**More people drive...  
More people want  
CHEVROLETS  
than any other make of car**

Official registration figures show that more Chevrolets have been bought than any other make of car for the total seventeen-year period dating from 1931 to 1948!

True for years — and truer than ever today — with the advent of this newer, smarter, finer Chevrolet for 1948! Official registration figures prove that more people drive Chevrolets — and seven independent surveys prove that more people want Chevrolets — than any other make of car! The reason, of course, is more value. And now Chevrolet value is made all the more outstanding by the smart new styling, brilliant new colors, and even more luxuriously appointed interiors which have been added to all the other advantages of Chevrolet's famous BIG-CAR QUALITY AT LOWEST COST. Be sure to see the new 1948 Chevrolet, and you'll know why more people drive Chevrolets than any other make!

Chevrolet's world champion Valve-in-Head engine gives unequalled performance and economy. It has the strongest record of performance of any power-built built today! Valve-in-Head is found only in Chevrolet and Cadillac cars.
