MONDAY NIGHT -

We cut to or three corners on Monday night to get home and in front of the radio for the ten o'clock newscast to learn who won all the by-elections.

By the time the telephone rang. By the time the conversation was over (all from the other end) we were back at the radio in time to hear there was going to be a frost on Monday night and cooler on Tuesday.

Telephone rings. We get back in time to learn there was still going to be a frost Monday night and cooler on Tuesday. If the telephone rings at twelve o'clock it can just keep on ringing. We're going to find out if Jim McDowell won Greenwell.

TUESDAY -

Before the election on June 27th, Finance Minister Abbott announced tax reduction amounting to some \$200 million dollars. For the second time in a year he brought down a budget. Last week adding three more small tax reductions representing a saving of about five million for the taxpayer. While it may be argued Mr. Abbott is still saving, most people will recognize a substantial difference between \$200 million and 5 millions. Of course Mr. Abbott may not regard tax reductions quite as necessary now as he did prior to June 27th.

STILL TUESDAY -

One of the new tax reductions was the immediate elimination of the eight per cent sales tax on fuel oil used for heating purposes. Right away the fuel oil dealers announced there will be no reduction to users of fuel oil because they already have their winter stocks in hand on which the sales tax has been paid. It is all so very encouraging to the taxpayer who might be trying to save up enough to buy his wife a box of candy for Christmas.

WEDNESDAY -

We see in the NEWSFAPER Jim McDowell won the Greenwell by-election on Monday.

RARE INTELLIGENCE -

The man's wife had strong views on the subject of strong drink. One night her husband came home late and badly befuddled. He managed to get inside the house without waking her, and on reaching his bedroom got down on his hands and knees and started to crawl along the floor. But luck was against him; he was awakened.

In the darkness, mistaking the moving object for the dog, she said: "Come on, Jack, Good Good."

"Whereupon," said the husband next day, recounting the event to a friend, "I had the rare intelligence to lick her hand."

THE KICKER -

I hate to be a kicker, I always long for peace.

But the wheel that does the squeaking is the one that gets the grease. It's nice to be a peaceful soul and not too hard to please.

But the dog that does the scratching is the one that has the flea.

"I hate to be a kicker," means little in a show - the kickers in the chorus are the ones that get the dog's.

The art of soft soap spreading, is a thing that palls and stales; But the guy who wields the hammer is the one who drives the nails.

Let us not put any notions that are harmful in your head, but the baby that keeps yelling is the baby that gets fed.

News of the Countryside

From The Record's Correspondents

ROCKFORD

The Women's Association and Women's Missionary Society held a joint meeting at the home of Mrs. Gordon North on Thursday afternoon, October 26th with eighteen ladies present.

The meeting was opened by the singing of a hymn and all repeated the General Thanksgiving in unison.

Mrs. Wilbert Howard and her group presented a well prepared worship service, the theme being "Now Thank We All Our God".

A chapter of the Study Book "Growing With the Year" was given by Mrs. Howard. The Treasurer, Mrs. Nate Miller, reported

a satisfactory financial report. Mrs. Gordon North presided for the meeting.

The meeting was closed with prayer by Mrs. John Moore and Mrs. Nate Miller.

ROCKFORD (continued from page one)

value her currency in terms of U.S. currency. There is no economic justification for it. (Who has the courage to say that?)

The best of any kind of spraying apparatus of yesterday, being made today, and wonder whether there will ever be a return to the small bugaboo of the past; the small bugaboo, in the Tribune opinion, is the danger of "inflation."

There is implied a definite limitation of the family of two children. Two children families mean a community that is slowly dying.

Communism. It is an attempt to bribe men to give up a dangerous drug and substitute a milder one. Welfare state is identical with Communism in appealing to the individual's selfishness.

POWER REGULATIONS MUST BE ENFORCED

A reduction in power deliveries from one of the Commission's suppliers makes it necessary for all consumers to avoid wasting electricity.

The Commission has advised the municipal systems that strict compliance with regulations respecting the use of electricity is essential.

Voluntary conservation is also needed. Homes, industries and farms can play their full part by reducing the use of electricity at all times, particularly during the hours of maximum use, from 10 to 12 in the morning and 4 to 6 in the afternoon.
