CHAPTER VIII. They faced one another over a distance of 10 feet, each remaining in the saddle...

ANNE HIRST Your Family Counselor

The worried father of a married son writes today of a new angle to the mother-in-law situation...

CHAPTER VIII. They faced one another over a distance of 10 feet, each remaining in the saddle...

CHAPTER VIII. They faced one another over a distance of 10 feet, each remaining in the saddle...

CHAPTER VIII. They faced one another over a distance of 10 feet, each remaining in the saddle...

CHAPTER VIII. They faced one another over a distance of 10 feet, each remaining in the saddle...

Hopes To Turn Night Into Day

Is it possible to turn night into day and to do away with darkness? It may be so in a few years if science is given a free hand...

French scientist, Etienne Vassay, has been working on this problem for twenty years. At first his theories merely caused amusement...

The whole scheme of turning night into day is based on the phenomenon known as electro-luminescence. This can be seen on a small scale when fluorescent lighting is switched on...

On a big scale it can be seen in the Northern Lights, or Aurora Borealis. These appear in the sky chiefly in northern latitudes...

It is this phenomenon that scientists are now trying to repeat artificially. They are trying to create light in the night sky by throwing out rays into the upper atmosphere...

A variety of artists in an acquaintance who was an animal trainer, and asked him how he was doing...

CHAPTER VIII. They faced one another over a distance of 10 feet, each remaining in the saddle...

THE SUNDAY SCHOOL LESSON

By Rev. R. Barclay Warren EXALTING THE WORD OF GOD Psalms 19:7-14; 119:1-8 Golden Text: Thy word have hid in mine heart...

The book of the law, i.e. the first five books of the Bible, comprised the major portion of the Holy Scriptures in the days of the writers of the Psalms...

It is regretted that many today do not hold the scriptures in high esteem. This is due, not to the wisdom of the scriptures...
