Its like Bob Frith says, nobody ever proved that smoking ever did anyone any good and after reading that article in Reader's Digest, we can't afford to go on taking the chance of knocking eleven hours off our life span for every week we use. Besides we are assured that by disassociating ourselves with the obnoxious weed we will forthwith acquire some much needed pondage. Well, we can stand a little and besides we are getting tired of such handles as spare-rib, slim and bean pole. It's too early yet to detect any change in our contours. Now Bob Frith, an earlier disciple of the Total Abstinence cult, is beginning to show signs of increased weight, unfortunately, it is all going on in one spot. If he continues to refrain from smoking he will soon have to get someone to lace his shoes for him in the mornings. Wouldn't we look nice with a tub like that?

Perhaps Finance Minister Abbott doesn't know, but the recreation Act, unfortunately, is all going on in one spot. If he continues to refrain from smoking he will soon have to get someone to lace his shoes for him in the mornings. Wouldn't we look nice with a tub like that?

A woman writes Thomas Richard Henry thusly: "Paul had instructed his committee sternly. 'Women should keep quiet in church. They must take a subordinate place. If they want to find out anything they should ask their husbands at home, for it is disgraceful for a woman to speak in church. A man ought not to wear anything on his head in church for he is the image of God and reflects God's glory, while woman is a reflection of man's glory. Man was not made from woman but woman from man and man was not created for woman, but woman for man. That is why woman should wear something upon her head to symbolize her subjection. This was the Jewish and Greek view of women but not the Roman.'"

Sometimes we think women should pay more attention to Paul's instructions—but we don't think that out loud.

Winston Churchill has coined a new word—"Questiotopia". The word was missed in our copy of Webster's dictionary, but according to the Toronto

gram it is a concise and delightful description of all the irritations which the road to the Utopia promised by the Labor Government in Britain. Queens experience for the British people and the old master mind may have the word in "questiotopia" that will avoid the necessary support behind him to elect his party in the forthcoming U.K. election. Sometimes a word can have a tremendous influence on how people mark their ballots.

The mayor of Toronto is proposing a tax on the occupants of hotel rooms. We can't imagine anyone willingly paying for the privilege of staying in Toronto overnight.

Everybody is in favor of a new community hall—so far as we know but that is a long way from the thirty or forty thousand dollars that will be required to make it a reality. Nevertheless it can be done if we want it badly enough.

and act as host.

SUNDAY SCHOOL
Parents are reminded of the importance of the Sunday School for their children and of the importance of using well the one hour that is ours by beginning on time. We hope for full attendance and punctuality. Our School is developing every Sunday and we ask for the full support of every parent.

We invite you also to remember the Sunday School "At Home" on Friday night, February 17th when the pictures from the Sunday School concert will be shown and Mr. Leighton Johnson of Hamilton will give a beautifully illustrated lecture entitled "Jesus of Nazareth."

THE ANNUAL MEETING
The annual meeting of the congregation is over once again. We are grateful for the year behind us and to every faithful member and friend who has served with us during that time. But we look forward to the year ahead believing that we can accomplish far greater things if everyone of the membership will give to the work of the Church what it deserves.

NOTICE TO ONTARIO MOTORISTS
Re Unsatisfied Judgment Fund Fee

Under an amendment to the Highway Traffic Act enacted in 1947, provision was made for the creation of an Unsatisfied Judgment Fund out of which will be paid, in the manner prescribed, judgments for personal injuries and property damage sustained by reason of the operation of motor vehicles, which cannot be collected in the ordinary manner from the judgment debtors.

The method prescribed for creating the Fund is the collection of a special fee, when required, from each person to whom is issued either an operator's or a chauffeur's licence.

While this legislation has been in effect since the 1st of July, 1947, the Unsatisfied Judgment Fund Fee has been collected only since January 1st, 1949.

Total fees collected for the Fund and repayments to the Fund from January 1st to December 31st, 1949, amounted to.....\$638,430.37

Judgments paid out of the Fund from July 1st, 1947, to December 31st, 1949, amounted to.....\$630,644.03

As there is not now sufficient in the Fund to pay judgments for a period of a year, an Unsatisfied Judgment Fund Fee of 50c will be collected from each person to whom is issued a 1950 operator's or chauffeur's licence.

Please God! Not to Mine!

Not to mine, this horrible crippler.
Not to mine this thing with the long scientific name, poliomyelitis, this thing that means misery and pain in the language of the little ones.
Not to mine to wear a brace, to hobble, to limp.
Not to mine to hear the laughter of others, to watch them at play, to cry the bitter tears of childhood lost forever.

Please God! Not to mine!
And let me help those to whom it does come, this crippler, this destroyer.
Let me give to help the helpless.
Let my dollars and my prayers go with these little ones, that some day, some time, children everywhere will walk without fear, free of childhood's greatest enemy, Poliomyelitis.
I am glad I have the privilege of giving to the Canadian March of Dimes.
