

Pen, Scissors and Pastepot

The retirement of Roy T. Hewitt as Reeve of the Village of Hagersville should not go by without some recognition of the service he has rendered, not only to his own municipality but, the County of Haldimand as a whole. For the past eight years he has been a member of the Haldimand County Council and it can be said that few, if any, have made a greater contribution to that body. He always devoted himself conscientiously to the responsibilities of his office which, over a period of years, can mean much to the taxpayers. He never shirked a duty and his judgment was looked to on many occasions by other members of council whenever matters of a contentious nature arose. Twenty consecutive years in the public service goes far beyond what should be the normal call to duty of any man yet Roy continued to carry the load when no replacement appeared on the horizon. The completion of the Waterworks and Sewage system in his home town will stand as a monument to his service in the years ahead.

It is the shining epitome of Canadian democracy when 27,000 people assemble like a bunch of puppies looking for Santa Claus for one or more scraps of pastepaper that will entitle them to admission to a stadium with hard, lacrosse wooden seats.

In an open air stadium with the temperature dangerously near the freezing point. The spectacle of twelve men slogging through a sea of mud trying to transport an inflated pigskin across a chalk line over the prostrate bodies of twelve other men. For one week in the winter people seem to be more content over a searing football than a searing price structure. Most of them will be quite sensible and perhaps happy for the remaining fifty-one weeks.

The mail brings a letter from G. A. Best, in Watford, commenting on the remarkable memory of W. F. Rodgers, the author of "Centennial Chatter" appearing in "The Record" a couple of weeks ago. Mr. Best claims he knew Wes Rodgers as Marjorie's clerk and later a hod carrier for William Hume. He recalls Wes climbing up a ladder with a box of bricks and playing a month-long at the same time. He also recalls the brick falling from the box, on one occasion, from near the top of the ladder, but Wes never stopped playing the month-long. Unfortunately they missed seeing each other on Centennial Day but Mr. Best puts that down on his failure to recognize his friend of so many years ago.

After an absence of six months, the familiar column "On and Off The Record" by J.K.H. is again appearing in the Jarvis News-Record. Judging from the first two appearing, Jack Hume lost none of his punch in the interval when he devoted his talents as managing editor of an

The world's most popular engine

More trucks use Chevrolet than any other make! And one important reason is Valve-in-Head engine design. For over 35 years Chevrolet has been the largest producer of Valve-in-Head engines — engines world-famous for power, dependability, and outstanding economy.

