LYE SOLUTION FOR MILKING MACHINES

A weak lye solution (0.5 per cent) has proved to be most effective in maintaining milking machine rubber parts in good sanitary condition. Since its introduction in 1930, this method has spread widely and is probably the one most commonly used on this continent. However, one objection has been that the original directions required the preparation of a "stock solution" by dissolving the contents of three cans of flake lye in a gallon of water. This had to be done with care, for not infrequently the heat generated by the dissolving lye broke the glass jar. To avoid this, studies have been conducted by the Division of Bacteriology and Dairy Research, Science Service, Department of Agriculture, Ottawa, to determine the feasibility of adding the required amount of lye directly to water to make the "soak solution."

These studies have indicated the importance of thoroughly mixing such solutions before use. Unless this was done, different portions of the solution showed marked variations in strength. An exception was noted in the case of one make of solution rock which uses the chicken fountain principle here the air bubbling in to replace the solution withdrawn mixed the contents adequately.

The method recommended to make the soak solution is to add two heaping teaspoonfuls of flake lye to a pint of cold water in the supply jar. This is rotated or stirred until dissolved, when it is diluted with cold water to make one gallon of solution. One pint of this is then drained from the supply jar and poured back in. With this method the solution is uniform in strength and gives excellent results. However, care must be taken to keep the can of lye tightly closed when not in use; otherwise the lye will absorb moisture from the air and "cake."

OBITUARY

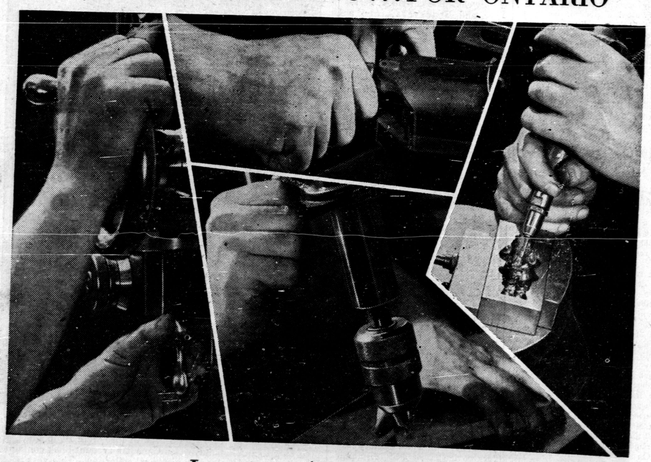
GEORGE DONNELLY

The death of George Donnelly, of Simcoe Gore, occurred in Norfolk General Hospital, Simcoe, on Wednesday, August 10th, following a lengthy illness in his Seventy-first year. He was the son of the late Brown Donnelly and Matilda Keateley, deceased, and was born in Walpole Township. For many years he was a school teacher and last taught at S.S. No. 1 Walpole, near Port Dover. He resided in this district since retiring and was a member of the Presbyterian Church.

Surviving are two brothers, Roy Donnelly and William of Mackinaw, and three sisters, Mrs. Jessie Kerr of Brantford, Mrs. Mary Brooke, of Elmira, N.Y., and Mrs. Arthur Heuning of Macklin.

The funeral was held on Friday at 2.30 o'clock from the George W. Bishop Funeral Home with Rev. John Wright of St. Paul's Presbyterian Church officiating and interment in the Presbyterian Church Cemetery, Walpole.

HANDS IN TRAINING... FOR ONTARIO



Learning to Make Plastics

IN Ontario the wheels of industry turn for the benefit of every single one of us. Our lathes, dynamos, drill presses, farm combines, tractors, business machines, etc. are producing goods and services which earn dollars. These dollars provide food, clothing, medical care and other necessities which contribute to our security and high standard of living. Every single one of us, therefore, has a very personal interest in the flow of a steady supply of trained workers to industrial plants. These workers will operate machines which are important to our way of life.

