RATS, CATS, BUREAUCRATS—

Bureaucracy at work—that is, really big-time bureaucracy, like the current British type—is a serious menace.

While Meyer was sentenced by the Military Court to suffer death by being shot, his sentence was later commuted by General Chris. Vokes to life imprisonment which he is serving in a Nova Scotia Penitentiary.

Now we will wait and see if Ralph Allen's story will arouse sufficient interest in the case to alter the sentence.

PERMANENT RESIDENCE FOR GEORGE—

Don't get the idea we are George's only friend. The newspaper last week informed the public that a permanent residence costing \$25,000 has been purchased for George in Ottawa. There must be other people therefor, who expect George will be around Ottawa a long time.

We do suggest, however, that the government could retain it below bureau and still save money by firing the 104 catchers and hiring 104 seamstresses.

TAXES LINE WICKERS—

Taxes are like whisks. Once you start to grow them they stay with you for life. It may surprise some people to know that the Government of Canada now requires almost as much in taxes for social services alone as was required for the entire Federal budget in 1939.

Old Age and Blind pensions, unemployment insurance, and health grants now amount to more than four hundred million dollars a year. Most of these expenditures can be justified on humanitarian grounds, but let there be no misunderstanding on this subject. The Government does not pay these bills. We, the taxpayers, do.

In fact they are just like the whisks. Now that we have them it would be difficult to even cut any of these new expenditures to any appreciable extent.

Erie League Hockey Notes

Flash! Hockey fans can relax again. "Meeker" is back to normal. He received two penalties in Monday night game and didn't score any goals.

The Erie League play-offs are under way and as time of writing it has not been decided whether the two games and goals to count. It all depends on whether Cayuga Intermediate's fold up or not. If they do, it leaves enough open nights to allow for a longer playoff in the Erie League.

Speaking of Cayuga, makes one wonder what's wrong with the management of the arena down there. Last Thursday evening scores of people drove down there to see the first game of the semi-finals. Upon arriving there, they discovered one game had been called off and the ice not fit for the other game. Despite all this, the bonusses kept on selling admission tickets, only in some cases they didn't issue any tickets stubs, which relieved them of

UNICEF... TO 20 MILLION KIDS THAT SPELLS "FOOD"

UNICEF stands for a long name. But in plain language it just means help for a lot of sick, hungry, and helpless children.

UNICEF is an arm of United Nations which reaches across Europe and Asia to feed, clothe, nurse and rehabilitate millions of children. It is supported by the VOLUNTARY contributions of many nations and many individuals.

UNICEF has fed 5 million children in Europe — but it lacks funds to feed another 15 million. It has tested 15 million for disease and vaccinated 8 million — but it hopes to test and immunize 100 million.

In even simpler terms — YOUR contribution of ONE dollar will pay for enough leather to make a pair of child's shoes — or it will buy a glass of milk for 10 children every day for a week — or it will give 300 kiddies a day's dose of cod-liver oil.

A dollar bill or a dollar cheque sent to "UNICEF, Ottawa" will do these things. UNICEF is just as simple as that.

UNICEF stands for United National International Children's Emergency Fund
