HALDIMAND COUNTY CENTENNIAL — WELCOME HOME — JULY 30-AUG 6 1950

The McNeill Family

— By Norman C. Colbert —

The Clan Macneil (MacNeill) is one of the most ancient in the Highlands of Scotland. They descend from Niall of the Nine Hostages, King of Ireland in the year 379, and the Twenty-first generation from that monarch, in the year 1030, they came to the Isle of Barra, in the Outer Hebrides, where they established a clan government which refined almost independent for many centuries.

Archie McNeill, the ancestor of the local branch of the family, left the Isle of Barra, and settled in Ireland. In due course this Irish branch of the family changed the name from MacNeill to McNeill, to distinguish it from the Scottish branch, as was the custom among so many of the Scots who settled in Ireland.

Archie McNeill married in Ireland, Margaret Morrison, and they had issue one child only, Robert McNeill, who was born in Ireland on April 3rd, 1808.

The house of the McNeills was at or near Stronocham, County Antrim, Ireland, and it was from this place that the said Robert McNeill (1808-1881) set out for Canada in 1847, accompanied by his wife, whose maiden name was Elizabeth McCann, and their family, all of whom were born in Ireland.

The McNeill family had a most trying time on the voyage across the Atlantic. The youngest child, Ellen McNeill died and was buried at sea, to the great sorrow of the parents, and the older children. The voyage, by sailing vessel, lasted sixteen weeks, and on approaching Labrador the ship on which they were travelling was forced to turn back for a time on account of the icebergs and heavy masses of floating ice. These hazards created a grave danger to the vessels of that day, which were ill equipped as compared with the Trans-Atlantic Liners of today. As coal was used, and no lights of any kind were permitted until the boat docked. The provisions had also run so low that everyone was put on three-quarter rations.

On their arrival in Canada, the McNeills spent their first winter in Toronto, and moved to Lot 22, Concession 6, Woodhouse Township in the spring of the year 1848. They settled and lived on this homestead farm, and part of said Lot remained in the McNeill name until 1919.

The children of Robert McNeill and Elizabeth (McCann) McNeill were as follows:

(a) Ellen McNeill, who died unmarried.

(b) Rachel McNeill who married Robert Nixon of Woodhouse Township.

(c) Robert McNeill, on the homestead farm until 1919, and who now lives in Jarvis.

(d) Joseph A. McNeill, who lives at Homestead, Florida, with his wife and daughter.

(e) Annie McNeill, residing in Jarvis.

(f) John McNeill, married with five children, and living in Calgary, Alta.

(g) Thomas McNeill, living in Jarvis, his wife being the late Elizabeth Hudson. His daughter Grace lives in Florida, and his son Robert McNeill is a chemist, living at Longueuil, P.Q.

(h) Mary Jane McNeill, married William Meikle, and they and their children live in Toronto.

(i) Neil McNeill, married Emily LeBarr of Walpole Township, and now reside in Regina. They also have issue.

3.—Mary McNeill, married John McAlpine, and they also moved to Saginaw County, Michigan, and have descendants living there.

4.—Fanny McNeill, married James McIntosh and lived on the Scotch Line, Woodhouse Township. They have descendants living in this district.

5.—Elizabeth McNeill, married John Brown, also of Irish ancestry. They lived on the Scotch Line, Woodhouse Township and had the following children, namely: Thomas Brown and Neal Brown of Jarvis; Martha Brown (deceased); Mrs. Margaret Miller, Jarvis; Mrs. Ellen Mitchell, and Mrs. Elizabeth Wodham Walpole Township.

6.—Ellen McNeill, who died at sea as above set out.

The pioneer Robert McNeill was, as were most of the "Ulster Scots", a staunch and lifelong Presbyterian. He and his late John Horn were ordained as the first elders of Knox Presbyterian Church, Jarvis, after the congregation in 1856, and he continued an active member during his lifetime. He and his wife were interred at St. Luke's Cemetery, Woodhouse Township, where so many of the early pioneers are resting.