We should appreciate, then, the co-operative efforts of government, industry and labour in the field of employee training. In schools and in new and specific skills in every field of business and industrial activity. For instance, as in the pictures shown here, every effort of Ontario's newly-skilled plastics workers will mean better plastic products — will help to make Ontario a finer place in which to live and work.

Our Way of Life Rewards Trained Hands

Ontario workers know they can earn more, have executive responsibility and enjoy a higher standard of living in direct ratio to the skills they acquire and the way they make use of them. That's always true in a free economy — that's why our competitive system will continue to make Canada great and a great place in which to live.

Softball Notes

Well here we are again and since last week the Erie League semi-finals have been finished with, Selkirk and Port Dover the winners. Since we are on the subject of Selkirk, we are going to devote a paragraph to them. After picking out our all-star team we have been accused of passing favors to Selkirk by. We think anyone who has watched them play this season will agree that it would be unfair to single out any one or two players on the Juniors, as being ahead of the rest. In their semi-final series they showed that perhaps they are one of the best balanced teams in the league as they all played well. When it comes to team spirit and the will to win then Selkirk gets all the stars. One thing we noticed was the fact the Selkirk used only ten men during the series and even after they lost the first game the team was left intact with the exception of the change of starting pitchers. On the other hand Nanticoke broke up the pitching staff that won the first game and it certainly didn't pay off.

Lambs Corners couldn't quite make the grade as they dropped their third game of the series to Port Dover. It was a very interesting game and in the first one of the series Lambs took an early lead only to lose it. Jarvis Jills had a tough time defeating Glen Morris on Saturday night when they won ten to nine. Glen Morris took the lead after two innings but Jarvis went ahead only to have Glen Morris tie the score again. Several times the score was tied and in the first of the ninth Jarvis was leading by one run only to have Glen Morris tie it up. However, in the first of the ninth after Betty Operstko and Eleanor Martin had got on base, Connie Secord, the pitcher, drove home the winning run and need we to say there was great rejoicing in the Jarvis camp.

This is really getting to be a womans world. They not only have taken over the softball game from the men, they are also taking over the driving job. What bothers us is the fact that we're always so busy with our scoring, that we forget to write down their telephone number. However we noticed that Charles Butts and the Glen Morris scorers phone number written on the wall beside the telephone. Charles is going to have to do some explaining when Mrs. Butts sees that. However we understand that the scorer is also manager, so perhaps that's why he has her phone number. Incidentally the girls play their return game with Glen Morris on Saturday at 2 P.M. in Glen Morris.

We have just seen the first game of the O.S.A. "B" play-offs between Beckett's Bridge and Nanticoke which the latter won by a score of twenty-two to nine. After watching Beckett's Bridge and thinking of the good teams that were left out of the play-offs in this league, we have been wondering what kind of a team they play in down in their city.

Jarvis Juveniles lost their first ball game to Empire by a score of fifteen to twelve. Their second game will be played in Jarvis on Monday, August 18th.

Jarvis Jills are still on top of the Erie League. On Tuesday night they defeated Cayuga by a twenty-two six score, but from all reports they did not play a very sensational game. Here's hoping they get all the errors shaken out before their trip to Glen Morris.

Next week we hope to have the standing of the Ladies League also the batting averages of the Jills. At the present time, Betty Martin, Vera Jacques and Pat Saunders are at the top of the list. Other players but at least six other are not far down the line.

Juveniles Drop First Game--Meet Empire To-night

The Jarvis Lions Club Juvenile softball team dropped their first game in the O.S.A. play-offs to Empire on Tuesday night by a score of fifteen to twelve. The return game will be played at the local park tonight and if a third game is necessary, it will also be played here.

The local team got away to a bad start when the first two batters for the Empire team came through with hits that resulted in runs. They also added three in the third and five more in the fifth. Jarvis collected seven runs up to that point in the game but made a strong comeback in the seventh with a five run rally. As the game progressed the local lads took command of the situation. They have every confidence of winning the second game tonight.

