To the Citizens of Haldimand County

DEAR FRIENDS: Next Monday, June 27th, the voters of Haldimand along with the voters of the whole of the Dominion of Canada will go to the polls to choose the next Government of our country.

The privilege of exercising our franchise by means of the secret ballot is a democratic right that has been lost in many countries of the world. I therefore urge you to make use of your ballot next Monday and vote for the candidate of your choice.

In permitting my name to go before you in this election, it is with a sincere desire to effectively serve my home constituency and the interests and welfare of Canada as a whole. I think the majority of citizens of Haldimand will agree with me that we have been well represented in the past through Mark C. Senn. It will be my purpose to serve all our citizens, regardless of political affiliations as our former representative has so ably done.

I do feel, and very sincerely, that the policies and principles of our party can best serve the future of Canada. There is no need to enumerate these policies in the letter as they have already been placed before you through the campaign. I think you will agree that the higher standards of living we are enjoying under our democratic way of life, compared to so many countries of the world, can best be retained and preserved under the Free Enterprise System. At the same time our party is most progressive in its thinking regarding social services legislation. This is best proven by the pledge to provide for a retirement pension for all of our citizens at Sixty-five years of age, without the means test.

I am asking for your support on the basis of my past record in the life of this county. I think I can safely say that I have been successful in my business of farming in County Council has given me a clear understanding of the need of our towns and villages, which in a county such as Haldimand we find our problems are very closely interwoven. I have always gladly given of my time and energy in furthering the interests of the farming community through our farm organizations, and will continue this to the voters to judge whether or not that contribution has been of value.

During the campaign I have met many fine people throughout the riding, but time did not permit me to get to know you all which I had hoped to do.

We all have a responsibility under our Democratic system of Government. Let us never forget that we must maintain our status as a God fearing and freedom loving people, as only on such a foundation can any nation hope to survive. So as voters we should exercise our franchise in the selection of our member and urge others to do so as well. If you see your way clear to place your confidence in me, please be assured that I will do my best to protect and work untriflingly for the interests of all the citizens of Haldimand in the next parliament of Canada.

Yours very sincerely, Earl Catherwood

Open Letter to the Voters in Haldimand

If a Conservative is speaking, he says "A vote for the CCF is a vote for the Liberals" and if a Liberal is speaking, he says "A vote for the CCF is a vote for the Conservatives."

At no time has the CCF been willing to join up with either of the "old line" parties but to their shame neither Liberals nor Conservatives can say the same.

When formation of a coalition government in British Columbia was the only way to defeat the CCF, they happily joined hands and are governing that Province in wedded bliss.

The same is true of the Liberal and Conservative parties in Manitoba, and in Saskatchewan was again they cheerfully formed a coalition opposition.

In multiple riding constituencies in Saskatchewan, they run on one candidate to a riding, a score of "one for you and one for me" saw-off, and in single riding constituencies they run a strange product called a "Lib. Prog. Con."

A LIBERAL PROGRESSIVE CONSERVATIVE That the two "old line parties" (and it's a very old line) are cynically suited to coalition efforts is shown by the record of their votes in the House of Commons. Elsewhere in this paper, the record of their votes is shown on legislation that meant a great deal to the security and financial peace of mind of the citizens of Canada.

But in every case but one, the Liberals, egged on by the Conservative party, either lifted price controls or refused to pass legislation for the security of the people.

We can't believe the Liberal preaching of "Much Would Have More," since they have had twenty-five years to provide it, and it still remains only a campaign promise.

Under the brief Conservative regime the more experienced ever had - I refer to the hungry thirties. So we can't believe the Conservative promises.

The main issue of this election is to provide security for all Canadians - SOCIAL SECURITY - increased old age pensions without the means test - blind pensions of \$50 a month - extended family allowances.

HEALTH SECURITY - A comprehensive national health plan, which will provide full hospital, medical, dental and optical care for all citizens.

EDUCATION SECURITY - As assistance to provinces to provide education a child may receive is how much is in the child's head, and not how much is in his father's pocket - Improved teachers' salaries.

LABOUR SECURITY - Nation al Labour Code so that workers in all provinces will be guaranteed the right to organize, streamlined conciliation procedure, outlawing of company unions, national minimum wages.

FARM SECURITY - Guaranteed forward prices set BEFORE seeding or breeding time, national marketing act, support for co-ops and other farm organizations, subsidized crop insurance, long-term credit at cost of services, soil conservation, reforestation, flood control, co-operation with provinces to provide security of tenure on farms.

HOUSING SECURITY - Government housing program in both town and country. A CCF Government will accomplish this programme as they did in Saskatchewan, where the CCF was re-elected in 1948, with 25,000 more votes than before. ON THE PERFORMANCE OF THEIR 1944 PROGRAMME.

Yours sincerely, Howard E. Brown