RENCY FARM FORUM

Labour and Farmer — Friend or Foe ? was the topic for discussion at Monday evening on the National Farm Forum. The subject dealt with the relations between the farmer and the labourer. The four questions on the topic were discussed and the answers were as follows: 1st. first question was whether higher industrial wages harm the farmer and the group decided they were beneficial in moderation as more money for labour means better markets for our produce. The second question was whether farmers have more free time during the year than labour and most of the gathering were certain that they didn't, there actually wasn't any farmer there who gets three weeks holidays with pay. The third question was whether labour unions are against the interests of agriculture and the opinion was that they were not, but one suggested that a similar union of farmers with a man like John L. Lewis at the head might be more beneficial. The last question was whether the farmers marketing scheme were against the interest of the consumer and to one thought

Dogs were both kicked and petted at the Council meeting Tuesday night. Almost without exception the Councillors indicated they felt like kicking the daylights out of dogs at certain times, yet behind it all it could be sensed that they all regarded the animal as "man's best friend".

"With the number of complaints we have had about dogs roaming the Village of late, and causing damage" said the Reeve, "something definitely has to be done about it." With that the dog by-law came out and was dealt with at the unpretentious time by this and preceeding councils. After a lengthy debate it was felt the by-law was strong enough to meet the present situation if it's provisions were carried out to the letter.

Instructions have been given to Constable Banks to see that every dog in the Village is tagged not later than the 31st day of March. After that date it was intimated that the provisions of the by-law, namely, "That every dog which is found off the premises upon which it is kept, without a tag and not under the control of anyone may be SHOT."

The by-law, incidently calls for every owner of a dog to purchase the license on or before the 15th day of February of each year, and there is no obligation on the part of the Council to sell the licenses to owners. Therefore the Council would be quite within its rights to shoot every dog in the Village at the present time because so far this year no one has purchased a dog tag.

Perhaps as though anyone who wants to preserve their pets had better attend to this detail before the end of the month.

CARD OF THANKS

I wish to express my sincerest thanks and appreciation to my friends and neighbours for the many acts of kindness, messages of sympathy and floral tributes during my recent bereavement.

Mrs. George Cartwright

The topic for next week will be: "Can We Farm Co-operatively ?"

Council Agree To Underwrite Cost Of Centennial

A. B. Blight, chairman of the Jarvis Centennial Committee, who is charged with the responsibility of arranging the program to be undertaken locally in the forthcoming Centennial Celebration had a problem which he placed before the Village Council on Tuesday night.

Mr. Blight's problem was a means of finding the necessary money to defray the costs which have already begun to pile up and further expenses that are already as clear as cut glass.

He found upon meeting the Council that the members of that body were fully aware of their responsibility in the matter and were prepared to underwrite the costs so long as they remained at a reasonable level. As a result $500. was voted to the committee and assurance given that more would be forthcoming if the necessity arose. The only hesitancy shown by the local council was the apparent feeling of the members that the Township of. Walpole should share in the costs. Mr Blight assured them that he was confident the Walpole Council would want to assume their share in making the Centennial celebration the success everyone in Haldimand County wanted it to be.

STRUCK BY CAR NEAR TORONTO

Earl Fess, Jarvis, was struck by a car near Toronto last Thursday and suffered injury to his left knee. The bumper of the car hit his left leg and he was thrown to the ground. Fortunately, however, his injuries were confined to his leg and no bones were broken. The driver of the car was Gerard Malone, 119 Lauder Ave., Toronto.

Lions Take Broomball Crown

After holding the Broomball Crown for the past Twenty-three years the Dairymen lost the title last Thursday night to the Jarvis Lions Club. In a see-saw battle through the entire sixty minutes, the Lions netted the winning goal with six minutes left to play. Norm Graham was credited with the goal but the dairymen protested when it was argued that the ball went in off his stomach. The referee, unable to see the ball for his stomache, hesitated to rule on the legality of the play and allowed it. It was a tough break for the Dairymen and the team left the ice at the conclusion of the game weeping crocodile tears.