Bob Saunders and Roy Stone shared the hurling duties for Jarvis, and the latter accounted for three of his team's runs.

Mrs. J. J. Parsons Host to W.I.

The Jarvis Womens Institute held its August meeting at the home of Mrs. J. J. Parsons. The meeting opened in the usual manner with Mrs. E. Braund presiding and Mrs. E. Stallwood acting as Secretary. During the business session Mrs. A. Marr was appointed to represent the Institute for Historical Research and anyone having any data of Historical Importance, is asked to hand it in to Mrs. Marr so that it could be included in the data which is being prepared for Adjutants Tour Book.

A discussion was held on the course in dressmaking which will be held on November 21st and 22nd. Mrs. L. Miller was appointed convener and anyone is at liberty to take the course at a charge of twenty-five cents. Boxes are to be packed by Mrs. F. Graham and Mrs. L. Miller for the next two months. The theme of the programme was for the grandmothers. Mrs. L. Miller took charge giving each grandmother present a gift of a rose. A contest was held with Mrs. D. Ward of Port Dover winning the honours. Mrs. W. Bailey gave a fine travel talk on her trip to the Western Provinces. Refreshments were served on the spacious lawn by the hostess and committee in charge which included Mrs. N. Marshall, Mrs. S. Miller and Mrs. Robt. Posser.

On The Farm Front

BRIEF NOTES FOR THE BUSY FARMER

— By Haldimand Harry —

All wheat seed should be treated for covered Smut, sometimes known as Stinking Smut or Bunt. In some quarters there seems to be a tendency to believe that the newer variety, 'Cornell', does not need to be treated for any kind of smut. Actually it is only supposed to have resistance to the loose smut although this year in many fields reported no smut of any kind was in evidence. As a safeguard against the covered smut it is recommended that all seed wheat of any variety be treated with one of the mercurial dust treatments on the market. The manufacturers directions should be followed in each instance.

-oOo-

Indications are that a good deal of lime will again be applied in Haldimand County during the coming Fall season. Already the Department of Agriculture at Cayuga has been issuing an increased number of permits for lime. While Haldimand County did use a considerable quantity of lime during the past year, really only a small portion of the soil requiring lime has been treated and there is plenty of room for more of this product to be used.

-oOo-

To clarify the situation it might again be stated that in order to participate in the subsidy on transportation costs, those using lime should make application to the Department of Agriculture for a permit. This entitles the farmer to a subsidy of three cents per ton mile with the maximum of One Dollar per ton. As a result of this subsidy the farmer can apply lime to his soil with a minimum of cost.

-oOo-

The Dominion Bureau of Statistics has issued information to the effect that from January to May inclusive, the total milk production in Ontario has increased by 105,299,000 pounds as compared with 1948. The result was that more milk was available for the production of manufactured products. It is significant, however, that while the production increased the proportion of milk used for the production of manufactured milk, creamery butter throughout the Province in relation to any factory products was three per cent lower in May and June and the cheese industry seems to have benefited very considerably both from the increase in production and from a diversion of milk from Creameries.

-oOo-

Latest information on the farm situation in the U.S. would indicate a weakening in the demand for Agricultural products but that no "bust" seems likely. Business is continuing at a high pace but there does seem to be a slight tightening of the corporate belt. What happens in the U.S. is generally reflected in Canadian conditions and no doubt the same conditions will hold for Ontario.

Horseshoe Club Being Revived

A little more than a decade ago the chief sport indulged in by that group who could no longer support their trousers with a belt around the middle was horseshoe pitching. The entire skating section of the rink was divided off into courts with special lights for the beginning tobaldmen to indulge in their favorite pastime. Then came the war, or something, and horseshoe pitching was thrown into the limbo of forgotten things.

A revival is in the progress however. Charlie Brown and Lea Marshall have been holding conferences in this regard every day for the past week. It all started when Charlie set up a miniature court in his back yard and Lea occasionally heard the tinkle of the shoes as they rolled past the stakes. It was just like showing an old race horse a new track.

