NATURE UNSPOILED

YOURS TO PROTECT.
The MALLARD is familiar to everyone. His handsome green head and white neck-ring identify him. He's the ancestor of nearly all barnyard ducks. A fine-looking bird, he deserves protection. There are many varieties of mallards, and all are highly regarded by sportsmen.

Pen, Scissors and Pastepot

Bob Frith informs us he still has his pen, scissors and pastepot. As a matter of fact they are still under the veranda where they were born. Until he knows how many there are, he is just going to promise to fill orders in the order in which they are received.

Dave Banks, President of the Jarvis Lions Club has been impressing members of the importance of notifying the Secretary a couple of days in advance if they are unable to attend dinner meetings of the Club. Most of the members have taken him at his word and done so—but when Jack Cooke, a member of the President's staff, incidentally failed to do so and didn't turn up at the meeting, when it opened on Tuesday night, the consequences were a little embarrassing. The Lion Chief dispatched the Tail Twister and a Constable to his house to bring him in. In fact that Jack had retired early (in his new flowered nightgown) didn't deter the tail twister and constable from carrying out their directions. As a consequence Jack duly arrived at the meeting (nightgown and all) and to the amusement of his fellow Lions and not a little embarrassment to himself, he served the entire community. Every one should be able to share in the benefits it might offer. It would be grossly unfair, however, if the obligation fell to those who are always willing to put their shoulder to the wheel to better the community. This is an undertaking that must have the support of everyone.

We don't think there is much doubt but that the majority of people in the Jarvis community want a new community hall. We are wondering however, if the majority of the people