The twenty-five cent admission price kept the crowd down to the rink capacity. One lone spectator was visible through the mist rising from the steaming players. The Dairymen maintained it was evil-eye fleagle in the bleachers and that he had been hired by the Lions Club to throw out a few half whammys. It was later proved to the Dairymen however, that the spectator was Harry Agnew and that he was merely witnessing the game with no ulterior motives whatsoever.

In a couple of years it is expected the players on these two teams will be able to meet up in another championship match. The match-makers however, are a bit leery of trying to stage a game between them at any

BIRTH

CRADDOCK — At Beckeliffe Hospital, Hagersville, Ontario, on Wednesday, March 1st, 1950, to Mr. and Mrs. Ernest Craddock of Jarvis a daughter, Nancy Eileen.

We will give you the key to the County. I know that when you come back to Ottawa you will say, "Well, I have seen everything" "

The Haldimand M.P. urged the continuance of a price support policy for Agricultural Products. He said he felt that floor prices are necessary at the present time, despite the fact he had always been a firm believer in the law of supply and demand. "This economic law has been interferred with so much, particularly by Governments, that it is not practical now. So for the present, until conditions return to normal, it is essential that Canadian producers have price support.

The need for a Federal coal policy has been emphasized, he said, by the recent coal strike in the United States. Such a policy could find means of bringing coal to Ontario from the Canadian North west and from the Maritimes. "The Government should give serious consideration to implementing a coal policy for Canada."

Mr. Catherwood also said he felt it was necessary that Canada continue a selective policy of immigration to promote and develop the Industry of the Country. "By a process of a selective immigration system for our farms and for our vast new fields of production that are being opened up and will continue to be opened up in an increasingly high degree as a result of the amazing recent discoveries, Canada will go forward by leaps and bounds."

Mr. Catherwood felt that the Income tax forms should be simplified and that a pension plan be set up on a contributory basis with the means test abolished.

Three Straight Wins Advance Garnet In ORHA Play-offs

— By Bill Martin —

Well Garnet came through ! Yes folks, Monday night Garnet defeated Little Corners one to nothing in one of the closest and most exciting games played in many a moon to oust Littles Corners from the O.R.H.A. playoffs three games to one and now go on in search of the O.R.H.A. championship.

The people who gave Garnet up after the first game should now be playing hide and seek with their conscience. In last weeks write up I mentioned that Garnet could play better hockey and they certainly did and had to, to beat Littles Corners, who had no pretige in losing and the team that beats Garnet if they are beaten out will have to be good — better than good.

Now about the game. The first period was very fast with both teams playing cautious hockey and both Bruce and Stallwood had to be good to stop many a good scoring chance by both teams. There were six penalties handed out with four going to Garnet. The second period was also a close checking affair, seven penalties handed out, five going to Garnet who were hard pressed for a while, but staved off the Little Corners attackers with some brilliant defensive hockey. This period was marred by a rather foolish play on the part of one of the Littles Corners players, when he attempted to kick one of the Garnet players lying on the ice. "The referee immediately handed out a major and a match penalty which was justly deserved.

I think and many of you will agree that players who deliberately attempt to injure another player should be barred from playing hockey.

In the third period, which was the thriller, at the 12.07 mark Alvin Phillip, who played one of his best games of the season, stole the puck at centre ice, skated up to the Littles Corners defence and fired a scorching shot Bruce never had a chance to stop. After this goal Littles Corners just couldn't do a thing as Garnet took command and held that one goal lead. There were four penalties, two to each team.

The hero of course was A. Phillips who scored the winning goal and played brilliant hockey with a great display of back checking, breaking up many good scoring chances. Sparky Stallwood came up with a brilliant display of goal tending and certainly deserved this shut-out on the nights play. I could mention a number of players who played very well, but space is limited. A Bruce was sensational in the nets for Littles Corners who robbed the Garnet players time and again on a number of good scoring chances.

Garnet open the second round of the play offs on Thursday night at Woodstock meeting Princeton. The second game will be played Monday night, March 13th at Dunnville.

Those hockey loving people who have been passing up the games at Dunnville don't know what they are missing. Personally, I wouldn't miss them, even if I had to carry Pete Banks and the Town Jail on my back to get there.