A meeting is being held tonight (or was it last night) we understand to get the new horseshoe club organized and, no doubt, once again we will see the rink occupied during the fall months by the horseshoe pitching enthusiasts.

-oOo-

MUSICAL PROGRAM

A musical program will be rendered by about one hundred vocal and instrumental musicians at the Salvation Army Camp, east of Selkirk, on Sunday afternoon at 3. o'clock.

Some of the best youth talent in Ontario will contribute to the program. Some of them are gold medalists and stand among the best in their class.

Commissioner Charles Baugh, head of the Salvation Army for Canada will be present and will open and dedicate the new hall which has just been built and completed

Lieut. Col. Joseph Acton who has been in charge of the camp since it opened has issued a special invitation to all local citizens to join with them on Sunday. Mr. and Mrs. Acton will retire on September 15th, after many years of service in Army work

When Canadian Pacific Air Lines' Empress of Vancouver left Vancouver July 13 to inaugurate the company's new transpacific service to Sydney, Australia via San Francisco, Honolulu and Fiji, a new Canadian air mail service to Hawaii, the Fiji Islands and Australia was opened. Captain A. Vanhee, captain of the aircraft took official delivery of the first mails from Postmaster J. Turner, of Vancouver, shortly before take-off. Included in the 150 pounds of mail were 8,000 first flight covers sent by philatelists from all over the world.

Selkirk And Port Dover In Erie League Play-off Finals

The winners of the Erie League semi-finals were decided last Friday night when Selkirk defeated Nanticoke and on Monday night when Port Dover defeated Lambs. In the Friday night game the Selkirk Juniors pulled another one out of the fire when they were trailing by a twelve to five score and went on to win the game sixteen to fifteen in ten innings. Some heavy batting was seen in this game as no less than four players circled the bases in the first inning driving in a total of seven runs, three for Selkirk and four for Nanticoke.

In the Monday night game, Lambs grabbed a four run lead in the first half inning, but Port Dover finally went ahead and were only threatened in the seventh and eighth when Lambs pulled up to one run behind them. However in the last of the eighth Port Dover added two more runs and the game ended ten to seven.

In the best three of five finals Port Dover will play at Selkirk on Friday night, August 19th. It is probable that the second game will be in Port Dover on Friday, August 26th depending on Selkirk Juniors schedule in the O.A.S.A. play-offs.

—O—

IN MEMORIAM

TAYLOR—In loving memory of Pte. Francis Gordon Taylor, R.H.L.I., killed in action at Dieppe, August 19th, 1942.

Our thoughts are ever of you
As it dawns another year,
And this earth could be like heaven
If you only could be here.

His will be done.

Ever remembered.
DAD & MOTHER

Lions Sponsoring Entertainment And Carnival

ENTERTAINMENT — GAMES
DANCING

The special events committee of the Jarvis Lions Club, under the chairmanship of Lion Bert Ionson, has announced their plans for a carnival and entertainment on Labor Day Night, September 5th, at the Jarvis Ball Park. The event will be held in the open air and will provide a full evening of entertainment and fun for old and young.

Starting the evening off will be a program of entertainment provided by outstanding talent. This will be followed by dancing in the open air with music supplied by "The Clubmen" orchestra. Numerous games will be in operation as well as refreshment stands. In the words of chairman Bert Ionson, the affair will be a garden party Plus and all for the single admission of 25 cents.

Final plans for the entertainment have not yet been made but an announcement later will tell of the stars that will feature the program. Reserve Monday night, September 5, for the Jarvis Lions Club Carnival at the Ball Park. All proceeds to be used for Welfare Work.

CANADIAN PRESS NEWS SPOTLIGHT

Western Germany's right-wing political parties were given a mandate Sunday to take over the government of the new federal republic for the next four critical years.

In the first free election since Hitler took over power in 1933, more than 24,000,000 Germans went to the polls.