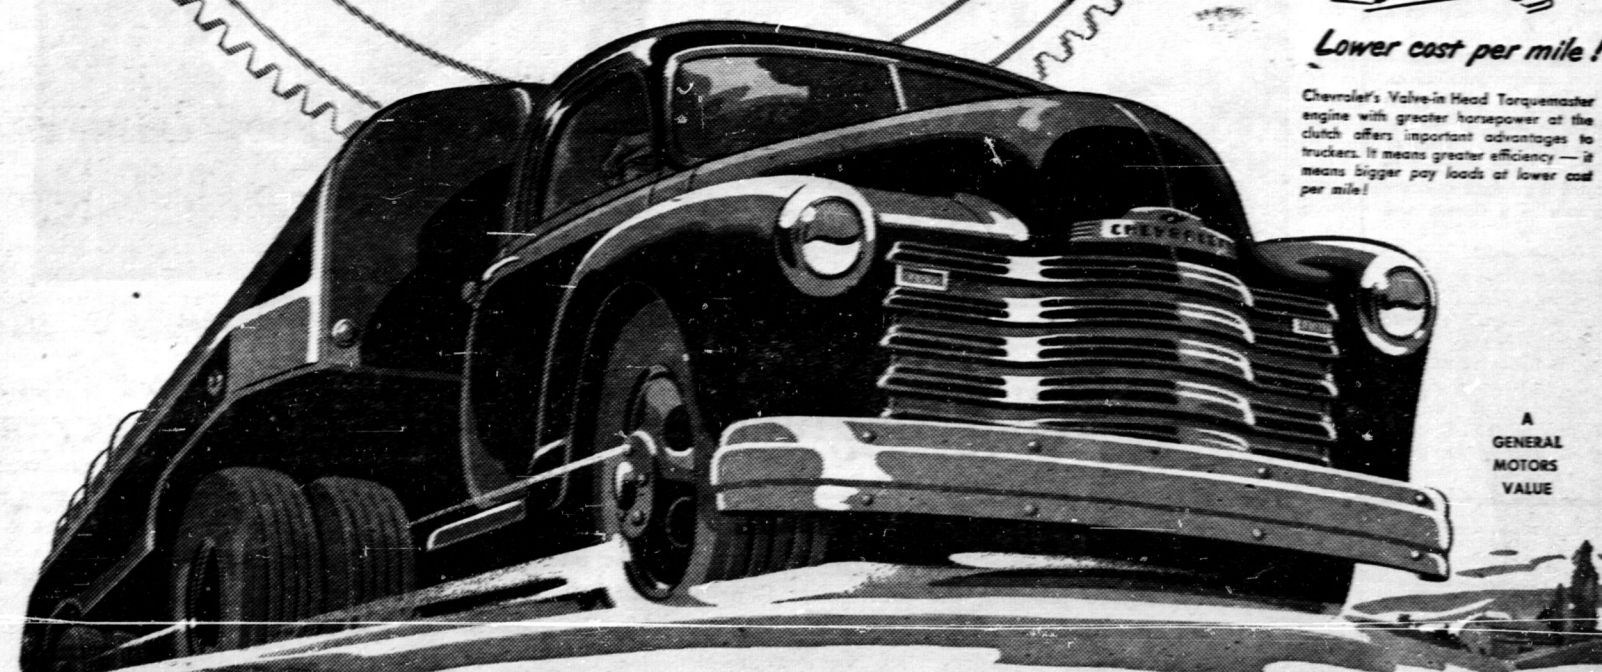

Blue-Flame combustion

Chevrolet's Valve-in-Head design, once again refined and improved during 35 years of development, makes possible the smooth, even burning of the fuel — blue-flame combustion. Combustion chambers are scientifically shaped to bring more power from every drop of gasoline.

Lower cost per mile!

Chevrolet's Valve-in-Head Torque-master engine with greater horsepower at the clutch offers important advantages to truckers. It means greater efficiency — it means bigger pay loads at lower cost per mile!

Net horsepower... the power you use, the power delivered at the clutch... is the true measuring stick of a truck's ability to haul payloads. And for net horsepower, Chevrolet heavy-duty trucks with Torque-master engine have no equal among the five most popular standard equipped makes in their weight class, up to 16,000 lbs. G.V.W. Chevrolet heavy-duty trucks lead them all! Compare the facts! And remember — it's the power at the clutch that counts! Come in and let us tell you the full story of Chevrolet's truck leadership.

PLUS—Chevrolet Advance-Design Truck Features!

THREE GREAT VALVE-IN-HEAD ENGINES: Torque-master, Loadmaster and the improved Thrift-master — give you greater power per gallon, lower cost per load. • THE NEW POWER-JET CARBURETOR: smoother, quicker acceleration response. • DIAPHRAGM SPRING CLUTCH for easy-action engagement. • SYNCHRO-MESH TRANSMISSIONS for fast, smooth shifting. • HYPOID REAR AXLES — the most durable type. • DOUBLE-ARTICULATED SHAFTS — for complete driver control. • WIDE-BASE WHEELS for increased tire mileage. • ADVANCE-DESIGN STYLING with the "Cab that Breathes". • BALL-TYPE STEERING for easier handling.

WALPOLE MUNICIPAL COUNCIL MEET

Jarvis, November 10, 1959
The Municipal Council of the Township of Walpole, met on this date pursuant to adjournment with all members present and Reeve E. M. Waldbrook presiding. Minutes of the October meeting were read and all correspondence given due attention. Addition and Parkinson — Resolved that the minutes of October meeting be adopted as read. Carried.
A By Law was passed, appointing members of Council to be the Court of Revision for the Township for the year 1961.
Council adjourned to allow the Court of Revision to meet, with Reeve E. M. Waldbrook, chairman. All members subscribed to oath of office, and Court opened at eleven o'clock A.M. and gave consideration to all appeals.
Parkinson and Addison — Resolved that the general and road accounts be paid. Carried. General accounts to the amount of \$1,337.63 and road accounts to the amount of \$5,980.26 were paid.
Parkinson and Rouleau — Resolved that the Council do now adjourn to meet on December 15th at Ten o'clock A.M. Carried.
J. J. PARSONS, Clerk
E. M. WALDBROOK, Reeve.
