WE LIKE TEEN-TOWN

WE DON'T NEED to be told that this business of a Teen-Agers Club was looked upon with a certain amount of mistrusting by the staid segments of our population. After all we are not too far removed from that era when junior was "to be seen and not heard." As a matter of fact we had a touch of that schooling attitude that advanced to that age when it is hard to believe juvenility is capable of properly tying its own shoe strings.

We took a look in on the activities on Saturday night and came away with a heart warming glow. We heard several candidates for office appeal to the members for support in the election this coming Saturday night with a reference which indicated they have not yet discovered any outstanding qualities within themselves. We couldn't help but notice how neatly the hats and coats were checked and the pleasantness of the Coca-cola girl. But above all was the complete lack of tobacco smoke which at adult affairs of this nature almost prove suffocating. And we were also impressed by the ordinance which bans the attendance of alcoholic imbibers.

Teen-Town, as we saw it, is positively refreshing and with a permanent executive, will be elected on Saturday night, we look for continued success in this splendid organization.

A PAT ON THE BACK FOR THE SCOUTS

WE THREW OUR SKATES AWAY two years ago when repeated applications of liniment failed to reduce the tenderness arising from frequent contacts with the inflexible ice surface which seemed to get harder as the years sped on. But recollections bring to mind the good old rink when fellows like Jake Fess, Jim Reynolds and Joe Morrison were operating the ice palace.

The stimulating appeal is just as evident today as it was then and this generation of skaters and young hockey players will, no doubt, a decade or two hence, recall with gratitude the service the Boy Scouts are rendering the community this year.

WINTER NOSTALGIA

THE WINTER months stir a flood of fond memories for the city man who came from the farm. The grimy snow on the city streets and lawns recalls by contrast the dazzling whiteness of the country in winter. It awakens thoughts of happy rides in cutters and bobsleighs in the days before the march of mechanization pushed sleighriding out of the picture.

And if the man came from southwestern Ontario he is bound to think back to the days of the annual sparrow matches, now not much more than a ghostly memory even for farmers. The whole town took part in the matches. They chose sides, set a time limit and the section which knocked off the most English sparrows — those pesky birds which riddle standing grain and cause economic losses — won the match.

Some went on the hunt with shotguns. But even youngsters for whom a shotgun's recoil was too violent could get in on the fun by raiding straw stacks at night. The sparrows huddled in little holes in the stacks for warmth. You could spot them with a flashlight and nab them without trouble. (Now even the strawstacks are a thing of the past on farms where threshing is done by combine).

Grand climax of the match was almost always an oyster supper in the schoolhouse. The losers bought the oysters, the winners put on the entertainment program.

Stewed oysters were most popular, but some hardy souls ate them raw. Many a farm lad's eyes popped as he saw his elders down the raw ones with gusto. These, of course, were inland boys. If they had sprung from the Maritime provinces they would have looked on it as an every-day happening.

The oysters were only one phase of it. The tables were loaded down with that appetizing farm cooking — sandwiches of homemade bread, cakes, pies, tarts — and every woman and girl,

Pen, Scissors and Pastepot

Canadians who are doing so much bettering about the high cost of bacon (90c) could automatically ration them selves to the British level of 2 ounces per week and we are quite satisfied there would be little strain on the family budget. If the consumption of bacon would result to some such common sense action instead of running to the Government of Canada and crying to high heaven of how they are being abused by the farmer packer and retailer, the price of bacon would be brought to its proper level faster than through the re-imposition of controls.

A SERVICE CLUB IN JARVIS

WE CONFESS that we are not too familiar with the tenets of principles behind Service Clubs but we have observed that wherever Service Clubs function, good is being done in the interests of humanity. We have further observed that men are brought together and united in a common purpose of selflessness which otherwise seems to be more or less dormant. It seems that Service Clubs are established under the sponsorship of Clubs already established. In the past several years branches of several Service Clubs have indicated their interest in helping to establish their particular organization in Jarvis. In each instance it was said that the municipality is "lots big enough" to support a Service Club and that the ultimate success of the organization depends entirely upon the membership.

