

## SEE THE NEW FAIRBANKS-MORSE Automatic COAL STOKERS on display at JOHN F. LAUR'S STORE

When you install a Fairbanks-Morse Coal Stoker you get all the advantages of automatic heating and cut your fuel bills besides. Thermostat control assures even, comfortable temperatures of all times. Furnace-tending drudgery is done away with... just fill the hopper once a day, when it suits you. Clean heat, too... no more loose, dusty ashes to dirty the house. Fuel bills are reduced because you use lower priced stoker coal, and automatic controls regulate its feed to the firebox only when it's needed. There's absolutely no waste.

## YOUR HYDRO CHAIRMAN REPORTS on the Power Shortage

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO  
620 UNIVERSITY AVENUE  
TORONTO 2  
September 11, 1948.  
ROBERT H. SAUNDERS, C.E., K.C.  
CHAIRMAN

Dear Fellow Citizens:

The demand for electricity from all classes of the community—homes, farms and industries—all over Ontario, is still mounting. As homes are being built, the demand for increased production from farms is steadily increasing and industry is pressing forward with plans for expansion, plans that mean greater production and more jobs to keep Ontario prosperous.

It is anticipated that the increase in demand over the available supply will amount to in excess of four million kilowatt hours per day, and conservation measures have been put into effect as of Tuesday, September 14th. These will include reductions in supply for show windows, office lighting and in other ways. Even with all these reductions we will still be short 1,200,000 kilowatt hours per day but to insist on more would have a hampering effect on industry and seriously reduce employment.

Where then can we get the vitally needed power? From you and every individual Hydro user in Ontario. How much should you save? Take a 60-watt electric lamp as an example. For every 24 hours it burns, it requires almost one and a half kilowatt hours of current. If every one of the 900,000 Hydro users in Ontario will save the equivalent of that much electricity every day there will be no need for cut offs.

Everyone must do his or her part. It should be a 24 hour effort. Turn off every light, switch off every motor or appliance that it is not needed. Particularly, watch the switches on your electric range.

The situation is critical. Full employment must be maintained and the support of every household, every commercial user and every industrial consumer is essential in avoiding the waste of electricity.

*Robert H. Saunders*  
Chairman,  
The Hydro-Electric Power Commission of Ontario.

## Pen, Scissors and Pastepot

The Racine (Wis.) Journal-Times publishes a story about the workings of Capitalism which needs no comment.

"Mary, a woman of Slovak parentage, has been employed for twenty years as a help by day in the home of several families. To one of her employers, at least, Mary has become a trusted friend whose help has smoothed many rough places in her life. Mary, her husband, and her two sons, by thrift and frugal living have managed to purchase a beautiful apartment house which she presents their future security. The apartment house, she has sold it and has rented an apartment in Mary's building. Thus the 'capitalist' couple are paying rent to the family of workers."

All classes of the Sunday School will meet in the Church. Plans to attend Mr. Kennedy, teacher at the Balmoral school is hearing at the home of Mr. Henry Kohl.

**Church Notes**  
ANGELICAN CHURCH NOTES  
We are glad to note that St. Paul's Church, Jarvis, has had all the stained glass windows renewed and all the exterior screens painted and the new floor laid. The church is now in a very comfortable and more heated condition. A supply of hard coal has also been secured.

**UNITED CHURCH NOTES**  
HALPH GOWAN AT HAMILTON  
At the Laymen's Conference in Hamilton (McMaster University) September 14th and 15th, this Church was represented by Mr. Ralph Gowan. We are proud that he was our representative and glad that he was willing to take the time to attend. We hope to hear from him of some of the doings of the conference soon.

**TEACHERS MEETING**  
Our Sunday School Teachers are to meet Sunday evening after Church for a time of planning and inspiration. We hope all will be present.

**RALLY DAY**  
Rally Day Services in Sunday School and Church will be held on Sunday, September 26th. All are invited to the special Sunday School service at 10 A.M.

**KNOX CHURCH NOTES**  
Members and adherents of Knox Church are invited to join with the members of the congregation in their two anniversary services next Sunday. For this reason no services will be held in Knox Church.

**FIRESIDE CLUB MEET**  
The Fireside Club met at the home of Mrs. Elvin Pond on Thursday, September 9th. The setting was beautiful and true to the fireside name. The large room being lit up and everyone gathered around. Meta MacMurchy opened the meeting by singing "School Days" it being the theme of our meeting. As our guest speaker was unable to attend a few games were enjoyed instead. Mrs. K. Pegg gave a hilarious reading on "Mother and Daughters Holidays". Mrs. V. Marshall opened the business meeting and Mrs. A. Marr read the minutes of last meeting. Correspondence and the reports for the summer. The Roll Call was one of the best. Everyone

**VIGORO**  
COMPLETE PLANT FOOD  
BUT - First of All, get Rid of the WEEDS -  
Now is the time to use WEED KILLER in either the Liquid or the Tablet Form.  
It may not do as spectacular a job on the weeds as it does in the weed growing season, but it will leave them in such a weakened condition that the winter frost will complete the job - and you will have a weed-free lawn to start next spring. Cool, rainy weather is ideal for growing weather, so seed your lawn now with Steele Briggs Rapid Growing or Shady Nook LAWN GRASS SEED.

The book  
you Never lend

To you, it tells the most interesting story in the world—especially if you are the saving kind. You can translate it into many purposes: holidays to come; education for your children; things for the house; added security... But you never let even your intimate friends see the contents. The information in your passbook is strictly between you and your bank. Your bank keeps it that way.
