the rental administration operates is far from satisfactory. There is one case in Granby where tenants have been trying for five months to find out what their rents are to be. In the meantime they have had to make substantial payments of rent in administration fees with the promise that when rental administration gets around to decide, payments will be adjusted. —Granby (Que.) SERVING CANADIANS THROUGH CHEMISTRY

## "Chemistry?"

IT DOESN'T  
MEAN A THING TO ME!"

If you were a farmer it might seem that way at first glance. But take another look!

Those fine crops, which mean so much to Canada's health and economy, often depend upon chemical fertilizers. Weed and pest destroyers, orchard sprays too, are but a few of the services that chemical research extends to agriculture.

Through good times and bad, the chemical industry plows a straight furrow, ever moving forward to create better things for farm, industry and home. Look to chemistry with confidence for a finer future... and to the C-I-L oval symbol of an organization devoted to serving Canadians through chemistry.

For instance:  
**HERBATE**  
Among the many contributions of chemistry to agriculture and horticulture is the "Herbate" that eliminates mustard-weed, dandelions, plantain and other weeds without burning grain or grass. It is a product of Canadian Industries Limited, Head Office, P.O. Box 10, Montreal.

**JOB FOR PARENTS**  
It is for a boy's parents — not the law — to decide when he is old enough and has enough sense to be trusted with matches, a knife, an axe, a rifle, a sky-rocket, where will you find the father who send up two or three rockets — just to show children do it — before he allows a boy to put a match to match?