The Lions' Club, over at Port Dover, has indicated that it is planning to establish a Service Club in Jarvis and we feel the time has come for this municipality to take steps in the formation of a Service Club. The preliminary work is undertaken entirely by the sponsoring Club and we anticipate activity in this regard within the next few days. Several citizens will likely be approached in the matter for the purpose of forming a nucleus for the Club. If the response is satisfactory it can be taken for granted a Lion's Club will be formed here within the next few weeks.

While support for the organization should stem from a voluntary desire to be of public service to the community, we do suggest that such a desire is indicative of the "Best" in citizenship and therefore is something that should readily be aspired to by any of a large number of our male citizens.

YOUR UNSEEN PAYROLL

YOU'VE GOT working for you a host of adults in Canada in Ottawa's payroll; your payroll.

Today Canadian taxpayers pay 120,000 people in the Dominion civil service. That's 69,000 more than before the war. Extra cost, \$120 millions a year.

Obviously the present public needs, which put up the money are entitled to know why so much is required by this or that department; judge what the nation is getting in return.

Small items need as much scrutiny as big ones. Lumped together they total millions. For instance, the Government will spend more than \$6 millions on publicity this year. That involves staffs.

Does the Army need 40 people to handle its public relations? What for?

Then what about the \$2½ millions to be spent this year on propaganda abroad?

What about the \$1½ millions the Government will spend on overseas broadcasts? The \$646,550 to be spent by Canadian Information Service?

What about the \$2 millions for the Film Board?

Undoubtedly we get some value in return. But does it offset the cost? Can 12 million people afford it?

This country is in no position to fling money around. It's time the taxpayer had a satisfactory accounting. —Printer and Publisher

HIGHER STANDARDS

THE INFORMATION BULLETIN issued by the Ontario Department of Travel and Publicity points out that a spirit of self-criticism was strongly in evidence at the 13th annual convention of the Canadian Association of Travel and Publicity Bureau in Charlottetown last month.

In analyzing the 1947 travel season, the consensus was that many improvements must be made by Canada's tourist industry if business is to be expanded.

It is good to know that the people responsible for the promotion of this essential business are cognizant of the need of improvements.

First among the complaints heard from travellers relates to food; the condition of rail-to-Hotel reservations; inadequate ground activities of some airlines and finally, chiselling by some resort and camp operators.

Anyone that even occasionally eats on the road knows just how bad the first complaint, relating to food, is. As a Canadian we cannot help but feel ashamed to think that visitors to our country must also run into the same thing.

There is no evidence to show that the operators of some eating establishments regard their need in these places is something of the attitude Mother used to have when Company came from Sunday dinner; more attention to specialized dishes. Our visitors would be happy to pay the cost with reasonable profit added and nothing in the world, even our fishing and glorious scenery, would bring them back again so quickly.

O. Sayer was in charge of the worship service and was assisted by Mrs. Harvey Reichhold, Mrs. L. Loening and Mrs. F. Graham. Mrs. Slater sang a solo. Rev. W. J. Munford installed the elected officers as follows: President, Mrs. D. G. Mounter; 1st Vice President, Mrs. F. Graham; 2nd Vice President, Mrs. W. Mitchell; Recording Secretary, Mrs. Frank Whitford; Assistant, Mrs. O. Sayer; Treasurer, Miss Hazel Smith; Mission Band Secretary, Miss Ethel Walker; Christian Stewardship Secretary, Mrs. George Murdoch; Pompanance and Christian Citizenship, Mrs. Frank Howard; Librarian, Miss Anna Almas Plamie; Mrs. Blizard; Supply Secretary, Mrs. J. D. Young; Missionary Monthly Secretary, Mrs. Arlet Whitlaw and Miss Ida Kiefer. A formal address inspiring the Auxiliary to a worthwhile fulfillment of the purpose, Mrs. Slater, Mrs. Mounter, thanked the members for their support and called upon Mrs. Mounter in her new office as incoming President. Mrs. Mounter accepted the call and dedicated herself to do her best for the coming year. A piano duet contributed by Mrs. Frank Howard and Mrs. Blizard was much enjoyed. Mr. Munford closed the meeting with prayer and a social half hour was enjoyed when refreshments were served by Mrs. O. Sayer and her assistants.

