### This Week - -

Specially Written for the Record  
— By E. M. Chandler —  
Canadian Press Staff Writer  
Toronto, Nov. 5. (CP) - Recent heavy rains throughout most parts of Ontario were beneficial to general farm operations, the department of agriculture reported this week.  
The report also included the following round-up of crop and stock conditions:  
Some Bruce County farmers are worried about high prices and availability of feed grains. Weaning pigs are selling as low as \$1, and \$2 each and liquidation of brood sows has started in earnest.  
In Huron County, increase in feed grain prices is causing some poultry men to dress young pullets for marketing.  
Turnip harvesting is speeding ahead in Waterloo and farmers report sales to the United States bring 50 cents a bushel.  
It is expected that a large quantity of liquidation of sows is also apparent in Elgin, Haldimand, Lambton, Middlesex, Peterborough, Victoria and Renfrew.  
Haldimand's agricultural representative thinks it is doubtful if a third of the fall plowing has been completed. He adds that shortage of feed is causing concern and some farmers fear they will be forced to sacrifice stock.  
Middlesex consigners sold Holstein and Shorthorn cattle during consignment sales at top prices — one yearling Holstein heifer going for \$2,100.00. Fall plowing is general. Sugar beet harvesting is expected to be completed on schedule. Potato yields are rather small and some losses due to blight are noted.  
**CORN FARED POORLY**  
Apples and potatoes are plentiful in Welland County and the quality, in general, is good. In Wentworth corn is said to have fared poorly and many farmers are disposing of young stock because of lack of grain.  
Durham's representative says apple picking was finished about a week ago due to premature ripening.  
In Eastern Ontario, Frontenac farmers are threshing red clover but the yield is only fair. Very little alfalfa seed is available. Clegary poultry men are disposed to sell off considerable number birds. They blame high cost of feed.
