We're Big Spenders! I hat doesn't mean we're careless. It's just that in the course of turning out those fine Tex-made cotton products you know so well, we have to buy a great many things from all parts of the country.

We need packing cases and cardboard cartons, construction lumber, paper, potato and corn starches, coal, sulphuric acid, caustic soda, oils, lubricants and a hundred and one other things which we buy from fellow Canadians who grow or make them.

In addition to this the 12,500 men and women working in our plants, earn many millions of dollars a year in wages, dollars which are spent on foodstuffs from the farms of Canada, grains, cattle, hogs and poultry, fish from the fishermen on both coasts and the Great Lakes.

We are the customers of our fellow-Canadians just as they are our customers. We're proud to have a part in Canada's economic life by buying the goods which other Canadians grow, make or provide.
