Since Harry Belbeck became a Grampa last Saturday, he has been passing out cigars with abandon. Now on his third box it looks as though he might keep it up indefinitely. After all it isn't everybody who has forty-three years of age who can claim that title.

Canada's National Newspaper, The G. & M. of Toronto, has had a great time editorially convincing it's readers that consumers should have the privilege of buying a cheap substitute for butter regardless of the effect the policy may have on the Dairy Farmers of the Nation. We think the same paper should have been equally concerned in seeing that the farmers had the privilege of buying cheap shirts imported from Japan.

The margarine and shirt incidents are exact parallels and if the paper wants to be consistent it might well correct this oversight.

Every day the local committee is receiving letters from old Jarvis residents advising they will be home for the Centennial. In renewing her subscription this week Loreen (Leatherdale) Gladish, who now resides at 625 S. Benton, Cape Girardeau, Missouri, says she is enjoying the Centennial and hopes to be able to join in the celebration, especially Jarvis Day. We hope she will too. Laureen has been away from home too long.

The Toronto Telegram is sponsoring a search for a modern Cinderella. She will be the Queen of the Ball for Teen-agers which it is hoped will raise \$3,000.00 for the Ontario Society for Crippled Children. The object of the search is an unmarried girl, aged thirteen to nineteen, in or out of school who: \*

- Meets her school or job duties with diligence.
- Makes her home more pleasant through work and play.
- Constantly radiates happiness and friendliness.
- Lives in faith that her actions and attitudes can make this a better world.

Wouldn't it be nice if every girl

**Proceedings Of PARLIAMENT**

— By A. E. Catherwood —

In this article, I thought it might be of interest to say something about the members who represent the constituencies adjacent to our own.

Our neighbouring riding to the West, as you know is represented by Mr. Raymond Anderson, a farmer who has had wide experience in connection with co-operatives and fruit and vegetable organizations. He has an associate, a member from a city riding, Mr. Clark Murray, a druggist from Woodstock, Ontario. (We also have in the House of Commons by the way, a Murray Clark from Essex South.)

Mr. John Hartson, a farmer who represents Brant-Wentworth is chairman of the Conservative Agricultural Committee. John's wife is a Halldamund girl. (We tell him that it is no doubt the reason he is so popular. He shares his office with Dr. Bill Blair from Perth, Ontario.

**Bill's Slants On Sport**

— By Bill Martin —

Well, folks, the hockey season is just about on its way out now, but there are still a few odds and ends to pick around and I will try and pass it on.

City of all, we will take a look at what Garnet actually did during their play-off games.

Including the Erie League play-offs Garnet participated in twelve games winning seven losing four and one being tied. Garnet scored 53 goals and had 53 goals scored against them. In penalties Garnet scored a total of 164 minutes for various infractions of the hockey rules, and that figures out to about seven penalties per game. Now I really don't think you could class a team, who receive seven penalties in a game as a rough bunch of players. Farther down in the column you will see a list of goal getters, penalty getters and also a few surprises. Brian Meahan, who no doubt a number of you readers (I hope there are a few readers) figure would be the most penalized player for Garnet, are in for a little surprise. Meahan was beaten out by two minutes by L. Winger. H. Thomas and Murray Walker ended in tie for receiving the least penalties, each receiving one each. J. Phibbs was the leading goal getter with fourteen goals followed by Harry Thomas with nine and Roy Phillips with seven.

**SCORING RESULTS FOR PLAY-OFFS**

Player	Goals	As's	Pts.	Pen.
J. Phibbs	14	10	12	12
D. Phillips	7	3	15	10
H. Thomas	9	1	10	2
A. Phillips	2	8	2	2
M. Walker	5	3	8	2
I. Winger	4	1	5	28
B. Nixon	2	4	2	4
B. Meahan	3	1	4	28
G. Miller	1	2	3	17
R. Phibbs	2	1	3	3
B. Phillips	1	2	3	6
O. Phillips	1	1	2	4
J. Nixon	2	0	2	12
B. Miller	0	0	0	23
				4
	53	40	93	164

More play-off gossip from the surrounding country.