Boys of public school age will have the privilege to use the local arena Saturday morning for skating and hockey practice. Mr. Dyer, principal of the local public school and Mr. E. Smith of the High School staff will supervise the play. All boys eligible are invited and no admission charge will be made. New uniforms will be supplied for the Junior hockey team. This year the boys will be wearing white and black.

During the winter months the local band is planning to present a concert in the Rogah Theatre Sunday evening following church services and will sponsor a half hour of the armories on Friday evening, February 6th.

ANSWERING Your Questions ABOUT IMPORT CONTROL

MOST of the countries which are Canada's regular customers have not recovered sufficiently from the war to pay, in the normal way, for all the goods they need, despite extensive help from this and other countries. Nor are they able to send us enough of their goods to balance accounts—or to pay us in the kind of money which we, in Canada, can use to buy goods in other countries.

At the same time, Canada has been buying more goods than ever before from the United States and other countries demanding U.S. dollars. This is because these goods were not obtainable elsewhere and because of demand pent-up during the war.

Buying from the United States or U.S. dollar areas must, therefore, be temporarily reduced until our trading again becomes normal.

To meet this emergency, purchase of goods and services or expenditures for travel, which are not paid for with U.S. dollars, are now subject to control.

IF YOU ARE AN IMPORTER OF CONSUMER GOODS and wish to find out what goods are (1) prohibited, (2) subject to quota, or (3) unaffected by controls, see or write your nearest Collector of Customs and Excise.

IF YOU WISH TO IMPORT GOODS SUBJECT TO QUOTA and wish to establish your quota authorization to import, or need special information, consult your nearest Collector of Customs and Excise. Quota application forms (Form 1) and instructions for completing them, are available at all Customs Offices. These applications must be filed with the Collector of Customs and Excise.

IF YOU WISH INFORMATION ON THE AMOUNT OF YOUR QUOTA. After your application has been filed with your Collector of Customs and Excise, correspondence about the establishment of quotas or cases of exceptional hardship through import prohibitions should be directed to Emergency Import Control Division, Department of Finance, 490 Sussex Street, Ottawa. Quotas are issued on a quarterly basis and any unused portion may be carried over into the following quarter.

IF YOU ARE AN IMPORTER OF PRODUCTION PARTS, STRUCTURAL STEEL, stone, machinery or other capital goods or automobiles, and wish to know the import restrictions in these classifications, write or see Emergency Import Control Division (Capital Goods).

IF YOU INTEND TO TRAVEL OUTSIDE CANADA and wish to know about foreign exchange available for this purpose, consult any bank or the Foreign Exchange Control Board at Ottawa, Montreal, Toronto, Windsor, Vancouver. If you wish information about personal purchases of goods made during travel outside Canada, consult the nearest Collector of Customs and Excise department.

IF YOU ARE A MANUFACTURER, WHOLESALE OR RETAILER and wish information about excise taxes, or about the list of goods to which they apply, consult the nearest Collector of Customs and Excise.

IF YOU NEED OTHER SOURCES OF IMPORTS consult the Foreign Trade Service, Department of Trade and Commerce (Import Division), Ottawa, regarding your supply problems arising from import quota restrictions. Through the Trade Commissioner Service, the Import Division is endeavouring to arrange increased supplies from the United Kingdom and other "non-scheduled" countries.

IF YOU ARE A HOUSEWIFE and wish information on available alternate foods which have comparable nutritional values to those now prohibited or subject to quota, informational material which has been prepared by the Nutrition Division of the Department of National Health and Welfare may be secured from your Provincial Health Department or local health unit.

The administration of these emergency import controls is the responsibility of various departments of the Government. The above information is given to aid Canadian citizens in complying with the new import control regulations with a minimum of inconvenience in their business and personal affairs.
