Canadian men and women have 8,000,000 deposit accounts in the chartered banks—equal to one account for every adult.

Banks value each depositor's business highly ... safeguarding your money, paying interest on your savings, standing ready to repay . . . striving to retain your confidence and friendship.

Your bank manager appreciates his obligation to you. Ask him what is a banker's first concern. He will answer, "Safeguarding the depositors' funds."

For he realizes that depositors are the very foundation of the efficient credit process by which banks mobilize deposits to serve the needs of this working, growing, enterprising Canada.
