ADVERTISING RATES UPON REQUEST

SUBSCRIPTION RATES

For all points in Canada \$1.50 per year in advance.

For the United States \$2.00 additional for postage.

The date to which subscription is paid is indicated on the address label.

A. L. MILLER, Editor

EASTER SEAL SALE

DURING THE NEXT FEW WEEKS more than 150 service clubs throughout Ontario will engage in an annual sale of Easter Seals.

That objective is the meeting of medical and surgical skill with children who often otherwise would not receive such attention.

Its methods are simple. In this scientific age we have the skills to correct conditions which cripple.

Through its district nurses, each specially trained and recognized by the government as qualified orthopedic instructors, these children are sought by contact with local medical officers, school officials and similar authorities.

This work is sponsored in local centres by service clubs. Upon the clubs fall heavy expenses. The volume of benefits to children has grown tremendously in recent years; so has the cost.

WHY SOCIALISM WON'T WORK - By Lewis Milligan

I NEVER LIKED the word "classes" as applied to the differences between people in a community.

In the recent general election in Britain, the voters were divided into upper, middle and lower or working classes.

There are undoubtedly differences and more or less sharp distinctions between individuals in every community, and birds of a feather flock together.

The upper class flock to the West End of London, and the lower to the East End, while the middle class, I suppose, flock somewhere in between.

The distinctions between these classes are - or were monetary. The wealthy were at one end and the poor at the other, with the more or less well-to-do in the middle.

the hereditary nobility, there will always, as in the past, be a circulation of individuals and families between the lower and upper strata of society.

A civilized society can never be static, because human beings are not all alike; they are diversified mentally and temperamentally.

THE BRITISH GOVERNMENT is complaining that people will not save. At a time of the fullest employment and the best wages in history, despite all the troubles of international trade, the national savings campaign in Britain is being a flop.

Why should there be any surplus? The Socialist Government is surely unreasonable to ask the people to save. Why should they? Interest on savings is very low.

Have you answered that letter you received from the Jarvis Lions Club which says that you are not expected to deny yourself too much?