Indications were that the parties placing first and third in the voting would form a conservative coalition government. They are the Christian Democrats and the Free Democrats — both favoring free enterprise

Local Items Of Interest

SHOWER FOR RECENT BRIDE AND GROOM

A miscellaneous shower for Mr. and Mrs. Joseph Montague, was held in the Jarvis Arena last Friday night with about two hundred in attendance. Dancing and cards were enjoyed before the bride and groom were called on to open many useful and beautiful gifts. Both Mr. and Mrs. Montague gratefully acknowledged the kindness of their friends and extended a cordial invitation to all to visit them in their home on No. three highway, east.

—O—

BRIDE-ELECT SHOWERED

On Monday evening Miss Barbara Stallwood, bride-elect of this week, was honored by a linen shower given by Miss Margaret Caley, Hamilton. The gifts were presented in an umbrella decorated very prettily in pink and white. After the bride had opened her gifts, the hostess served a dainty lunch.

KNOX AND WESLEY CHURCH NOTES

At the morning worship next Sunday Mr. Fuller will continue the sermons on The Conversations of the Christ, taking up the talk of our Lord with Mary, His mother. The service will be in Knox Church at 11.15 A.M.

—o—

The annual congregational picnic of Knox Church under the auspices of the Sunday School, will be held at Edsel's Park on Thursday, August 25th, leaving the church at 1:30 P.M

Announce Awards For Ploughmen

A four weeks' tour of the British Isles with all expenses paid will be awarded gold medal winners in both the horse and tractor plowing "Esso Champions Trans-Atlantic" classes at this year's International Plowing Match, V. C. Porteous, president of the Ontario Plowmen's Association, announced today.

The 1949 International Plowing Match is being held at the farm of H. W. Amy, ten miles west of Stratford, Ont., October 11 - 14. The plowmen's annual classic will be officially opened on October 12 by Brig. O. M. Martin of Brantford. Premier Leslie Frost of Ontario will be the guest speaker at the banquet marking the close of the match.

Second prize winners in the Trans-Atlantic classes, which are sponsored by Imperial Oil, will each receive a silver medal and $150.00 in cash. Twelve other cash prizes totalling $165.00 will be awarded in each class.

Those qualified to compete in the tractor class include all "Esso Champions Special" winners at Ontario Plowmen's Association branch matches and all plowmen from other provinces. Medal winners in this class at various International Plowing Matches will not be eligible.

In the special horse drawn plow class all plowmen who qualified at branch matches after October 17, 1947, and plowmen from other provinces are qualified to compete. Medal winners in this class in previous years are not eligible.

During their free trips to the British Isles the gold medalist will visit plowing matches, study British agriculture, and see historic sites. They will be accompanied by a manager appointed by the Ontario Plowmen's Association. The tour, which includes a short stay in New York, will take about four weeks.

—O—

"UNCLE BOB" WILL BE EIGHTY-EIGHT ON FRIDAY

Friday, August 19th, will mark the Eighty-eighth birthday of R. A. "Uncle Bob" McCarter. The dean of Jarvis business men still goes to work every day of the week and is just as spry as many men several years his junior.

We are happy to extend birthday greetings to this venerable character whose friendly greeting always gives a lift to those he meets.

—O—

DETOUR CONTINUED

To Helen Snowden's lines
Might I add just a few?
For I too am smothered in dust.
Is there something someone can do?

I scrub my floor each day it seems
A very tiring sport,
While the cars go buzzing by
Out to the summer resorts.

I try to keep my family clean
And wipe behind each ear,
But what's the use of cleaning up?
It's all in vain I fear.

Must we just continue to suffer?
With no help forthcoming at all?
And wait for the dustless road
That's to be finished this fall?

Oh well, we can take it I guess
I seems to have been ever thus,
But a woman has a right to grumble
When she's forever biting dust.

But we're living in fond hopes
We'll live to see the day,
When the Nanticoke sideroads
dustless
As the cars stream on their way.

—Mirna Reichelt
