We have been informed that Councilor Newell Marshall has been appointed Dog Catcher for 1950. Not only that but he was responsible for a dog by-law which states that all dogs must be confined to the premises of the owner from April to September inclusive. Other months of the year they can roam at large and they are equipped with a dog tag. Now they know what it meant when he stated at nomination meeting he was going to do something about dogs if re-elected to Council. We're not going to let him abuse our "Plato" if we can help it. We are going to keep a careful watch on the Councilor and the minute he catches a cheque for services rendered as dog catcher, we're going to instigate proceedings to have him removed and then take the case to the Supreme Court of Canada to have the by-law put through declared ultra vires. So there.

If the Lions Club had said to the people of Jarvis on a real hot day "Let's have a nice fresh drink of lemonade" the populace would have been a bit more receptive to the suggestion that they apparently are to the plan to build a Community Hall. The big problem at the moment is if there is a problem to concentrate there's a good dictionary word ideas on the architectural plan of the building. While it will be impossible to erect a structure to meet with the absolute approval of all citizens, that, nevertheless, should be the aim of the committee at this point. When that is as nearly as possible achieved, we strongly suspect cement will start to flow for the foundation.

We dropped in to Romeo Martin's eatery the other night for a cup of coffee and had a free television show thrown in for free. We have seen several sets in operation since video first came on the scene but Romeo's set reproduced the best of anything we have seen yet.

Jarvis is the smallest municipality in Canada with an active Board of Trade. Yes sir, you fellows in business in Jarvis, you should be pleased to have the opportunity of belonging to a Board of Trade and other municipality in Canada, the size of Jarvis gives it to you. If you are not a member now, it would be a good idea to attend the annual meeting on Friday night and start 1950 right.

With a population of approximately 1,600, Jarvis now has a church for every 250 people. The Ukrainian Greek Catholic Church when completed will make Jarvis Rite the town of churches.

Rod & Gun Club Activities

By C. Bott

Well here we are again after a long absence. A lot of things have happened since our last writing. First and foremost was our annual banquet which we feel was a splendid success. There were two hundred and nine set down to a bountiful dinner prepared by the Women's Institute. After dinner a long program was presented and thoroughly enjoyed by all. Highlights of the evening was the presence of Gregory Clark, noted feature writer of the Montreal Standard and formerly of the Toronto Star, as guest speaker. Reg. Slocum, the man of mystery excolled in his act of mystifying tricks. Even though some of these were performed before us since, we are pleased to learn that Walter Hunt is able to be up again after the weeks in bed.

Mrs. L. M. Porter motored to Toronto on Friday where she was with Mr. and Mrs. F. Heika. Gladys Wolf spent the past week with Mr. and Mrs. Grant Hutchinson at their home near Mount Eglin.

Fred Snyder and his musicians entertained during intermissions with some very fine Old Time music. Prizes for the Post Contest were presented during the program. A silver cup was presented to Justine Leidner by the donor, Clarence Wingler. A rifle was presented to Geo. Gowen by Edgar Washbrook, Reeve of Walpole. Mr. Gowen in turn presented the rifle to the Junior Rifle Club for their rifle section. A \$100.00 cash prize was presented to Ralph Burke who turned it back to the Club for future activities.

Reports for the years work were given by the various committees and judging by these we have had a very successful year.

The monthly executive meeting was held on Thursday, January 12 with ten members present. At this meeting it was decided to get the Junior Rifle Club organized and with this in mind the Juniors will have a meeting on Wednesday, January 18 under the direction of Blair Beck and Roy Finch. Full instruction in hand firing and loading of rifles will be given before any actual target shooting is done. All members who take part must have the application form signed by their parents before they can enter.

It was decided to run the Photo contest until the January meeting which will be on January 26th. Entries as was stated earlier in the year are of two classes. One is action pictures, which include any form of wild life or fishing or hunting. Second is scenic pictures, but not to be taken in any cultivated area. Entries are to be at least 8x7 in black and white.