Bright, the team who beat Garnet out in the semi-finals, went on to win the O.E.R. Intermediate "B" championship, defeating Stroud in two straight games three to two and five to two. Most of the Garnet team, I am sure, were glad to hear of this, as Stroud were the team who knocked Garnet out a couple of years back, and also that Bright have a good team and also a swell bunch of good sports. I see where Red Kelley, scored himself a goal and also one of the three star selections in Thursday night's game at Detroit. Simcoe and Collingwood Juniors are locked up tighter than the Income Tax office after taxes have been paid, each winning two games and then after not agreeing on the neutral ice for the fifth game, are now playing a two game total goal series.

Tillsonburg, I see, are leading their series with Wallaceburg two games to one. Port Colborne who eliminated Dumville are still there also, leading their series with Collingwood two games to one.

Well folks, I think that is about all the news I can scrape up this week, and also it will be nearly time to tune in on the Detroit-Leaf game so hope to have a little gossip for next weeks news. That's all for now.

**YOU'LL ENJOY A SUPER SMOOTH SAFE RIDE**

**ON THE NEW GOOD YEAR Super Fashion LUNDY & HENDERSON**

Super-Cushion is far more than just a new tire—it's a new KIND of tire that gives you an unbelievably smoother, softer ride... increases comfort and safety... actually adds to the life of your car by absorbing road shock and vibration.

Our modern change-over plan makes it easy for you to enjoy the many EXTRA advantages of this great tire... drive in and let's talk it over.

**LOGGERS and LUMBERMEN!**

As from April 1st your employees are insured under provisions of the Unemployment Insurance Act. This means that contributions must be paid for them beginning on that date.

If you employ anyone in lumbering and logging you should—

1. Register with your National Employment Office;
2. Obtain insurance books for your employees;
3. Get instructions about making contributions and about rates.

Your National Employment Office is ready to assist you with all necessary information.

All sawmills and planing mills come under the Act on April 1st regardless of how many weeks they operate.

Farmers and any other persons whose main occupation is non-insurable need not be insured if they work in lumbering and logging for 60 days or less a year and apply for exemption.

Call at the nearest National Employment Office for full information.

**We are pleased to announce the introduction of a new National Brand of Fertilizer to be known as -**

**NATIONAL 3-18-0 FERTILIZER**

National 3-18-0 Fertilizer will be most valuable for heavy soils which are inclined to be cold and wet in the Spring, and which are known to contain a satisfactory supply of Potash. Soils of this type are commonly found in Halldamund County and adjacent areas.

The "Halldamund Clay" type of soil, which occupies about 52% of the total acreage of Halldamund County, falls in to this classification. Because this soil is heavy and cold, the growth of plant life is often very slow in the Spring. Consequently, even legumes will respond to a Spring application of Nitrogen, when grown on this type of soil.

The National 3-18-0 Fertilizer is, therefore, recommended for Spring grains, new seedlings and fertilization of established pasture and hay fields, when grown on the heavy clay and clay loam soils commonly found in Halldamund County and adjacent areas... providing these soils are known to contain sufficient quantities of Potash for crop growth. This, of course, will depend to a great extent on the manner in which the soil has been farmed. The suggested rate of application for this brand is 250 to 350 lbs. to the acre.

Mr. Bruce Mehlenbacher, of Cayuga, well-known seed producer and seed dealer, has carried out - personally - many trials and tests on fertilization of new seedlings and established grass and clover crops, on his own farms. The results of his investigations have influenced the formulating of this new brand - National 3-18-0.

We believe that this is also an appropriate time to recall that many soils in the Halldamund County are quite acid. An acid condition should be corrected by an application of Lime, applied at rates determined from the results of a soil test. Acid soils are not economical and an acid condition ties up many of the soil functions - thus hindering satisfactory growth.

This Special Brand of NATIONAL 3-18-0 FERTILIZER may be purchased from the following

**NATIONAL FERTILIZER DEALER**

**W. J. HEASLIP**

**NELLES CORNERS SELKIRK CAYUGA**
