**THOSE LONG SHIRTS**  
 Long shirts of living or fashion designers, seem likely to materialize with the fall and winter styles this year. We judge no protest here. If the women want longer skirts they have them. As in Russia, the only voice which is counted are the "yes" votes. Nevertheless, we have our secret thoughts.

**PRICE OPTIMISM**  
 In time prices will find their own level. The law of supply and demand, demand exceeds supply in the case of many articles that high prices may be expected. It is up to the people of Canada to see that prices do not become ridiculously high as has been the case in certain other countries.
