ANNE HIRST

Young Girl Wants Real Girl Friends

THE TEEN-AGE life of a young * girl should be a happy one. And * it depends largely upon the friends * she makes. Usually she is one of a group who enjoy each other, who * go about together for dances, sports, movies,

evenings in each others' homes. They exchange confidences, trust each other, and there's seldom a any one of them.

not always true. girls, less or more mature than those they know, find themselves lonely and unpopular. They strug * gle hard to be friendly, but all * they get is the cold shoulder. And * they are miserable, wondering

One girl of 16 finds herself without a single girl friend. "Girls
seem to like me, but after awhile they don't want me around. I'm married after I graduate. But these years in school are going to be dreadfully hard if I don't succeed in moking friends. I was always popular with boys, but I * I do want girls to like me,

• HOW TO MAKE FRIENDS It is not easy for one who does not know a girl to put a finger on the reasons other girls shun her. But a few suggestions may show her where she has failed. Then she can do something about it.

Be unselfish. Admire a girl's new dress, or the way she's doing her hair this fall. Ask her out on a

go to the movies or drop in for a soda. Sometimes offer to treat her Be loyal. Never betray another girl's secrets. If you show her you are interested in whatever she wants to confide instead of always thinking about yourself), she will trust you. Never gossip about her, not criticize other girls to her. The word gets around, and you can't afford that reputation. You can always find something complimentary to say about another girl, and nothing will endear you more to them all.

Best Biscuits | Ever Made-That's Calumet's Double Action YES—whether you have had years of baking experience, or have yet to make your first biscuits, you'll find that Calumet Baking Powder assures feather-light, tender biscuits and cakes and muffins—consistently. That's because

Calumet's double action protects lightness all the way. In the mixing bowl — thousands of tiny, even-sized bubbles are released to start the leavening, when liquid is added. In the oven, thousands *more* new, lively little bubbles continue to raise and hold the mixture high, light and even. Follow directions on the tin for any recipe.

TWICE YOUR MONEY BACK If you are not satisfied that Calumet is the finest baking powder you ever used, send tin con portion, along with your name and address and a note of the price you paid—to General Foods, Limited, Cobourg, Onarto, You will receive back twice what you paid for Calimet.

For New Cooks Each year we have thousands of

new cooks. Some are newly-weds who formerly regarded the kitchen ange as something outside their lives. Others are 'teen agers, or pre-teens, who have learned to like ooking at school and are anxious to surprise mother and dad with tasty dishes of their own making. To such people and to new cooks my other type, this story is

Hint No. 1: Very important: Have your hot foods hot and your cold foods cold. Nothing displeases as much as a plate of luke-warm soup, unless it be a plate of half-melted ice cream, or a warm fruit cup. Hint No. 2: Learn to make good coffee and tea. It's easy, but oh hew few can do it. Find out how our favorite coffee or tea maker does this trick-and follow her directions without deviation.

Hint No. 3: Learn how to prepare unusual fruit cups, salads, sandwiches vegetables not often seen on the nenu. Get a good recipe book and practice until you have mastered several delicious main-course dishes. Then you are a cook, my friend. Here are two recipes-one for delicious, easy-to-make and healthful dessert for both children and adults. They are pleasing starters for the ambitious new cook: Apricot and Banada Salad

2 cups lettuce leaves, shredded 1 cup sliced bananas 6 stewed apricots Whipped cream or boiled

dressing.
