### Pen, Scissors and Pastepot

Two more! You people can believe it or not but we have two more definite readers. They're just not ordinary fellows either. One is running for the Reevship of Walpole and the other the Deputy-Reevship. Let's see now—that makes nine readers. After all the nice things we have said about George Drew we expect to get a letter from him any day now saying he also reads P.S.&P.

We should be happy this week with elections coming up in both Walpole and Jarvis. We have always maintained that the money spent for electing representatives in the precincts gives the best value in the spending of any part of the tax-payer's dollar. Taxpayers, as individuals, have a responsibility in the selection of representatives on municipal councils and school boards is one of the foremost of those responsibilities. Anyone who neglects to exercise their franchise next Monday should take themselves into a dark closet and have a heart to heart talk with their conscience.

We understand the main plank in the platform of one local Village Council aspirant is the elimination of all taxes on dogs. He also wants to erect a dog hostel and plans at least one banquet a year for the male so dear to his heart. The main course at the banquet will be venison, fresh from the north woods following the deer hunting season. With a humanitarian appeal such as that we are sure the Councilman will be elected.

We have been told that the following is a very successful formula for local merchants to follow:  
Early to Bed,  
Early to rise,  
Work like Hell,  
And ADVERTISE!

Did you have a pleasant Christmas? We did. Not so those 99 drivers of automobiles in Toronto who had their cars seized by the police after inhibiting too freely of John Barleycorn. The loss of the car for sixty to ninety days plus seven days free board will be nothing compared to the misery of domestic relationships for the next twenty years. And all because of a little innocent relationship?

Now that Santa Claus has been here it is going to be a problem to know how to keep the children on their best behaviour until next year. Says Ted Reeve, "Ho, Ho, Ho! Old Santa laughed, and left us with an overdraft." Clark Gable is out of circulation again. Rita Hayworth is the mot—well she went to the hospital anyway. The fasting stimulant dished out by Conn.

### Country Editor

—Canadians: Alfred Speed, 8. It is thought was about to take a drink of water from a barrel, slipped in and was drowned at Hines Creek Alta. At a Lutheran conference in Hanover, Ont. Pastor Witting recommended that civil marriages be allowed in Ontario so that clergymen would not have to marry couples against his Christian conscience.

A 50,000 gallon steel water tank weighing 45 tons was successfully moved intact by rail over the Northern Alberta Railway line from Cairnmount to Grande Prairie. It was a feat never before attempted in Canada. Ability to read and copy the Bible in shorthand, a skill he acquired at age 60, are among the stunts of 66-year-old Robert Moir of the Seaford, Ont. district. He believes he is the first graduate of Toronto University. Each day he still walks to the village of Henshall from his farm, two miles, for Mrs. F. Geschwendtner of Clive, Alta., and Mrs. Jack Hopkins of Lacombe, are dated 1735, signed by Jacob Stainer. Such a violin was recently sold in France for \$10,000. At Clinton, Ont., the News-Record tells of Hal-lowe'n pranks, deludes, and says town-folks there think it is up to parents to take responsibility for what their children do. Mary Mason, 24, of Oshawa, crippled 8 years with arthritis, just learned to walk again when she was struck by a car taken unconscious to hospital with a fractured skull.

Most of us lack great warriors and empire builders, but many have relatives who found a place in the chronicles of their time. Even that great-grand-uncle whose fondness for hors d'oeuvres when she was struck by a car taken unconscious to hospital with a fractured skull.

The Leamington Post mixes its words with this treatise: So there is an answer, and an effective one, to the criticism of private business on the ground that it causes profits. It is easy for the critics to claim that when profits of business, in the mass run into hundreds of millions of dollars, the workers are suffering. But when these figures are analyzed, it can be proved that even if all the profits of business in Canada were divided amongst the people in the country, each would receive only a few cents.

Synthe to his Leafs didn't seem to take. If the Simcoe Arena Commission sent us down a complimentary ticket we think we would take in the Barbara Ann Scott Ice Show next month.

Since this is the last column for 1949, we want to say Happy New Year to all our readers, the whole nine of them. An increase from two to nine readers over the past twelve months leaves us just choked up for words to express our gratification. Let's just say the pleasure has been all ours and we sincerely hope all your wishes, if they are good, may be granted in the coming year.
